Machiavelli's New Modes And Orders A Study Of The Discourses On Livy:

Machiavelli's New Modes and Orders Harvey C. Mansfield, 2001-04-15 This study wrought by one of Machiavelli's interpreters uncovers the hidden intricacies of the Discourses It will inform and challenge its readers at every step BOOK JACKET Discourses on Livy Niccolò Machiavelli, 2024-05-31 Discourses on Livy is the founding document of modern republicanism and Harvey C Mansfield and Nathan Tarcov have provided the definitive English translation of this classic work Faithful to the original Italian text properly attentive to Machiavelli's idiom and subtlety of thought it is eminently readable With a substantial introduction extensive explanatory notes a glossary of key words and an annotated index the Discourses reveals Machiavelli's radical vision of a new science of politics a vision of new modes and orders that continue to shape the modern ethos Machiavelli found in Livy the means to inspire scholars for five centuries Within the Discourses often hidden and sometimes unintended by their author lie the seeds of modern political thought Mansfield and Tarcov's translation is careful and idiomatic Peter Stothard The Times Translated with painstaking accuracy but also great readability Weekly Standard A model of contemporary scholarship and a brave effort at Machiavelli translation that allows the great Florentine to speak in his own voice Choice Machiavelli on War Christopher Lynch, 2023-12-15 Machiavelli on War offers a comprehensive interpretation of the philosopher-historian's treatment of war throughout his writings from poems and memoranda drafted while he was Florence's top official for military matters to his posthumous works The Prince and Discourses on Livy Christopher Lynch argues that the issue of war permeates the form and content of each of Machiavelli's works the substance of his thoughts and his own activity as a writer concluding that he was the first great modern philosopher because he was the first modern philosopher of war Lynch details Machiavelli's understanding of warfare in terms of both actual armed conflict and at the intellectual level of thinkers competing on the field of knowledge and belief Throughout Machiavelli's works he focuses on how military commanders knowledge of human necessities beginning with their own enables and requires them to mold soldiers organizationally and politically to best deploy them in operations attuned to political context and changing circumstances Intellectually leaders must shape minds their own and others to reject beliefs that would weaken their purpose for Machiavelli this meant overcoming the classical and Christian traditions in favor of a new teaching of human freedom and excellence As Machiavelli on War makes clear prevailing both on the battlefield and in the war of ideas demands a single-minded engagement in reasoning about everything beginning with oneself For Machiavelli Lynch shows the successful military commander is not just an excellent leader but also an excellent human being in constant pursuit of the truth about themselves and the world **Feminist Interpretations of Niccolò Machiavelli** Maria J. Falco, 2010-11-01 *Later Medieval Europe* Daniel Waley, Peter Denley, 2013-11-26 From the divine right of kings to the political philosophies of writers such as Machiavelli the medieval city states to the unification of Spain Daniel Waley and Peter Denley focus on the growing power of the state to illuminate changing political ideas in Europe

between the thirteenth and sixteenth centuries Spanning the entire continent and beyond and using contemporary voices wherever possible the authors include substantial sections on economics religion and art and how developments in these areas fed into and were influenced by the transformation of political thinking The new edition takes the narrative beyond the confines of western Europe with chapters on East Central Europe and the teutonic knights and the Portuguese expansion across the Atlantic The third edition of this classic introduction to the period includes even greater use of contemporary voices full reading lists and new chapters on East Central Europe and Portuguese exploration Suitable as an introductory text for undergraduate courses in Medieval Studies and Medieval European History **The Cambridge Companion to**

Machiavelli's Liberal Republican Legacy Paul A. Rahe, 2005-11-14 The significance of Machiavelli's political thinking for the development of modern republicanism is a matter of great controversy In this volume a distinguished team of political theorists and historians reassess the evidence examining the character of Machiavelli's own republicanism and charting his influence on Marchamont Nedham James Harrington John Locke Algernon Sidney John Trenchard Thomas Gordon David Hume the Baron de Montesquieu Benjamin Franklin George Washington John Adams Thomas Jefferson James Madison and Alexander Hamilton This work argues that while Machiavelli himself was not liberal he did set the stage for the emergence of liberal republicanism in England By the exponents of commercial society he provided the foundations for a moderation of commonwealth ideology and exercised considerable if circumscribed influence on the statesmen who founded the American Republic Machiavelli's Liberal Republican Legacy will be of great interest to political theorists early modern historians and students of the American political tradition

Conflict, Power, and Multitude in Machiavelli and Spinoza Filippo Del Lucchese, 2009-08-27 Conflict Power and Multitude in Machiavelli and Spinoza explores Spinoza's political philosophy by confronting it with that of Niccol

Machiavelli Filippo Del Lucchese conducts a study of the relationship between Machiavelli and Spinoza from a perspective at once philosophical historical and political The book begins by showing how closely tied the two thinkers are in relation to realism Del Lucchese then goes on to examine the theme of conflict as a crucial element of an understanding of Machiavelli and Spinoza s conceptions of modernity The book concludes with an examination of the concept of multiplicity and plural expressions of politics namely Machiavelli s popolo and Spinoza s multitudo Overall the Machiavelli Spinoza axis offers a fruitful perspective through which to analyse the relationship between contending ideas of modernity from a historical point of view and provides an original point of departure for discussing some key theoretical political and juridical notions that have resurfaced in contemporary debates

Livy's Political Philosophy Ann Vasaly,2015-05-18 This volume explores the political implications of the first five books of Livy s celebrated history of Rome challenging the common perception of the author as an apolitical moralist Ann Vasaly argues that Livy intended to convey through the narration of particular events crucial lessons about the interaction of power and personality including the personality of the Roman people as a whole These lessons demonstrate the means by which the Roman republic flourished in the distant past and by which it might be revived in Livy s own corrupt time Written at the precise moment when Augustus imperial autocracy was replacing the republican system that had existed in Rome for almost 500 years the stories of the first pentad offer invaluable insight into how republics and monarchies work Vasaly s innovative study furthers the integration in recent scholarship of the literary brilliance of Livy s text and the seriousness of its purpose

Selected Political Writings

Niccolò Machiavelli,David Wootton,1994-01-01 Here are The Prince and the most important Discourses newly translated into spare vivid English by one of the most gifted historians of his generation Why a new translation Machiavelli was never the dull worthy pedantic author who appears in the pages of other translations says David Wootton in his Introduction In the pages that follow I have done my best to let him speak in his own voice And indeed Wootton s Machiavelli literally does so when the occasion demands Renderings of that most problematic of words virt are in each instance followed by the Italian Notes a map and an altogether remarkable Introduction no less authoritative for being grippingly readable help make this edition an ideal first encounter with Machiavelli for any student of history and political theory

The Prince Niccolo

Machiavelli,1995-03-15 This is an excellent readable and vigorous translation of The Prince but it is much more than simply a translation The map notes and guide to further reading are crisp to the point and yet nicely comprehensive The inclusion of the letter to Vettori is most welcome But above all the Introduction is so gripping and lively that it has convinced me to include The Prince in my syllabus for History of Western Civilization the next time that I teach it Great price too And lovely printing and layout Rachel Fulton University of Chicago

Domination and Global Political Justice Barbara

Buckinx,Jonathan Trejo-Mathys,Timothy Waligore,2015-02-11 Domination consists in subjection to the will of others and manifests itself both as a personal relation and a structural phenomenon serving as the context for relations of power Domination has again become a central political concern through the revival of the republican tradition of political thought not to be confused with the US political party However normative debates about domination have mostly remained limited to

the context of domestic politics Also the republican debate has not taken into account alternative ways of conceptualizing domination Critical theorists liberals feminists critical race theorists and postcolonial writers have discussed domination in different ways focusing on such problems as imperialism racism and the subjection of indigenous peoples This volume extends debates about domination to the global level and considers how other streams in political theory and nearby disciplines enrich expand upon and critique the republican tradition s contributions to the debate This volume brings together for the first time mostly original pieces on domination and global political justice by some of this generation s most prominent scholars including Philip Pettit James Bohman Rainer Forst Amy Allen John McCormick Thomas McCarthy Charles Mills Duncan Ivison John Maynor Terry Macdonald Stefan Gosepath and Hauke Brunkhorst
