Shakespeare On Leadership

Frederick Talbott

Shakespeare On Leadership:

Shakespeare on Management Paul Corrigan, 2000 A look at the psychology of greatness using classic Shakespearian characters Paul Corrigan shows how through his plays Shakespeare demonstrates the different roles a leader can take and the different skills those leaders need **Shakespeare on Leadership** Frederick Talbott, 1994 An ingenious combination of William Shakespeare's classic quotations and a commentary on today's leadership principles The perfect gift for busy executives managers parents teachers and anyone in a leadership role here is a great source of inspiration and insight in bite sized form **Leadership Lessons from Shakespeare's Plays** GRK Murty, 2019-09-12 Whatsoever a great man does the same is done by others as well says the Bhagavadgītā Shakespeare is one of such great men He decocted man's cosmic world into his plays and his characters display greatness along with humility and frailty His plays which so lucidly articulate the hidden process of interiority of the protagonists are a living force even today The problems that they portray and the consequences that they map are not dissimilar to those that the leaders of today's businesses encounter Today's leaders are of course equipped with better tools to manage these but they may not be superior to the spiritual depth or moral strength that we experience in these classics In a refreshing approach this book delineates theories of leadership and management through the characters and the themes of the Bard's plays contextualizing their infinite variety to the concepts being expounded in today's business environment *Some Achieve Greatness* John Bell, 2021-05-04 How are we to endure this global leadership drought There's a reason we often use the word Shakespearean to describe dramatic times William Shakespeare is our best analyst of human behaviour and motivation A man well acquainted with turmoil he produced works bristling with wit profound empathy and a deep understanding of the best and worst of our nature His words still ring with relevance today they might just contain some of the answers we're looking for Australians are weary of the farcical spectacle of mid term prime ministers being shoved through the revolving door scandalous failures of governance in financial institutions and the moral abyss in Church stewardship Throughout the mess of Brexit chaotic unpredictability of the Trump administration and Covid 19 the gravest leadership challenge since World War II stable reliable sensible leadership has been in short supply Having spent a great deal of the last seventy something years studying performing and directing Shakespeare's plays John Bell has absorbed timeless lessons in life character and leadership from the Bard and put these to good use running two successful theatre companies *Some Achieve Greatness* presents invaluable lessons to help us navigate this unpredictable time Some are born great some achieve greatness and some have greatness thrust upon em Should be mandatory reading for all our leaders and aspiring leaders David Williamson John Bell on Shakespeare is always riveting but John Bell on Shakespeare through the lens of leadership is a revelation Packed with insights this is inspirational reading for anyone who aspires to be an effective leader and anyone who wants to understand why so many leaders fail while others prevail Hugh Mackay Poetical profound and practical leadership advice from the Bard and the Bell It just doesn't get better

than this Jane Caro *Power Plays* John O. Whitney, Tina Packer, 2002-05-30 The issues fueling the intricate plots of Shakespeare's four hundred year old plays are the same common yet complex issues that business leaders contend with today And as John Whitney and Tina Packer so convincingly demonstrate no one but the Bard himself can penetrate the secrets of leadership with such piercing brilliance Let him instruct you on the issues that managers face every day *Power* Richard II's fall from power can enlighten us *Trust* Draw on the experiences of King Lear and Othello *Decision* Hamlet illustrates the dos and don'ts of decision making *Action* See why Henry IV was effective and Henry VI was not Whitney and Packer do not simply compare Shakespeare's plays with management techniques instead they draw on their own wealth of business experience to show us how these essential Shakespearean lessons can be applied to modern day challenges *Power Plays* infuses the world of business with new life and plenty of drama *William Shakespeare and 21st-Century Culture, Politics, and Leadership* Kristin M.S. Bezio, Anthony P. Russell, 2021-04-30 William Shakespeare and 21st Century Culture Politics and Leadership examines problems challenges and crises in our contemporary world through the lens of William Shakespeare's plays one of the best known most admired and often controversial authors of the last half millennium **The Leadership of Shakespeare** Allen Davenport, 1908 *Some Achieve Greatness* John Bell, 2021-06-02 How are we to endure this global leadership drought There's a reason we often use the word Shakespearean to describe dramatic times William Shakespeare is our best analyst of human behaviour and motivation A man well acquainted with turmoil he produced works bristling with wit profound empathy and a deep understanding of the best and worst of our nature His words still ring with relevance today they might just contain some of the answers we're looking for Australians are weary of the farcical spectacle of mid term prime ministers being shoved through the revolving door scandalous failures of governance in financial institutions and the moral abyss in Church stewardship Throughout the mess of Brexit chaotic unpredictability of the Trump administration and Covid 19 the gravest leadership challenge since World War II stable reliable sensible leadership has been in short supply Having spent a great deal of the last seventy something years studying performing and directing Shakespeare's plays John Bell has absorbed timeless lessons in life character and leadership from the Bard and put these to good use running two successful theatre companies *Some Achieve Greatness* presents invaluable lessons to help us navigate this unpredictable time Some are born great some achieve greatness and some have greatness thrust upon em WILLIAM SHAKESPEARE TWELFTH NIGHT *The Shakespeare User* Valerie M. Fazel, Louise Geddes, 2017-09-26 This innovative collection explores uses of Shakespeare in a wide variety of 21st century contexts including business manuals non literary scholarship database aggregation social media gaming and creative criticism Essays in this volume demonstrate that users critical and creative uses of the dramatist's works position contemporary issues of race power identity and authority in new networks that redefine Shakespeare and reconceptualize the ways in which he is processed in both scholarly and popular culture While *The Shakespeare User* contributes to the burgeoning corpus of critical works on digital and Internet

Shakespeare's this volume looks beyond the study of Shakespeare artifacts to the system of use and users that constitute the Shakespeare network. This reticular understanding of Shakespeare use expands scholarly forays into non-academic practices, digital discourse communities, and creative critical works manifest via YouTube, Twitter, blogs, databases, websites, and popular fiction.
