A Guide to...

TEACHER PLANNING

1 The Year

Get an overall feel for the year ahead you will be teaching. Consider what will be achieved in the year and what you will have 280-300 effective lessons in the year.

2 The Term

This guide includes a three volume set. It is recommended that Term 1 begins with a review of the previous year's achievement, and the outline of the year ahead. Term 2 includes report writing as class Term 3, as it is often a good idea to reserve some parent topics or sessions for these periods.

3 The 4-Week block

The 4 week block is block of time within the year filled with a collection of lessons that connect to each other. Using 4 week blocks helps in planning, making connections and setting/progressing.

4 The Unit of Work units of learning

Units of work will require several lessons in order for students to learn/understand a concept. **Curriculum Threads Charts** can assist in developing unit of work.

5 The Lesson

The lesson is where your planning is put into action. Having a lesson plan can improve student outcomes and create planning notes.

As always, consult the manual for the latest version of this information by your state or territory.
