Shadows On The Green:

Shadows of the Men with Green Faces Richard Kimball, 2011-09-06 Many men and women went to Vietnam with the hope of fulfilling the promise they made to defend their country The adversities and discouragement awaiting them made it difficult to keep that promise Staying true to their commitment made them all heroes These gallant men and women must never be forgotten To forget them would mean their sacrifices were in vain

Shadows Roberto Casati, 2004-08-10 In this original wide ranging and endlessly thought provoking work of popular nonfiction a leading science writer uncovers the pervasive presence of shadows in our world For Plato shadows were the symbol of our limitations For Galileo they knocked the Earth from the center of the cosmos They are a source of fear and a symbol of ignorance and they loom large in art and design mythology and folklore physics and metaphysics and architecture and urban planning From shadows puppets and the psychology of shadows to the role of shadows in astronomy and the influence of shadows on the architectural profiles of our cities Roberto Casati awakens our fascination in this tour de force of investigation and imagination
