Post,2022-05-31 A new ethics guideline for caregivers of deeply forgetful people and a program on how to communicate and connect based on 30 years of community dialogues through Alzheimer s organizations across the globe **People's & Howitt's Journal** ,1846 **Nursing Basic for Clinical Practice** Mr. Rohit Manglik,2024-07-30 Designed for students and novice nurses this text presents essential knowledge and practical skills needed for everyday clinical nursing responsibilities and patient interactions **A Diary of Darkness** Kiyosawa Kiyoshi,2018-06-05 A Diary of Darkness is one of the most important and compelling documents of wartime Japan Between 1942 and 1945 the liberal journalist Kiyosawa Kiyoshi 1890 1945 kept at great personal risk a diary of his often subversive social and political observations and his personal struggles The diary caused a sensation when it was published in Japan in 1948 and is today regarded as a classic This is the first time it has appeared in English Kiyosawa was an American educated commentator on politics and foreign affairs who became increasingly isolated in Japan as militant nationalists rose

to power He began the diary as notes for a history of the war but it soon became an inadvertent autobiography and a refuge for the bitter criticism of Japanese authoritarianism that he had to repress publicly It chronicles growing bureaucratic control over everything from the press to people s clothing Kiyosawa pours scorn on such leaders as Premiers Tojo and Koiso He laments the rise of hysterical propaganda and relates his own and his friends struggles to avoid arrest He writes in gripping detail about increasing poverty crime and disorder He records the sentiments of the local barber as faithfully as those of senior politicians And all the while he traces the gradual disintegration of Japan s war effort and the looming certainty of defeat A Diary of Darkness is a perceptive and courageous account of wartime Japan and a revealing record of the devastation wrought by total war

Criminal Investigation - A Practical Handbook for Magistrates, Police Officers, and Lawyers Hans Gross,2020-04-11 The aim of this book is to be as practical as possible It is not a law book though we confidently hope that it will be of the greatest interest to lawyers It is not a work on medical jurisprudence though we trust that medical men will find it useful and suggestive It is a Manual of Instruction for all engaged in investigating crime The book following the author s arrangement has been divided into four parts Part I is designed in the first place to enunciate those general principles and qualities the lack or neglect of which proclaim an investigator unfitted for the sphere in life in which it is his misfortune to be placed and in the second place to inform him in a general way what assistance science can afford in the investigation of crime and in a more detailed manner to show in just what cases expert knowledge may be effectively brought to bear Advice is also given regarding the examination of witnesses and accused and the inspection of localities Parts II and III deal respectively with various heads of knowledge and certain handicrafts with which every Investigating Officer should be thoroughly well acquainted while Part IV gives information upon the methods of criminals in committing particular offences much of which may be new even to experienced detectives 1906 The Authors

The Shadow of Dante in French Renaissance Lyric Alison Baird Lovell,2020-11-09 This book presents an interpretation of Maurice Scève s lyric sequence *D lie object de plus haulte vertu* Lyon 1544 in literary relation to the *Vita nuova* *Commedia* and other works of Dante Alighieri Dante s subtle influence on Scève is elucidated in depth for the first time augmenting the allusions in *D lie* to the *Canzoniere* of Petrarch Francesco Petrarca Scève s sequence of dense epigrammatic dizains is considered to be an early example prior to the Pléiade poets of French Renaissance imitation of Petrarch s vernacular poetry in a time when imitatio was an established literary practice signifying the poet s participation in a tradition While the *Canzoniere* is an important source for Scève s *D lie* both works are part of a poetic lineage that includes Occitan troubadours Guinizzelli Cavalcanti and Dante The book situates Dante as a relevant predecessor and source for Scève and examines anew the Petrarchan label for *D lie* Compelling poetic affinities emerge between Dante and Scève that do not correlate with Petrarch
