Shakespeare Spenser Donne Renaissance Essays

Donald Stump

Shakespeare Spenser Donne Renaissance Essays:

Shakespeare, Spenser, Donne Frank Kermode, 2005 This collection of essays discusses some of the central works and areas of literature in the Renaissance period of cultural history **Shakespeare, Spenser, Donne** Frank KERMODE, 1971

A Critical Companion to Spenser Studies Bart Van Es, 2005-11-30 This book provides an authoritative guide to debate on Elizabethan England's poet laureate. It covers key topics and provides histories for all of the primary texts. Some of today's most prominent Spenser scholars offer accounts of debates on the poet from the Renaissance to the present day. Essential for those producing new research on Spenser *Contemporary Literary Critics* NA NA, 2015-12-25 A reference guide to the

work of 115 modern British and American critics **Spenser's Forms of History** Bart Van Es, 2002 In Spenser's Forms of History Bart van Es describes six modes through which Early Modern England addressed the past: chronicle, chorography, antiquarian discourse, euhemerism, typology, and prophecy. By setting this material alongside the works of Edmund Spenser, the book explores allusive strategies ranging in effect from eulogy to polemic. Key Spenserian texts including *The Faerie Queene*, *The Shepheardes Calendar*, and *A View of the Present State of Ireland* are read against Elizabethan cultural documents extending from popular print to restricted manuscripts. Over the course of six chapters, each focusing on a single form, the book shows Spenser to have been an exceptional historical thinker. Drawing on recent studies of nationhood, the study not only offers a new picture of the English Poet Historical but also makes an innovative contribution to current debates concerning the relationship between literature and history **Spenser's Heavenly Elizabeth** Donald

Stump, 2019-11-07 This book reveals the queen behind Edmund Spenser's *The Faerie Queene*. Placing Spenser's epic poem in the context of the tumultuous sixteenth century, Donald Stump offers a groundbreaking reading of the poem as an allegory of Elizabeth I's life. By narrating the loves and wars of an Arthurian realm that mirrors Elizabethan England, Spenser explores the crises that shaped Elizabeth's reign: her break with the pope to create a reformed English Church, her standoff with Mary Queen of Scots, offensives against Irish rebels and Spanish troops, confrontations with assassins and foreign invaders, and the apocalyptic expectations of the English people in a time of national transformation. Brilliantly reconciling moral and historicist readings, this volume offers a major new interpretation of *The Faerie Queene* *Samuel Johnson After 300 Years*

Greg Clingham, Philip Smallwood, 2009-05-28 To mark the tercentenary of Samuel Johnson's birth in 2009, the specially commissioned essays contained here review his scholarly reputation. An international team of experts reflects authoritatively on the various dimensions of literary, historical, critical, and ethical life touched by Johnson's extraordinary achievement. The volume distinctively casts its net widely and combines consistently innovative thinking on Johnson's historical role with a fresh sense of present criticism. Chapters cover subjects as diverse as Johnson's moral philosophy, his legal thought, his influence on Jane Austen, and the question of the Johnson canon. The contributors examine the larger theoretical and scholarly contexts in which it is now possible to situate his work and from which it may often be necessary to differentiate it. All the

contributors have a distinguished record of scholarship in eighteenth century studies Johnson scholarship and cultural history and theory 'What May Words Say . . . ?' Inge Leimberg,2011-02-24 What May Words Say A Reading of The Merchant of Venice contains in a form resembling a running commentary a comprehensive and in many respects unconventional interpretation of The Merchant of Venice The play s development of ideas is unfolded in a literary analysis that focuses on the poet s words in their philological historical and philosophical contexts What the words say is that the play is dominated by the three Delphic maxims Know thyself Nothing too much and Give surety and harm is at hand Within the intellectual and ethical compass of these tenets the two stranded action of the play is developed and the question why Shakespeare added the story of the caskets to the story of the bond is answered by the words law and choice which are as closely connected semantically as the two stories are interrelated in the dramatic structure The self knowledge achieved in the musical cadence of the play is everyone s seeing God s image in the other person and the law finally chosen is forgiveness

Peculiar Language Derek Attridge,2004-08-02 First published in 1988 Peculiar Language is now established as one of the most important discussions of the language of literature This thought provoking book challenges traditional notions of literary criticism arguing that all attempts by writers critics and literary theorists to define the language of literature have involved self contradiction Through examination of key moments in literary history Derek Attridge demonstrates that such contradictions in accounts of literary language are embedded in our cultural concept of literature and asserts that in order to appreciate the forces that determine the limits of literary language we must look beyond the realm of the literary and embrace the wider political and social sphere Re issued as a result of sustained critical interest in the book this edition includes a new preface by the author Mirror and Veil Michael O'Connell,2017-11-01 Spenser not only dedicated The FAerie Queene to Queen Elizabeth but asserted that his romantic epic was in some sense about her rule and her realm The informed attention that O Connell gives to the relationship between Spenser s reflections on contemporary history and his moral design makes this volume a convincing reading of the great poem The author shows how Spenser used Vergil as his model in celebrating and judging his own age Originally published in 1977 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value

Unveiling the Magic of Words: A Report on "**Shakespeare Spenser Donne Renaissance Essays**"
