Shadows Of Light And Dark:

Shadows of Light and Dark Jo Fletcher, 1998 *We Are Beings of Light and Dark: A Philosophical and Spiritual Explanation of the Meanings of Life* Cheryl Boudreaux, 2023-01-03 Do you wonder Do you have big existential questions about your life and life in general Do you wonder about the meaning of life and why we are here This story is written as a meditation and thought exercise We follow two main characters as they explore the meaning of life One character is a tiny blue speck in the vastness of the universe and the other is a human woman one of the many smaller entities that live within the tiny blue speck which itself lives within another and so on infinitely There is a synchronicity established as we see that the experience of the human woman mirrors on her level the experiences of the tiny blue speck which is intelligent at the cellular level We humans may in fact be cells in another larger more intelligent body Philosophy is explored as Amber looks for meaning while fulfilling assignments in her college philosophy class The book explores the idea of as above so below and the meaning of our existence by following the internal emotional view and the external practical view through the various colorful emotions of the rainbow There is an exploration of the chakras and their healthiest meanings as well as an exploration of travels through the stages of grief as one of the main characters a college student has loss both of her parents in an accident and has to come to an understanding about life and love and connection Understanding darkness and Shadow is an essential part of understanding the meaning of life Both characters the woman and the cell of light feels alone and on a mission of discovery One character voluntarily leaves the collective glow while the other is left alone by the death of her parents The major lesson is one of connection to one or more other beings We connect by finding joy sharing it and by realizing experiencing and accepting the joy of connection with all of existence Darkness and light are part of the same river seen from different perspectives We are drops of light and color in a vast river of light with no beginning and no end We are the glow The several major pieces of the writer s artwork included evokes the same kinds of meditative thoughtful frame of mind in pursuit of meaning You are invited to kick your feet up and explore one verse one picture and one emotion at a time Enjoy [Character Costume Figure Drawing](#) Huaixiang Tan, 2010 This guide will improve your drawing skills and costume renderings Step by step visuals illustrate the how to s of drawing body parts costumes accessories faces children and more
