Shadow Divers:

Shadow Divers Robert Kurson, 2005-05-24 New York Times Bestseller In the tradition of Jon Krakauer's *Into Thin Air* and Sebastian Junger's *The Perfect Storm* comes a true tale of riveting adventure in which two weekend scuba divers risk everything to solve a great historical mystery and make history themselves For John Chatterton and Richie Kohler deep wreck diving was more than a sport Testing themselves against treacherous currents braving depths that induced hallucinatory effects navigating through wreckage as perilous as a minefield they pushed themselves to their limits and beyond brushing against death more than once in the rusting hulks of sunken ships But in the fall of 1991 not even these courageous divers were prepared for what they found 230 feet below the surface in the frigid Atlantic waters sixty miles off the coast of New Jersey a World War II German U boat its ruined interior a macabre wasteland of twisted metal tangled wires and human bones all buried under decades of accumulated sediment No identifying marks were visible on the submarine or the few artifacts brought to the surface No historian expert or government had a clue as to which U boat the men had found In fact the official records all agreed that there simply could not be a sunken U boat and crew at that location Over the next six years an elite team of divers embarked on a quest to solve the mystery Some of them would not live to see its end Chatterton and Kohler at first bitter rivals would be drawn into a friendship that deepened to an almost mystical sense of brotherhood with each other and with the drowned U boat sailors former enemies of their country As the men's marriages frayed under the pressure of a shared obsession their dives grew more daring and each realized that he was hunting more than the identities of a lost U boat and its nameless crew Author Robert Kurson's account of this quest is at once thrilling and emotionally complex and it is written with a vivid sense of what divers actually experience when they meet the dangers of the ocean's underworld The story of *Shadow Divers* often seems too amazing to be true but it all happened two hundred thirty feet down in the deep blue sea

Shadow Divers Robert Kurson, 2005-06-30 A gripping true story of one of the last mysteries of World War II comparisons with *THE PERFECT STORM* are not out of place The Sunday Times February 1945 The war is almost over and Britain and America rule the waves To enlist for a German U boat is suicidal But sixty young Nazi soldiers choose to enter the cramped underwater conditions of the U 869 for the most difficult mission of all to reach and then bomb the coast of America Several weeks later the boat barely has enough fuel to make it home and radio links with Germany are broken The commander Neuerberg must make a tough decision to carry on to America and risk death in the pursuit of glory or to admit defeat and return home Driven by pride patriotism and determination he decides to risk it June 1991 A group of deep sea divers hear about the wreck of a U boat 260 feet beneath the sea There are virtually no records of the Nazi submarine and an on location investigation is extremely dangerous But twelve divers decide to take the risk Over the next six years they eventually piece together an incredible story In the process three of the divers die marriages collapse and history is made and Richie Kohler pushed its limits This is a beautifully written dramatic book about one of the greatest

of human traits the resolve people find in moments of deepest peril Shadow Divers Robert Kurson,2005 Recounts the 1991 discovery of a sunken German U boat by two recreational scuba divers tracing how they devoted the following six years to researching the identities of the submarine and its crew correcting historical texts and breaking new grounds in the world of diving along the way Reprint *Shadow Divers* Robert Kurson,2005-05-03 Recounts the 1991 discovery of a sunken German U boat by two recreational scuba divers tracing how they devoted the following six years to researching the identities of the submarine and its crew correcting historical texts and breaking new grounds in the world of diving along the way Shadow Divers Robert Kurson,2009-07-01 A novel for secondary school English classes with great writing and important themes Shadow Divers Robert Kurson,2005-03 The gripping true story about the discovery in 1991 of a shipwrecked U Boat off the coast of New Jersey and the ensuing life threatening diving operation to solve the mystery of the submarine s identity **Summary of Robert Kurson's Shadow Divers** Everest Media,2022-04-30T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 Brielle New Jersey is the place where the boat captains and fishermen live It is also the place where the hangers on and wannabes and also rans keep believing in the sea 2 Nagle s area of expertise was the New York and New Jersey shipping lanes which saw a lot of traffic in the 1970s and 1980s The wrecks there rarely yielded treasure but they often yielded stories that fascinated Nagle 3 Deep wreck divers like Nagle had to brave the unknown depths of the ocean floor They had to discover all of their discoveries by themselves without any maps or directions 4 The Andrea Doria was the Mount Everest of shipwrecks It was not a typical target for Nagle since her location was widely known and she had been explored by divers since the day after her sinking But the Doria made siren calls to great wreck divers *Where Divers Dare* Randall Peffer,2016-04-05 On April 16 1944 the tanker SS Pan Pennsylvania was torpedoed and sunk by the U 550 In return the sub was sent to the bottom by three destroyer escorts which were guarding the convoy For more than 60 years the location of the U boat s wreck eluded divers In 2012 a team found it This was the last undiscovered U boat in diveable waters more than three hundred feet below the surface This is the story of their 20 year quest to find the Holy Grail of deep sea diving and the tenacious efforts to dive on this treacherous wreck

Shadow Divers Film Tie-in Special Edition Robert Kurson,2009-11 **Shadow Divers Exposed** Gary Gentile,2006-01-01 The U 869 was one of more than 1 200 U boats that were constructed for the Nazi war machine It was sunk off the American eastern seaboard by a combination hedgehog and depth charge attack There were no survivors to tell the tragic tale Now for the first time the real saga of the U 869 can be told in full Archival documents have established that the U boat was sunk by two American destroyer escorts Seven crewmembers of those aggressive warships have supplemented the official record with their personal recollections *Shadow Divers Exposed* works on a multitude of levels It presents the actual circumstances that surrounded the loss of the U 869 It puts the discovery of the U 869 into perspective with other U boats that have been found in American waters It provides an overview of the U boat war through accounts of other U boat losses And it corrects

some of the gross errors wild exaggerations and deliberate distortions that filled the pages of Shadow Divers The author interviewed a number of witnesses whose testimony contradicted the theatrical plot and boastful embellishments that formed the essential ingredients of Shadow Divers Some of these witnesses actually performed the deeds for which the chosen protagonists of Shadow Divers were given credit These witnesses disputed many of the fictitious elements that ran rampant through the pages of Shadow Divers By means of forensic analyses of shipwreck collapse torpedo mechanics and U boat survivors accounts the present volume explains why the U 869 could not have been sunk by a circular run of its own torpedo as Shadow Divers had its uninformed readers believe
