Where the Mountain Casts Its Shadow Maria Coffey, 2024-06-04 Maria Coffey's Where the Mountain Casts Its Shadow is a powerful affecting and important book that exposes the far-reaching personal costs of extreme adventure Without risk say mountaineers there would be none of the self-knowledge that comes from pushing life to its extremes For them perhaps it is worth the cost But when tragedy strikes what happens to the people left behind Why would anyone choose to invest in a future with a high altitude risk taker What is life like in the shadow of the mountain Such questions have long been taboo in the world of mountaineering Now the spouses parents and children of internationally renowned climbers finally break their silence speaking out about the dark side of adventure Maria Coffey confronted one of the harshest realities of mountaineering when her partner Joe Tasker disappeared on the Northeast Ridge of Everest in 1982

In *Where the Mountain Casts Its Shadow* Coffey offers an intimate portrait of adventure and the conflicting beauty passion and devastation of this alluring obsession Through interviews with the world's top climbers or their widows and families Jim Wickwire Conrad Anker Lynn Hill Joe Simpson Chris Bonington Ed Viesturs Anatoli Boukreev Alex Lowe and many others she explores what compels men and women to give their lives to the high mountains She asks why despite the countless tragedies the world continues to laud their exploits With an insider's understanding Coffey reveals the consequences of loving people who pursue such risk the exhilarating highs and inevitable lows the stress of long separations the constant threat of bereavement and the lives shattered in the wake of climbing accidents

Keir Graff Eric Heidle LeDoux Hansen Antonia Malchik Allen Morris Jones Montana Best Books on,1949 compiled and written by the Federal Writers Project of the Works Projects Administration for the State of Montana sponsored by the Department of Agriculture Labor and Industry State of Montana 1st ed *The Shadow Within* Lynette Tait,2017-07-27 The novel *The Shadows Within* by Lynette Tait is aptly named in that it deals with the manic and depressing effects of bipolar disorder It is most enlightening and should be of great value to those suffering from the disorder as well as to those indirectly influenced lovers friends or relatives This can result in a greater understanding of the disorder and contribute to support and encourage empathy toward victims of this disorder This disorder is interwoven in a gripping plot that includes drug smuggling and murder A sense of levity is brought to the telling and this contributes to the book being enjoyable and gripping The spiritual aspects of the story deviate from conventional trends in religion and this spirituality is sufficiently flexible to accommodate a variety of personal religious beliefs Central to this spirituality is a very obvious need experienced by the author a need to acknowledge the existence of a greater power The author submits herself to his hand in her life and experiences a great surge of gratitude The plot is a frenetic roller coaster that culminates in a violent twist in the tale The authors will to overcome results in her main character being portrayed as a super woman capable of surmounting all challenges and obstacles This journey into the shadows is not for the fainthearted **Pass the Butterworms** Tim Cahill,2011-03-30 In *Pass the Butterworms* Cahill takes us to the steppes of Mongolia where he spends weeks on horseback alongside the descendants of Genghis Khan and masters the Mongolian death trot to the North Pole where he goes for a pleasure dip in 36 degree water to Irian Jaya New Guinea where he spends a companionable evening with members of one of the last head hunting tribes Whether observing family values among the Stone Age Dani people or sampling delicacies like sautéed sago beetle and premasticated manioc beer Cahill is a fount of arcane information and a master of self deprecating humor **Shadow Over the Land** D. G. Alderton,2022-04-26 This is a journey to a time when the eastern half of what would become known as the United States was being transformed by the settlers there The western half was still relatively unknown This story takes an imagined look at the affairs of some of the native tribes that inhabited the northwestern part of this country primarily the Nez Perce people I take some historical facts and go back in time from there with a tale of adventure romance and revenge I work this tale back toward that point of history It being a pristine land with wide open possibilities that one's imagination could very much appreciate Where we can consider the goals desires and struggles of such a place and time and the interactions with nature and a focus on their horse culture that they gave their wholehearted attention to Come with me and enter that place and time for what I believe will be a pleasant distraction from the cares of now which we all find ourselves There is some violence depicted but it is not intended to incite anyone to any violence of any kind In the Shadow of Mountains Shirley Timpson,2022-07-19 Moving from the 1936 Olympics in Berlin to Alberta in the 1970s this is a story of two women whose lives and loves parallel each other through out different generations Each has had

to deal with betrayal and vengeance and the fate of the senior character has left the younger woman enormously wealthy The source of this money and all that it entails is a narrative that is unraveled as the time line progresses While not an historical novel it gives a glimpse from a personal perspective of the evil that overtook Germany prior to the Second World War It also displays the dynamics of multi generational small Canadian town The story is packed with characters historical and modern and the two time periods weave together at a steady pace
