Macau China A Political History Of The Portuguese Colonys Transition To Chinese Rule:

Macau, China Steve Shipp,1997 On December 20 1999 Portugal was formally handed over Macau to China ending 442 years of Portuguese control of the tiny peninsula and two small islands Though comprised of just over nine square miles with new reclamation Macau was once one of the world s most important trading ports In recent years Macau has become a vital alternative to Hong Kong as a gateway to the booming economy of the People s Republic of China Macau is first examined from a historical perspective The island s responses to World War II the Korean War and China s civil war are fully covered as is the influence of China s Great Proletarian Cultural Revolution The secret agreements between China and Portugal in the 1960s and 1970s are described along with a full accounting of the arrangement for the return of Macau to China The prospects for the island s future under Chinese control are then detailed *Macau History and Society* Zhidong Hao,2011-01-01 Macau History and Society illuminates the early Portuguese maritime exploration along China s south coast political and economic development in Macau and current social problems The book makes significant contributions to a political sociology of Macau emphasizing how different civilizations and cultures interacted with one another and explores how a new Macau identity can be constructed Democratization has been a never ending process in Macau since the 1500 s Macau s experience indicates that sovereignty has been shared rather than exclusive Although civilizations and cultures do clash they also cooperate But the Macau model is deeply flawed Hao contends that Macau needs to build a new multicultural identity and a cosmopolitan political and economic identity *The Far East and Australasia 2003* Europa Publications,2002 A unique survey of each country in the region It includes an extensive collection of facts statistics analysis and directory information in one accessible volume *May Days in Hong Kong* Robert Bickers,Ray Yep,2009-08-01 This is the first sustained exploration of the anti colonial campaign that was inspired by the Cultural Revolution in China recent events in Macao and fuelled by inequalities in Hong Kong society The riots presented a sustained challenge to British authority As leftist led demonstrations evolved into a terrorist bombing campaign the British security response was also markedly strengthened Using recently opened archival records the authors explore the course of the events their international and imperial contexts and their connection to the upheaval in China and Britain s own changing world role The events of 1967 are also grounded in the wider sweep of Hong Kong s history The second part of the book presents testimonies from Hong Kong residents participants in different ways in the unfolding events which speak to the salience of 1967 in Hong Kong s popular memory There has been an awkward silence about this episode for almost forty years and this book begins to normalize discussion about it and its place in Hong Kong Chinese and British imperial history **Education and Society in Hong Kong and Macao** M. Bray,Ramsey Koo,2006-06-28 Hong Kong and Macao have much in common The dominant populations in both territories are Cantonese speaking Chinese both are small in area both are urban societies both have been colonies of European powers and both have undergone political transition to reunification with China Yet in education

for reasons that are analysed in this book they are very different The patterns of similarities and differences in the two territories make a fascinating basis for comparative study The overarching theme of the book on continuity and change is particularly pertinent following the transition of the two societies of the postcolonial era This thoroughly revised and expanded second edition builds on the widely acclaimed first edition The work has been recognised as a significant contribution to the broad field of comparative education as well as to study of the specific societies which are its main focus

Macau's Languages in Society and Education Andrew J. Moody, 2021-03-18 This book examines the role of English within education and society in the quickly changing city of Macau Macau's multilingual language ecology offers the unique opportunity to examine language planning and policy issues within a small speech community The languages within the ecology include several Chinese varieties such as Cantonese Putonghua and Hokkien European languages like Portuguese and English and a number of Asian languages that include among others Burmese Filipino languages Japanese Timorese etc As the smallest city in South China's Pearl River Delta Macau has sought to maintain cultural and linguistic independence from its larger neighbours and independence has been built upon an historic commitment to multilingualism and cultural plurality As economic development and globalisation offer new opportunities to a growing middle class the sociolinguistics of a small society constrain and influence the language policies that the territory seeks to implement Macau's multilingual and pluralistic response to language needs within the territory echoes historical responses to similar challenges and suggests that small communities function sociolinguistically in ways that differ from larger communities

The Politics of Controlling Organized Crime in Greater China Sonny Shiu-Hing Lo, 2015-12-14 In China the central government has the political will to control organized crime which is seen as a national security threat The crux of the problem is how to control local governments that have demonstrated lax enforcement without sufficient regulation from the provincial governments The development of prostitution underground gambling and narcotics production has become so serious that the central government has to rely on anti crime campaigns to combat these three evils This book explores the specific role of government institutions and agencies notably the police in controlling organised and cross border crime in Greater China Drawing heavily on original empirical data it compares the both the states of the People's Republic of China and Taiwan as well as city states Hong Kong and Macao This region has become increasingly economically integrated and human interactions have been enhanced through improved trade relations tourism and increased individual freedom The book argues that the regime capacity of crime control across Greater China has been expanded through regional and international police cooperation as well as anti crime campaigns It suggests that a strong central state in China is necessary to rein in the local states and to prevent the risk of deteriorating into a political criminal nexus Focusing on regime capacity in crime control regime autonomy from crime groups and regime legitimacy in the fight against organized crime this thought provoking book will be of great interest to students and scholars of Chinese politics and criminology more broadly

Portuguese Enterprise in the East Teddy SIM,2011-08-25 Drawing on unpublished materials from the Overseas Historical Archive and other libraries in Portugal this book considers Portuguese leadership and organization at home where it pertained to the governance of the eastern colonies as well as the formal and soft instruments of state applied on the ground in these colonies in first half of the eighteenth century

Historical Dictionary of the People's Republic of China Lawrence R. Sullivan,2016-08-03 When the Chinese Communist Party CCP assumed power in October 1949 China was one of the poorest nations in the world and so weak it had been conquered in the late 1930s and early 1940s by its neighbor Japan a country one 10th its size More than five decades later the People s Republic of China PRC is an emerging economic political and major military power with the world s fastest growing economy and largest population 1 35 billion in 2015 A member of the United Nations Security Council since the early 1970s and a nuclear power China wields enormous influence in the world community while at home what was once a nation of largely poverty stricken peasants and urban areas with little to no industry has been transformed into an increasingly urbanized society with a growing middle class and an industrial and service sector that leads the world in such industries as steel and textiles while becoming a major player in computers and telecommunications All the while the country has remained under the tight political control of a one party system dominated by the Chinese Communist Party that despite periods of intense political conflict and turmoil governs China with a membership in 2014 of 88 million people the largest single organization on earth This third edition of Historical Dictionary of the People s Republic of China contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 700 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about China

Competition Policy and Law in China, Hong Kong and Taiwan Mark Williams,2005-09-08 This book provides a comprehensive guide to the competition regimes of China Hong Kong and Taiwan Chinese developments are placed in the context of the adoption of competition regimes by developing and transitional states worldwide and also in relation to the influence of trans national organisations on transitional states to adopt market based economic strategies The book adopts an inter disciplinary approach considering the political economic and legal issues relevant to competition policy adoption The paradoxical phenomenon of Communist mainland China seeking to adopt a pro competition law whilst capitalist Hong Kong refuses to do so is explained and contrasted with the successful Taiwanese adoption of a competition regime over a decade ago The underlying economic and political forces that have shaped this unusual matrix are discussed and analysed with a theoretical explanation offered for its consequences

Orientalism and Identity in Latin America Erik Camayd-Freixas,2013-03-14 Building on the pioneering work of Edward Said in fresh and useful ways contributors to this volume consider both historical contacts and literary influences in the formation of Latin

American constructs of the Orient and the Self from colonial times to the present In the process they unveil wide ranging manifestations of Orientalism Contributors scrutinize the other great encounter not with Europeans but with Arabic Chinese and Japanese cultures as they marked Latin American societies from Mexico Central America and the Caribbean to Peru Argentina and Brazil The perspectives experiences and theories presented in these examples offer a comprehensive framework for understanding wide ranging manifestations of Orientalism in Latin America and elsewhere in the developing world Orientalism and Identity in Latin America expands current theoretical frameworks juxtaposing historical biographical and literary depictions of Middle Eastern and Asian migrations both of people and cultural elements as they have been received perceived refashioned and integrated into Latin American discourses of identity and difference Underlying this intercultural dialogue is the hypothesis that the discourse of Orientalism and the process of Orientalization apply equally to Near Eastern and Far Eastern subjects as well as to immigrants regardless of provenance and indeed to any individual or group who might be construed as Other by a particular dominant culture

Constitutional Foundings in Northeast Asia Kevin YL Tan, Michael Ng, 2021-12-16 This new book in the Constitutionalism in Asia series considers the idea of origins and of change and continuity in terms of constitution making which is an on going process in the Northeast Asian states The book examines the drafting nature core values and roles of the first modern constitutions during the founding of the 8 modern states territories in Northeast Asia China 1949 Taiwan 1947 Hong Kong SAR 1997 Macau SAR 1999 Japan 1889 North Korea 1948 and 1972 South Korea 1948 and Mongolia 1924 The collection provides an exploratory description of the process and substantive inputs in the making of the first constitutions of these nations territories analysis of the internal and external including intra regional forces surrounding the making of these constitutions and theoretical construction of models to conceptualise the nature and role of the first constitutions including constituent documents in the founding of the modern nation states territories and their subsequent impact on state building in the region

Chinese Englishes Kingsley Bolton, 2006-11-02 This book explores the history of the English language in China from the arrival of the first English speaking traders in the early seventeenth century to the present Kingsley Bolton brings together and examines a substantial body of historical linguistic and sociolinguistic research on the description and analysis of English in Hong Kong and China He uses early wordlists satirical cartoons and data from journals and memoirs as well as more conventional sources to uncover the forgotten history of English in China and to show how contemporary Hong Kong English has its historical roots in Chinese pidgin English The book also considers the varying status of English in mainland China over time and recent developments since 1997 With its interdisciplinary perspective the book will appeal not only to linguists but to all those working in the fields of Asian studies and English studies including those concerned with cultural and literary studies

Macau in Transition H. Yee, 2001-09-12 The book analyzes various aspects of the process of Macau's transition from a Portuguese autonomous territory to a Chinese special administrative region It analyzes the role of those involved in the

process building Beijing Lisbon the local Portuguese Macau administration the Macau branch of the New China News Agency the Luso Chinese Joint Liaison Group and the local political and social groups It stresses the dynamics of interactions between actors as well as the political economic and social changes in the enclave that have direct or indirect impact on the transition

Education and Society in Hong Kong and Macao Mark Bray, Ramsey Koo, 2005

Interregional Recognition and Enforcement of Civil and Commercial Judgments Jie Huang, 2014-11-01 Judgment recognition and enforcement JRE between the US states between EU Member States and between mainland China Hong Kong and Macao are all forms of interregional JRE This extensive comparative study of the three most important JRE regimes focuses on what lessons China can draw from the US and the EU in developing a multilateral JRE arrangement for mainland China Hong Kong and Macao Mainland China Hong Kong and Macao share economic geographical cultural and historical proximity to one another The policy of One Country Two Systems also provides a quasi constitutional regime for the three regions However there is no multilateral JRE scheme among them as there is in the US and the EU and it is harder to recognise and enforce sister region judgments in China than in the US and the EU The book analyses the status quo of JRE in China and explores its insufficiencies it proposes a multilateral JRE arrangement for Chinese regions to alleviate current JRE difficulties and it also provides solutions for the macro and micro challenges of establishing a multilateral arrangement drawing upon the rich literature on JRE regimes found in the US and the EU

ENDORSEMENTS Professor Huang has completed a highly readable and comprehensive study of the issues governing recognition and enforcement of judgments among the three distinct legal regimes of the People's Republic of China Her ideas will surely enrich the Chinese debate as well as provide interesting scholarly material for non Chinese seeking greater understanding of legal reform in the PRC Peter D Trooboff Senior Counsel Covington Burling LLP Washington DC USA The book shows meticulous analytical and comparative scholarship Dr Huang's proposal of a multilateral arrangement makes an original and valuable contribution to the study of interregional judgment recognition and enforcement among Mainland China Hong Kong and Macao Renshan Liu Professor and Dean Law School of Zhongnan University of Economics and Law China Dr Huang's timely work provides an insightful analysis of one of the more vexed aspects of the inter regional legal relations in Greater China Her careful investigation makes a valuable contribution to the academic and practical work on the recognition and enforcement of judgments between China and her two special administrative regions The comparative approach she adopts represents the true utility of comparativism for legal scholarship Bing Ling Professor of Chinese Law Sydney Law School Australia
