Education, Workforce and Income Security (EWIS)

Speaker Series

Washington, DC

May 15, 2007

*A presentation based on Jonathan Barry Forman, *Making America Work* (Washington, DC: Urban Institute Press, 2006).

Making America Work

Ash Imery-Garcia

Making America Work:

Making America Work Jonathan Barry Forman, 2006-09 Work Hard work And plenty of it That is what has made the United States into the world's foremost economic superpower But while we Americans value and respect work we are also concerned about economic justice We like to see all workers earn a fair day's pay for a fair day's work And we like having a safety net to catch those who cannot compete successfully in our labor markets America works because of this balance between the desire to reward work and our concerns about economic justice But according to Jon Forman America could work even better In *Making America Work* Forman explains how current government policies influence work and work behavior and makes the case for changing government tax welfare Social Security pension and labor market policies to encourage work and promote greater economic justice It is a clear provocative declaration of principles and a bold prescription for policies that restore and preserve the balance of work rewards and economic justice

Making America Work Again J. Morton Davis, 1983

Making Americans Gary D. Schmidt, 2013-12 *Making Americans* is a study of a time when the authors and illustrators of children's books consciously set their eyes on national and international sights with the hope of bringing the next generation into a full sense of citizenship Schmidt examines the literature for young people published during a momentous period in our nation's past and documents in detail its role as an instrument of nation building and social reform A thought provoking contribution to our understanding of children's books as cultural transmitters and transformers

Making America Work Jonathan Barry Forman, 2006 Work Hard work And plenty of it That is what has made the United States into the world's foremost economic superpower But while we Americans value and respect work we are also concerned about economic justice We like to see all workers earn a fair day's pay for a fair day's work And we like having a safety net to catch those who cannot compete successfully in our labor markets America works because of this balance between the desire to reward work and our concerns about economic justice But according to Jon Forman America could work even better In *Making America Work* Forman explains how current government policies influence work and work behavior and makes the case for changing government tax welfare Social Security pension and labor market policies to encourage work and promote greater economic justice It is a clear provocative declaration of principles and a bold prescription for policies that restore and preserve the balance of work rewards and economic justice

Making America Work James O'Toole, 1981

Playing America's Game Adrian Burgos, 2007-06-04 Although largely ignored by historians of both baseball in general and the Negro leagues in particular Latinos have been a significant presence in organized baseball from the beginning In this benchmark study on Latinos and professional baseball from the 1880s to the present Adrian Burgos tells a compelling story of the men who negotiated the color line at every turn passing as Spanish in the major leagues or seeking respect and acceptance in the Negro leagues Burgos draws on archival materials from the U S Cuba and Puerto Rico as well as Spanish and English language publications and interviews with Negro league and major league players

He demonstrates how the manipulation of racial distinctions that allowed management to recruit and sign Latino players provided a template for Brooklyn Dodgers general manager Branch Rickey when he initiated the dismantling of the color line by signing Jackie Robinson in 1947 Burgos's extensive examination of Latino participation before and after Robinson's debut documents the ways in which inclusion did not signify equality and shows how notions of racialized difference have persisted for darker skinned Latinos like Orestes Minnie Mi oso Roberto Clemente and Sammy Sosa

National Defense Migration: Washington, D.C., Mar. 24-26, 1941 United States. Congress. House. Select Committee Investigating National Defense Migration, 1941 National Defense Migration United States. Congress. House. Select Committee Investigating National Defense Migration, 1941

Congressional Record United States. Congress, 2001 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873

Exceptional Leadership Gilbert W. Fairholm, 2013-06-20 This book is about values and principles that have formed the backbone of the exceptionality of America These values and principles have shaped the way leadership in America has evolved and prescribed the way leaders have practiced their craft It is about what both leaders and their followers implicitly know about what a good leader is and does and about why they follow one leader and not another The book is about how leaders in all facets of society think or should think about their interrelationships with other human beings For relationships is the essence of leadership We can only lead those in some kind of association with us as Only together can we do whatever task the leader of our particular organization asks of us today and every day of our lives This is true not just at work but in the family our collective social and recreational pursuits and even when alone doing something we want to get done Because all we do ultimately will impact our attitudes and actions or those of others For that finally is what leadership is impact on another This book identifies the values and principles of leadership the founding leaders identified and used and that have marked American culture for over two centuries in all dimensions of life It defines and delimits the actions and attitudes of mind of the exceptional leaders who first articulated and then led in terms of those values as they made America The ideas about exceptional leadership discussed are taken from their own leadership example and from their thoughtful conclusions The ideas are fully American These first leaders drew up the blueprint for what America is and has become Their creation has survived countless challenges over the two hundred years of its creation to become the United States of America

Public Papers of the Presidents of the United States United States. President, 2007

Containing the public messages speeches and statements of the President 1956 1992

Political Tone Roderick P. Hart, Jay P. Childers, Colene J. Lind, 2013-04-25 It's not what you say but how you say it Solving problems with words is the essence of politics and finding the right words for the moment can make or break a politician's career Yet very little has been

said in political science about the elusive element of tone In *Political Tone* Roderick P Hart Jay P Childers and Colene J Lind analyze a range of texts from speeches and debates to advertising and print and broadcast campaign coverage using a sophisticated computer program DICTION that parses their content for semantic features like realism commonality and certainty as well as references to religion party or patriotic terms Beginning with a look at how societal forces like diversity and modernity manifest themselves as political tones in the contexts of particular leaders and events the authors proceed to consider how individual leaders have used tone to convey their messages How did Bill Clinton's clever dexterity help him recover from the Monica Lewinsky scandal How did Barack Obama draw on his experience as a talented community activist to overcome his inexperience as a national leader And how does Sarah Palin's wandering tone indicate that she trusts her listeners and is open to their ideas By focusing not on the substance of political arguments but on how they were phrased *Political Tone* provides powerful and unexpected insights into American politics

How Mexican Immigrants Made America Home Ash Imery-Garcia, 2018-07-15 As the demographics of the United States shift Mexican American issues and values are gaining traction Written by someone whose family immigrated to the United States after leaving Mexico this book explores the generations of Mexican immigrants and their American descendants who struggled for civil rights whose lands have been colonized and who have been the backbone of American industry and agriculture since the nineteenth century This book exposes a fickle culture surrounding work relations in a country that treated Mexican Americans not only like disposable labor but also like non citizens or nonpersons even with the Mexican government's complicity

The Secretary's National Conference on Fraud, Abuse, and Error, 1979 *DOE this Month*, 1991-06 **Weekly Compilation of Presidential Documents**, 2000 **Workfare States** Jamie Peck, 2001-02-13 This book examines the political economy of workfare the umbrella term for welfare to work initiatives that have been steadily gaining ground since candidate Bill Clinton's 1992 promise to end welfare as we know it Peck traces the development diffusion and implementation of workfare policies in the United States and their export to Canada and the United Kingdom He explores how reforms have been shaped by labor markets and political conditions how gender and race come into play and how local programs fit into the broader context of neoliberal economics and globalization The book cogently demonstrates that workfare rarely involves large scale job creation but is more concerned with deterring welfare claims and necessitating the acceptance of low paying unstable jobs Integrating labor market theory critical policy analysis and extensive field research Peck exposes the limitations of workfare policies and points toward more equitable alternatives

Johnny Cash and the Paradox of American Identity Leigh H. Edwards, 2009-02-25 Throughout his career Johnny Cash has been depicted and has depicted himself as a walking contradiction social protestor and establishment patriot drugged wildman and devout Christian crusader rebel outlaw hillbilly thug and elder statesman Leigh H Edwards explores the allure of this paradoxical image and its cultural significance She argues that Cash embodies irresolvable contradictions of American identity that reflect foundational issues in the

American experience such as the tensions between freedom and patriotism individual rights and nationalism the sacred and the profane She illustrates how this model of ambivalence is a vital paradigm for American popular music and for American identity in general Making use of sources such as Cash s autobiographies lyrics music liner notes and interviews Edwards pays equal attention to depictions of Cash by others such as Vivian Cash s publication of his letters to her documentaries and music journalism about him Walk the Line and fan club materials found in the archives at the Country Music Foundation in Nashville to create a full portrait of Cash and his significance as a cultural icon *The 2016 US Presidential Campaign*

Robert E. Denton Jr, 2017-07-21 This volume focuses on the 2016 Presidential campaign from a communication perspective with each chapter considering a specific area of political campaign communication and practice The first section includes chapters on the early candidate nomination campaigns the nominating conventions the debates political advertising and new media technologies The second section provides studies of critical topics and issues of the campaign to include chapters on candidate persona issues of gender wedge issues and scandal The final section provides an overview of the election with chapters focusing on explaining the vote and impact of new campaign finance laws and regulations in the 2016 election All the contributors are accomplished scholars in their areas of analysis Students scholars and general readers will find the volume offers a comprehensive overview of the historic 2016 presidential campaign **Love & Theft** Eric Lott, 2013-07-10

For over two centuries America has celebrated the same African American culture it attempts to control and repress and nowhere is this phenomenon more apparent than in the strange practice of blackface performance Born of extreme racial and class conflicts the blackface minstrel show appropriated black dialect music and dance at once applauded and lampooned black culture and ironically contributed to a blackening of America Drawing on recent research in cultural studies and social history Eric Lott examines the role of the blackface minstrel show in the political struggles of the years leading up to the Civil War Reading minstrel music lyrics jokes burlesque skits and illustrations in tandem with working class racial ideologies and the sex gender system Love and Theft argues that blackface minstrelsy both embodied and disrupted the racial tendencies of its largely white male working class audiences Underwritten by envy as well as repulsion sympathetic identification as well as fear a dialectic of love and theft the minstrel show continually transgressed the color line even as it enabled the formation of a self consciously white working class Lott exposes minstrelsy as a signifier for multiple breaches the rift between high and low cultures the commodification of the dispossessed by the empowered the attraction mixed with guilt of whites caught in the act of cultural thievery This new edition celebrates the twentieth anniversary of this landmark volume It features a new foreword by renowned critic Greil Marcus that discusses the book s influence on American cultural studies as well as its relationship to Bob Dylan s 2001 album of the same name Love Theft In addition Lott has written a new afterword that extends the study s range to the twenty first century
