**Megan Mullin**

## **Machinery Of Greed Public Authority Abuse And What To Do About It:**

The Machinery of Greed Diana B. Henriques, 1986 One of the first books to tackle the issue of public revenue bond authorities a sort of off balance sheet form of government that proliferated at the state and local levels through the 1970s with little oversight and accountability Supposedly more business like than traditional government departments and agencies authorities nevertheless proved to be prone to the same sins from cronyism to corruption in part because in the name of being business like they pruned away many of the anti corruption measures that were traditional government s response to generations of scandal Amazon com *Public Authorities and Public Policy* Jerry Mitchell, 1992-06-30 Public authorities are an increasingly important form of government in the United States Every year various public policies are entrusted to public authorities for implementation in the manner of a private firm but for the public interest This edited collection presents an in depth examination of the theory and practice of public authority administration and the current issues confronting public authorities in general Cases are provided to invite discussion about the uses of authorities in different policy areas The book begins with an introduction that reviews the premises that underlie the public authority concept and describes the policy activities and administrative organization of authorities The first section of the book focuses on the external and internal techniques used to hold authorities accountable The second section describes various financial issues relevant to authorities highlighting ways to improve the security of bonds and providing cases showing how corporate subsidiaries are used to finance projects The third section explores innovative uses of authorities in the areas of economic development low income housing creation social problem solving and hazardous waste disposal The final section considers the impact of public authorities using economic impact analysis to measure quantitative benefits of one specific authority and probing the problems in evaluating performance in one state The book concludes with a selected bibliography and a name and subject index The book is a useful resource for courses in public administration public policy management state and local government urban planning public finance and political science **The American Experiment with Government Corporations**

Jerry Mitchell, 2015-06-01 This assessment of government corporations examines their records and identifies advantages and failures The author challenges the reader to think creatively about the government corporate form and ways to reinvent it capitalizing on its strengths and compensating for its shortcomings **Handbook of Administrative Ethics**

Terry Cooper, 2019-02-21 Delineating implications for administrative ethics from other fields such as sociology psychology and philosophy this reference provides a comprehensive review of administrative ethics in the public sector Detailing the context within which contemporary ethics training has developed the book examines the effectiveness of ethics training legal and organizational devices for encouraging desired conduct and other topics of particular relevance to the political and social contexts of public administration Written by over 25 leading scholars in public administration ethics the book creates a taxonomy for administrative ethics using the categories of modern philosophy *Ethics in Public Management* H George

Frederickson, Richard K Ghere, 2016-07-22 The groundbreaking *Ethics in Public Administration* set the agenda for a decade's worth of research in the theory and practice of ethics in the public sector This long awaited follow up volume represents the state of the art in research on administrative ethics It features all new contributions by many of the leading figures in the field and addresses both the managerial and individual moral dimensions of ethical behavior as well as new challenges to administrative ethics posed by globalization A detailed introduction opening passage and conclusion lend context to each of the book's four main sections *Ethics in Public Management* is must reading for any graduate level course in public sector ethics

*Ethics and Public Administration* H George Frederickson, John A. Rohr, 2015-03-04 *Ethics and Public Administration* refutes the arguments that administrative ethics cannot be studied in an empirical manner and that empirical analysis can deal only with the trivial issues in administrative ethics Within a theoretical perspective the authors qualify their findings and take care not to over generalise results The findings are relevant to the practice of public administration Specific areas addressed include understanding public corruption ethics as control and ethics as administration and policy

**Public Administration and Public Affairs** Nicholas Henry, 2015-07-14 Updated in its 12th edition *Public Administration and Public Affairs* shows readers how to govern efficiently effectively and responsibly in an age of political corruption and crises in public finance With a continuing and corroding crisis occurring as well as greater governance by nonprofit organizations and private contractors it is vital that readers are given the skills and tools to lead in such an environment Using easy to understand metaphors and an accessible writing style *Public Administration and Public Affairs* shows its readers how to govern better preparing them for a career in public administration

*The Reporter's Handbook* Steve Weinberg, 1996 Reporters editors and journalists will find this third edition of *The Reporter's Handbook* an even more impressive resource than prior editions This essential tool for serious journalists identifies hundreds of documents and human sources in both private and government sectors It provides step by step methods for tracking paper trails people trails and computer trails The book also includes coverage of library research computer assisted reporting case studies anecdotes and IRE contest winning pieces This new edition features chapters on the environment transportation housing financial institutions international investigation utilities and non profit organizations Under the sponsorship of Investigative Reporters and Editors Inc Steven Weinberg has revised and polished this journalism classic into a must have reference guide for the classroom and the newsroom

*Governing the Tap* Megan Mullin, 2009-08-21 An analysis of the political consequences of special district governance in drinking water management that offers new insights into the influence of political structures on local policymaking More than ever Americans rely on independent special districts to provide public services The special district which can be as small as a low budget mosquito abatement district or as vast as the Port Authority of New York and New Jersey has become the most common form of local governance in the United States In *Governing the Tap* Megan Mullin examines the consequences of specialization and the fragmentation of policymaking

authority through the lens of local drinking water policy Directly comparing specific conservation land use and contracting policies enacted by different forms of local government Mullin investigates the capacity of special districts to engage in responsive and collaborative decision making that promotes sustainable use of water resources She concludes that the effect of specialization is conditional on the structure of institutions and the severity of the policy problem with specialization offering the most benefit on policy problems that are least severe Mullin presents a political theory of specialized governance that is relevant to any of the variety of functions special districts perform Governing the Tap offers not only the first study of how the new decentralized politics of water is taking shape in American communities but also new and important findings about the influence of institutional structures on local policymaking *Handbook of Debt Management* Gerald J.

Miller,2017-07-05 Examining various methods of debt management used in the US *Handbook of Debt Management* provides a comprehensive analysis of securities offered for sale by municipalities states and the federal government The book covers laws regarding municipal bonds the economic choice between debt and taxes and the tax exempt status of municipal bond owners capital budgeting including state and local government practices developing governmental and intergovernmental debt policies pay as you go with debt financing for capital projects US Internal Revenue Service regulations on arbitrage in state and local government debt proceeds investment US treasury auctions and more **International Encyclopedia of**

**Public Policy and Administration Volume 3** Jay Shafritz,2019-03-01 This is the third volume of a four volume encyclopaedia which combines public administration and policy and contains approximately 900 articles by over 300 specialists This Volume covers entries from L to Q It covers all of the core concepts terms and processes of applied behavioural science budgeting comparative public administration develop *Defining Public Administration* Jay M. Shafritz, Jr.,2018-03-05 This anthology *Defining Public Administration* is designed to assist beginning and intermediate level students of public policy and to stir the imaginations of readers concerned with public policy and administration The forty five articles included in the text are all reprinted from the *International Encyclopedia of Public Policy and Administration* and these accessible interesting articles have been assembled to offer a sample of the riches to be found within the larger work The articles provide definitions of the vocabulary of public policy and administration as it is used throughout the world from the smallest towns to the largest national bureaucracies *Defining Public Administration* is organized into twelve parts Each part focuses on a domain pertinent to the study of public administration including overviews policy making intergovernmental relations bureaucracy organization behavior public management strategic management performance management human resource management financial management auditing and accountability and ethics **America's Waterfront Revival**

Peter Hendee Brown,2009-01-06 Examines the experiences of the port authorities of Tampa San Francisco San Diego and Philadelphia and Camden organizations that diversified beyond traditional maritime cargo operations into new lines of business related to waterfront development *International Encyclopedia of Public Policy and Administration Volume 2* Jay

M. Shafritz,2019-03-22 This encyclopedia includes entries on the concepts issues and theories starting with alphabets D to K that define public policymaking evaluation management and implementation It also includes entries on the individuals commissions and organizations that have contributed to these fields      **The Wizard of Lies** Diana B. Henriques,2011-04-26 Examines the life career and notorious multi billion dollar Ponzi scheme of the formerly prominent New York financier as well as the tragic consequences of his criminal activity      **The Politics of Quasi-Government** Jonathan G. S. Koppell,2006-11-02 Hybrid organizations governmental entities that mix characteristics of private and public sector organizations are increasingly popular mechanisms for implementing public policy Koppell assesses the performance of the growing quasi government in terms of accountability and control Comparing hybrids to traditional government agencies in three policy domains export promotion housing and international development Koppell argues that hybrid organizations are more difficult to control largely due to the fact that hybrids behave like regulated organizations rather than extensions of administrative agencies Providing a rich conception of the bureaucratic control problem Koppell also argues that hybrid organizations are intrinsically less responsive to the political preferences of their political masters and suggests that as policy tools they are inappropriate for some tasks This book provides a timely study of an important administrative and political phenomenon      The Politics of Capital Investment Carolyn T. Adams,1988-11-02 This book examines both the politics and products of the public investment process in one of America s largest cities It broadens the scope of contemporary debates on the political economy of urban development to include not only large scale redevelopment projects but also neighborhood facilities such as schools parks and libraries Showing the share of investments that went into Philadelphia s downtown versus its residential neighborhoods from 1950 to 1980 the author challenges the widely held view that public investment patterns simply reflect political pressures from pro development groups Instead she shows that a city s decision to build often hinges on the availability and the sources of investment capital      **A First-Class Catastrophe** Diana B. Henriques,2017-09-19 The definitive history of the 1987 market crash known as Black Monday by the New York Times bestselling author of The Wizard of Lies Compelling Burton Malkiel The Wall Street Journal On October 19 1987 the Dow fell 22 6 percent almost twice as bad as the worst day of 1929 and equal to a one day loss of nearly 10 000 points today Black Monday was more than seven years in the making and threatened nearly every US financial institution Drawing on superlative archival research and dozens of original interviews Diana B Henriques weaves a tale of missed opportunities market delusions and destructive actions that stretched from the silver crisis of 1980 to turf battles in Washington a poisonous rivalry between the New York Stock Exchange and the Chicago Mercantile Exchange and the almost fatal success of two California professors whose idea for reducing market risk spun terribly out of control As the story hurtles forward the players struggle to forestall a looming market meltdown and unexpected heroes step in to avert total disaster For decades investors regulators and bankers have failed to heed the lessons of 1987 even as the same patterns have resurfaced most spectacularly in the financial crisis of

2008 A First Class Catastrophe offers a new way of looking not only at the past but at our financial future A valuable and unfailingly interesting account of a crucial two decade period in Wall Street history A highly intelligent and perceptive analysis The New York Times Book Review A first class cautionary tale that should be on every financial regulator s and policy maker s desk and many an investor too The Washington Post A fast paced thriller the book is much more than financial history It is a tale of unheeded warnings and misguided confidence that is essential reading for anyone who wants to understand how the fault lines in our modern markets came to be Bethany McLean New York Times bestselling coauthor of The Smartest Guys in the Room      Regulation of U.S. Equity Markets Robert A. Schwartz,2012-12-06 In the past quarter of a century the pace of structural change in the equity markets has accelerated dramatically and as it has regulation has come to play an increasingly central role in the development of market structure The purpose of Regulation of U S Equity Markets is to consider regulation s contribution to the efficiency of the U S equity markets Sharply different opinions are expressed on the matter as the discussion ranges from Congressional oversight to SEC involvement in market structure issues to the self regulatory responsibilities of the market centers most notably the New York Stock Exchange and the Nasdaq Stock Market      **The Political Economy of Special-Purpose Government** Kathryn A. Foster,1997-03-01 In recent decades local governments across America have increasingly turned specialized functions over to autonomous agencies ranging in scope from subdivision sized water districts to multi state transit authorities This book is the first comprehensive examination of the causes and consequences of special purpose governments in more than 300 metropolitan areas in the United States It presents new evidence on the economic political and social implications of relying on these special districts while offering important findings about their use and significance

## **Machinery Of Greed Public Authority Abuse And What To Do About It** Book Review: Unveiling the Power of Words
