The Methuen Drama Handbook of Interculturalism and Performance explores ground breaking new directions and critical discourse in the field of intercultural theatre and performance while surveying key debates concerning interculturalism as an aesthetic and ethical series of encounters in theatre and performance from the 1960s onwards The handbook's global coverage challenges understandings of intercultural theatre and performance that continue to prioritise case studies emerging primarily from the West and executed by elite artists By building on a growing field of scholarship on intercultural theatre and performance that examines minoritarian and grassroots work the volume offers an alternative and multi vocal view of what interculturalism might offer as a theoretical keyword to the future of theatre and performance studies while also contributing an energized reassessment of the vociferous debates that have long accompanied its critical and practical usage in a performance context By exploring anew what happens when interculturalism and performance intersect as embodied practice The Methuen Drama Handbook of Interculturalism and Performance offers new perspectives on a seminal theoretical concept still as useful as it is controversial Featuring a series of indispensable research tools including a fully annotated bibliography this is the essential scholarly handbook for anyone working in intercultural theatre and performance and performance studies **Filming Shakespeare in the Global Marketplace** M. and transdisciplinary perspective and its international scope this book brings new insights into Shakespeare's selling power Shakespeare as the object of advertising and Shakespeare as part of the advertising vehicle in relation to a range of crucial cultural ideological and political issues The Oxford Companion to Shakespeare Michael Dobson, Stanley Wells, Will Sharpe, Erin Sullivan, 2015-10-15 The Oxford Companion to Shakespeare is the most comprehensive reference work available on Shakespeare's life times works and his 400 year global legacy In addition to the authoritative A Z entries it includes nearly 100 illustrations a chronology a guide to further reading a thematic contents list and special feature entries on each of Shakespeare's works Tying in with the 400th anniversary of Shakespeare's death this much loved Companion has been revised and updated reflecting developments and discoveries made in recent years and to cover the performance interpretation and the influence of Shakespeare's works up to the present day First published in 2001 the online edition was revised in 2011 with updates to over 200 entries plus 16 new entries These online updates appear in print for the first time in this second edition along with a further 35 000 new and revised words These include more than 80 new entries ranging from important performers directors and scholars such as Lucy Bailey Samuel West and Alfredo Michel Modenessi to topics as diverse as Shakespeare in the digital age and the ubiquity of plants in Shakespeare's works to the interpretation of Shakespeare globally from Finland to Iraq To make information on Shakespeare's major works easier to find the feature entries have been grouped and placed in a centre section fully cross referenced from the A Z The thematic listing of entries described in the press as an invaluable panorama of the contents has been updated to include all of the new entries This edition contains a preface written by much lauded Shakespearian actor Simon Russell Beale Full of both entertaining trivia and scholarly detail this authoritative Companion will delight the browser and reward students academics as well as anyone wanting to know more about Shakespeare The English Renaissance and the Far East Adele Lee, 2017-10-25 The English Renaissance and the Far East Cross Cultural Encounters is an original and timely examination of cultural encounters between Britain China and Japan It challenges accepted Anglocentric models of East West relations and offers a radical reconceptualization of the English Renaissance suggesting it was not so different from current developments in an increasingly Sinocentric world and that as China in particular returns to a global center stage that it last occupied pre 1800 a curious and overlooked synergy exists between the early modern and the present Prompted by the current eastward tilt in global power in particular towards China Adele Lee examines cultural interactions between Britain and the Far East in both the early modern and postmodern periods She explores how key encounters with and representations of the Far East are described in early modern writing and demonstrates how work of that period particularly Shakespeare has a special power today to facilitate encounters between Britain and East Asia Readers will find the past illuminating the present and vice versa in a book that has at its heart resonances between Renaissance and present day cultural exchanges and which takes a cyclical long view of history to offer a new innovative approach to a subject of contemporary importance
