

Shakespeare Jonson And The Myth Of Venice

Stanley Wells

Shakespeare Jonson And The Myth Of Venice:

Shakespeare, Jonson, and the Myth of Venice David C. McPherson, 1990 This work outlines the bright and dark sides of the Myth of Venice dwelling on four aspects Venice the Rich Venice the Wise Venice the Just and Venezia citta galante After describing the channels through which Shakespeare and Jonson could have become aware of this myth this work uses it to generate new understandings of the Merchant of Venice Othello and Volpone Shakespeare, Politics, and Italy Michael J. Redmond, 2016-04-01 The use of Italian culture in the Jacobean theatre was never an isolated gesture In considering the ideological repercussions of references to Italy in prominent works by Shakespeare and his contemporaries Michael J Redmond argues that early modern intertextuality was a dynamic process of allusion quotation and revision Beyond any individual narrative source Redmond foregrounds the fundamental role of Italian textual precedents in the staging of domestic anxieties about state crisis nationalism and court intrigue By focusing on the self conscious overt rehearsal of existing texts and genres the book offers a new approach to the intertextual strategies of early modern English political drama The pervasive circulation of Cinquecento political theorists like Machiavelli Castiglione and Guicciardini combined with recurrent English representations of Italy to ensure that the negotiation with previous writing formed an integral part of the dramatic agendas of period plays **Shakespeare and the Culture of Paradox** Peter G. Platt, 2016-04-01 Exploring Shakespeare's intellectual interest in placing both characters and audiences in a state of uncertainty mystery and doubt this book interrogates the use of paradox in Shakespeare's plays and in performance By adopting this discourse one in which opposites can co exist and perspectives can be altered and one that asks accepted opinions beliefs and truths to be reconsidered Shakespeare used paradox to question love gender knowledge and truth from multiple perspectives Committed to situating literature within the larger culture Peter Platt begins by examining the Renaissance culture of paradox in both the classical and Christian traditions He then looks at selected plays in terms of paradox including the geographical site of Venice in Othello and The Merchant of Venice and equity law in The Comedy of Errors Merchant and Measure for Measure Platt also considers the paradoxes of theater and live performance that were central to Shakespearean drama such as the duality of the player the boy actor and gender and the play audience relationship in the Henriad Hamlet As You Like It Twelfth Night Antony and Cleopatra The Winter's Tale and The Tempest In showing that Shakespeare's plays create and are created by a culture of paradox Platt offers an exciting and innovative investigation of Shakespeare's cognitive and affective power over his audience *Italian Culture in the Drama of Shakespeare and His Contemporaries* Michele Marrapodi, 2016-12-05 Applying recent developments in new historicism and cultural materialism along with the new perspectives opened up by the current debate on intertextuality and the construction of the theatrical text the essays collected here reconsider the pervasive influence of Italian culture literature and traditions on early modern English drama The volume focuses strongly on Shakespeare but also includes contributions on Marston Middleton Ford Brome Aretino and

other early modern dramatists The pervasive influence of Italian culture literature and traditions on the European Renaissance it is argued here offers a valuable opportunity to study the intertextual dynamics that contributed to the construction of the Elizabethan and Jacobean theatrical canon In the specific area of theatrical discourse the drama of the early modern period is characterized by the systematic appropriation of a complex Italian iconology exploited both as the origin of poetry and art and as the site of intrigue vice and political corruption Focusing on the construction and the political implications of the dramatic text this collection analyses early modern English drama within the context of three categories of cultural and ideological appropriation the rewriting remaking and refashioning of the English theatrical tradition in its iconic thematic historical and literary aspects

Shakespeare Survey Stanley Wells, 2002-11-28 The first fifty volumes of this yearbook of Shakespeare studies are being reissued in paperback

Shakespeare and the Admiral's Men Tom Rutter, 2017-01-16 For most of the 1590s the Admiral's Men were the main competitors of Shakespeare's company in the London theatres Not only did they stage old plays by dramatists such as Christopher Marlowe and Thomas Kyd their playwrights invented the genres of humours comedy with *An Humorous Day's Mirth* and city comedy with *Englishmen for My Money* while other new plays such as *A Knack to Know an Honest Man* and *The Downfall of Robert Earl of Huntingdon* were important influences on Shakespeare This is the first book to read the Admiral's repertory against Shakespeare's plays of the 1590s showing both how Shakespeare drew on their innovations and how his plays influenced Admiral's dramatists in turn Shedding new light on well known plays and offering detailed analysis of less familiar ones it offers a fresh perspective on the dramatic culture of the 1590s

William Shakespeare's Othello Andrew Hadfield, 2005-11-16 This volume is a broad ranging guide to *Othello* providing an introduction to the contexts of the play the range of critical responses to the play and the play in performance

Shakespeare and Renaissance Politics Andrew Hadfield, 2014-03-20 Shakespeare like many of his contemporaries was concerned with the question of the succession and the legitimacy of the monarch From the early plays through the histories to *Hamlet* Shakespeare's work is haunted by the problem of political legitimacy

Shakespeare's Legal Ecologies Kevin Curran, 2017-05-15 Shakespeare's *Legal Ecologies* offers the first sustained examination of the relationship between law and selfhood in Shakespeare's work Taking five plays and the sonnets as case studies Kevin Curran argues that law provided Shakespeare with the conceptual resources to imagine selfhood in social and distributed terms as a product of interpersonal exchange or as a gathering of various material forces In the course of these discussions Curran reveals Shakespeare's distinctly communitarian vision of personal and political experience the way he regarded living thinking and acting in the world as materially and socially embedded practices At the center of the book is Shakespeare's fascination with questions that are fundamental to both law and philosophy What are the sources of agency What counts as a person For whom am I responsible and how far does that responsibility extend What is truly mine Curran guides readers through Shakespeare's responses to these questions paying careful attention to both historical and intellectual contexts The

result is a book that advances a new theory of Shakespeare's imaginative relationship to law and an original account of law's role in the ethical work of his plays and sonnets. Readers interested in Shakespeare theater and philosophy, law and the history of ideas will find Shakespeare's Legal Ecologies to be an essential resource.

Shakespeare And Renaissance Europe Andrew Hadfield, 2014-05-13 This collection of essays explores the diverse ways in which Shakespeare and his contemporaries experienced and imagined Europe. The book charts the aspects of European politics and culture which interested Renaissance travellers, thus mapping the context within which Shakespeare's plays with European settings would have been received. Chapters cover the politics of continental Europe, the representation of foreigners on the English stage, the experiences of English travellers abroad, Shakespeare's reading of modern European literature, the influence of Italian comedy, his presentation of Moors from Europe's southern frontier and his translation of Europe into settings for his plays.

As recognized, adventure as with ease as experience approximately lesson, amusement, as skillfully as arrangement can be gotten by just checking out a book **Shakespeare Jonson And The Myth Of Venice** after that it is not directly done, you could believe even more concerning this life, re the world.

We give you this proper as with ease as easy artifice to get those all. We have enough money Shakespeare Jonson And The Myth Of Venice and numerous books collections from fictions to scientific research in any way. in the midst of them is this Shakespeare Jonson And The Myth Of Venice that can be your partner.
