## **Shahids Islam And Suicide Attacks:**

**The Shahids** Shaul Shay, The Shahids analyzes the general phenomenon of Islamic suicide attacks and provides the reader with tools comparative analyses and comprehensive information enabling enlightened examination about suicide attacks worldwide It explores the possibilities and recommendations for an international struggle against suicide attacks through the implementation of recently published innovative ideas proposed by UN organizations Amnesty International and Human Rights Watch BOOK JACKET **The Shahids** Shaul Shay,2017-10-12 Suicide terror has become a fundamental strategic weapon in the confrontation between Fundamentalist Islam and its adversaries and now constitutes a threat to world welfare and security The Shahids proposes that the nature of this terror changed after the attacks on the World Trade Center on September 11 In this first book to be published on the subject the author offers both an interpretation and an overall picture of a worldwide phenomenon that is not yet fully recognized even in Israel which remains a central arena for the perpetration of suicide attacks by terror organizations The Shahids analyzes the general phenomenon of Islamic suicide attacks and provides the reader with tools comparative analyses and comprehensive information enabling enlightened examination about suicide attacks worldwide After a review of the historical development of the religious and ideological values legitimating suicide attacks the volume explores the ways in which all terror organizations are both alike and different It focuses on the countries that support terror Iraq Iran and Saudi Arabia discusses suicide attacks perpetrated by women and the suicide attackers mothers and shows how various countries have put an end to suicide attacks It scrutinizes testimony drawn from confiscated documents regarding the approach of terror leaders and the administrative support of various organizations for suicide attacks while offering descriptions and direction on ways to contend with this challenge It explores the possibilities and recommendations for an international struggle against suicide attacks through the implementation of recently published innovative ideas proposed by UN Organizations Amnesty International and Human Rights Watch The Shahids maps out the overall phenomenon of suicide attacks as well as identifies various organizations and central key figures through comparative cross sections , *Targeted Killings, Law and Counter-Terrorism Effectiveness* Ophir Falk,2020-06-01 This book examines the permissibility and effectiveness of targeted killing in campaigns against terror Targeted killing has become a primary counterterrorism measure used by several countries in their confrontation with lethal threats The practice has been extensively used by the US in Afghanistan Iraq Pakistan Yemen and Somalia and by Israel in the West Bank and Gaza Several studies have already explored the difficult balance between achieving security while maintaining the liberties and rights of a country s civilians This book goes a step further by seeking to examine whether maintaining those liberties by complying with legal standards and minimizing unintended deaths can be more effective for national security Using targeted killing applied by Israel in particular as well as the United States during the first decade of the twenty first century as case studies this book explores that question and ultimately assesses whether compliance with

legal standards can strengthen a state in its campaign against terrorism and thus provide stronger security The book focuses on civilian related criteria hypothesizing that minimizing civilian casualties will maximize effectiveness in an asymmetric war setting The conclusions are not limited to a specific tactic or theater and if adopted might have far reaching implications for how asymmetric warfare is strategized This book will be of much interest to students of counter terrorism law Middle

Eastern studies and security studies      **Suicide Terrorism** Ami Pedahzur,2005 Over the last quarter of a century terrorist attacks have become a major threat to the governments and citizens of many countries This title looks at the root causes of suicide terrorism and its rapid proliferation in recent years      Root Causes of Suicide Terrorism Ami Pedahzur,2006-09-27

The book offers different theoretical and methodological approaches to the understanding of the root causes of suicide attacks      **The Oxford Handbook of Religion and Violence** Mark Juergensmeyer,Margo Kitts,Michael K.

Jerryson,2015-11 Violence has always played a part in the religious imagination from symbols and myths to legendary battles from colossal wars to the theater of terrorism The Oxford Handbook of Religion and Violence surveys intersections between religion and violence throughout history and around the world The forty original essays in this volume include overviews of major religious traditions showing how violence is justified within the literary and theological foundations of the tradition how it is used symbolically and in ritual practice and how social acts of violence and warfare have been justified by religious ideas The essays also examine patterns and themes relating to religious violence such as sacrifice and martyrdom which are explored in cross disciplinary or regional analyses and offer major analytic approaches from literary to social scientific studies The contributors to this volume innovative thinkers who are forging new directions in theory and analysis related to religion and violence provide novel insights into this important field of studies By mapping out the whole field of religion and violence The Oxford Handbook of Religion and Violence will prove an authoritative source for students and scholars for years to come      *The Myth of Martyrdom* Adam Lankford,2013 Adam Lankford looks at the motivation of suicide bombers and other rampage killers

Americans at War James R. Arnold,2018-05-18 This unprecedented compilation of eyewitness accounts records the thoughts and emotions of American soldiers spanning nearly 250 years of national history from the American Revolution to the Afghanistan War Understanding primary sources is essential to understanding warfare This outstanding collection provides a diverse set of eyewitness accounts of Americans in combat throughout U S history Offering riveting true stories it includes accounts from participants in the American Revolution the War of 1812 the Indian Wars the Mexican American War the Civil War the Spanish American War and Philippine Insurrection World War I World War II the Korean War the Vietnam War The Persian Gulf War the Afghanistan War and the Iraq War Most eyewitness accounts of war currently available to the public are those of writers who enjoy higher military rank Americans at War addresses this imbalance between officers accounts and enlisted men s accounts by invoking oral history archives Contextual essays and timelines allow the reader to place the accounts in time and place while the entries themselves allow the reader to

experience the thoughts and emotions of Americans who engaged in combat      *Terronomics* Sean S. Costigan, David Gold, 2016-03-16 Today no single issue dominates the global political landscape as much as terrorism Aware of their unique position in the newly unipolar world terrorist leaders have articulated that economic warfare is a key component of the new terrorist agenda Governments have accentuated the role of economic tools in their counter terrorism policies while maintaining emphasis on the application of military force or hard power even though such tools often prove unnecessarily blunt or even sorely inadequate Given the complexity of the global threat posed by modern transnational terrorist groups combating terrorism with a mix of hard and soft power is more important than ever As an invaluable new book in terrorism studies *Terronomics* brings together contributions from renowned international scholars and practitioners to provide a multifaceted view of contemporary financial counterterrorism and terrorist funding efforts It employs key concepts terms case studies and policy recommendations to advance our understanding of the threats and possible courses of action thus enabling us to grasp the critical financial and economic issues while providing potential counterterrorist strategies
