Making Harmony Living In A Pluralist World:

Making Harmony Michael Amaladoss, 2003 *Michael Amaladoss and the Quest for Indian Theology* Enrico Beltramini, 2024-09-17 Michael Amaladoss is one of the most important Indian born theologians in twentieth century Roman Catholicism yet no scholarly monograph has been devoted to his work This book is a contribution to an ongoing assessment of his thought and an investigation of his main theological concerns **Waging Peace, Building a World in which Life Matters** Lalrinawmi Ralte, Stella Faria, 2004 Festschrift in honour of Gabriele Dietrich of Tamil Nadu Theological Seminary social activist and feminist contributed articles on diverse aspects predominantly on social status of women and feminism in India Interreligious Encounters Michael Amaladoss, 2017-06-22 In these collected essays on the topics of religious diversity and pluralism Michael Amaladoss S J advances his contention that there is no discussion of dialogue or religious pluralism in the abstract but only in the context of life in a multi religious world *Hope and Community* Veli-Matti Karkkainen, 2017-10-23 The culmination of K rkk inen s multivolume magnum opus This fifth and final volume of Veli Matti K rkk inen s ambitious five volume systematic theology develops a constructive Christian eschatology and ecclesiology in dialogue with the Christian tradition with contemporary theology in all its global and contextual diversity and with other major living faiths Judaism Islam Buddhism and Hinduism In Part One of the book K rkk inen discusses eschatology in the contexts of world faiths and natural sciences including physical cosmological and neuroscientific theories In Part Two on ecclesiology he adopts a deeply ecumenical approach His proposal for greater Christian unity includes the various dimensions of the church s missional existence and a robust dialogical witness to other faith communities *Encountering Transcendence* Lieven Boeve, Hans Geybels, Stijn Van den Bossche, 2005 This volume consists of several contributions to a refined understanding of religious experience in view of contemporary theological epistemology Diverse sample studies taken from the extensive field of religion theology and religious studies reveal that religious experience is today clearly a pivotal issue More specifically this is made evident in modern theological hermeneutics and in the anti modern and or post modern reactions thereto the theology of world religions and inter religious dialogue the contemporary resurgence of religiosity in Western society and culture and the so called turn to religion in contemporary continental philosophy It would appear from such studies that the category of religious experience is frequently called upon to clarify or explain the phenomenon of religion and religiosity on the one hand and to support and legitimise religious positions or the critique thereof on the other Because of the loss of plausibility of tradition bound religiosity and of foundational so called onto theological schemes religious experience has come to constitute for many the last or latest point of departure and anchor for religion and religious thinking This is certainly the case with respect to tendencies within contemporary Christian traditions and theological reflection In a multitude of ways and from a variety of different perspectives religious experience and experience of transcendence or of the divine have gained a prominent place in philosophical and fundamental theological conceptual

schemes In reaction to this other authors have denied the very primacy given to religious experience in reflecting upon faith pointing to the constitutive role of tradition and narrative without which there is no religious experience From all this follows that the category of religious experience is in great need of reconceptualisation not least from a theological point of view On the one hand religious experience is all too easily called upon to legitimise religious claims often against tradition and on the other hand the category has become misleading in so far as it is tainted by the modern scientific understanding of experience in reaction to which tradition is then easily invoked to protect the core of religion Both young scholars at the preceding junior conference and senior scholars during the conference s paper sessions presented from diverse perspectives new ways to conceive of religious experience in view of today s challenges of secularisation religious plurality the aestheticisation of religion etc The selected contributions have been arranged in four thematically oriented parts Approaching Religious Experience in a Postmodern Age Modern re Thinking of Religious Experience Liberating Religious Experience and Challenges for Spirituality

Public Theology Gnana Patrick,2020-04-07 This book situates public theology within the genre of political theology Drawing upon the distinct strands of political theologies identified by Daniel M Bell Jr Gnana Patrick treats public theology as the form of political theology for our contemporary era and takes special care to relate these strands of political theologies to the Indian context thereby opening up the theological horizon for Indian public theology Further Public Theology dwells upon certain prominent features of our contemporary global world and discerns the human need for experiencing transcendence today Taking faith to be the catalyst for this experience of transcendence it points to civil society as the interstice through which faith can be imparted to the contemporary world And it argues for the relevance of public theology for that work

The Cambridge Companion to the Jesuits Thomas Worcester,2008-03-20 Ignatius of Loyola 1491 1556 obtained papal approval in 1540 for a new international religious order called the Society of Jesus Until the mid 1700s the Jesuits were active in many parts of Europe and far beyond Gaining both friends and enemies in response to their work as teachers scholars writers preachers missionaries and spiritual directors the Jesuits were formally suppressed by Pope Clement XIV in 1773 and restored by Pope Pius VII in 1814 The Society of Jesus then grew until the 1960s it has more recently experienced declining membership in Europe and North America but expansion in other parts of the world This Companion examines the religious and cultural significance of the Jesuits The first four sections treat the period prior to the Suppression while section five examines the Suppression and some of the challenges and opportunities of the restored Society of Jesus up to the present

In Search of the Whole John C. Haughey,2011-09-29 The contributors to this inspiring anthology meet the challenge that everyone faces that of becoming a whole person in both their personal and professional lives John C Haughey SJ has gathered twelve professionals in higher education from a variety of disciplines philosophy theology health care business and administration What they have in common reflects the creative understanding of the meaning of catholic as Haughey has found it to operate in Catholic higher education Each essay in the first six chapters

describes how its author has assembled a unique whole from within his or her particular area of academic competence The last six chapters are more autobiographical with each author describing what has become central to his or her identity All twelve are anticipating an entirety with each contributing a coherence that is as surprising as it is delightful God, Spirit, and Human Wholeness Elochukwu Eugene Uzukwu, 2012-03-09 The Holy Spirit provides access to relationship with and reflection on the Triune God In West Africa Christians approach the Triune God in a way that challenges the Jewish Christian memory Deeply rooted in their ancestral memory where living is relationality they embrace the Trinitarian faith the economy of the relational God Christ Spirit by expanding and reinventing their indigenous experience of God deities spirits and ancestors Christian faith practice is marked by the spectacular dominance of the Holy Spirit whose charisms reflect the operations of deities African Initiated Churches AICs Protestant and Catholic charismatic movements experience God Spirit s liberating and healing hand for the enhancement and realization of communal and individual destiny what one expects from a concerned providential deity This book argues that the emergent West African Trinitarian imagination is in harmony with Hebrew insight into the One and Only Yahweh of the patriarchs that assumed the dimensions of Elohim God experienced as a sound of sheer silence by Elijah and proposed in utter weakness as the Only God by Deutero Isaiah the God that Jesus called Abba Father As Spirit and Life the Holy Spirit which is the source of all charisms Origen is our link to the Trinity

Witness to the Fullness of Light Skudlarek, William, Bäumer, Bettina, 2011-04 Swami Abhishiktananda Henri Le Saux OSB was a French Benedictine monk who went to India in 1948 and devoted his life to becoming a bridge between East and West between Hinduism and Christianity To mark the one hundredth anniversary of the birth of this great pioneer of interreligious dialogue Monastic Interreligious Dialogue sponsored a symposium in January 2010 at Shantivanam the ashram he and Abb Jules Monchanin founded in 1950 This book charts the influence that Abhishiktananda had on Christianity in India on other spiritual seekers engaging with Hinduism and Christianity and the continuing importance of his work today

Prophetic Dialogue, Challenges and Prospects in India L. Stanislaus, Alwyn D'Souza, 2003 Contributed articles presented at a seminar The Possibility of Convivence in Nigeria Felix Ikeagwuchi Agbara, 2011 Despite the present day democratic government s commitment to human rights socio cultural and religious clashes still pose a threat to Nigeria As a panacea a split according to ethnic and religious boundaries has been suggested on the other hand upholding the different strands might spell greater benefits for the country s development The basic assumption of both views is that ethnic and religious pluralism have led to conflicts but that they are fuelled by politics inequitable distribution of economic goods and the negative forces of globalization In this project examining these conflicts and the efforts made to resolve them particular attention will be paid to dialogue and reconciliation The key practice suggested is convivence a symbiosis of interactive and interpenetrative approaches based on intercultural and interreligious hermeneutical perspectives Seeds of Conflict in a Haven of Peace Frans Wijsen, 2007-01-01 On 7 August 1998 the American embassies in Nairobi and Dar es Salaam were

bombed and 200 people lost their lives These bombings shattered the image of Africa's tradition of peaceful religious coexistence Since then inter religious dialogue has been high on the agendas of ecclesial and religious organisations but not so much of faculties of theology and departments of religion in East Africa This book investigates why this is so How are interreligious relations dealt with in Africa and more particularly how are they and how should they be taught in institutions of higher learning This book is based on fieldwork in Nairobi from 2001 onwards It shows why Africa's tradition of peaceful co existence is not going to help Africa in the 21st century and recommends a shift in the education in inter religious relations from religions studies to inter religious studies

Religion and Conflict Attribution Francis-Vincent

Anthony,Chris Hermans,Carl J.A. Sterkens,2014-10-30 Religion can play a dual role with regard to conflict It can promote either violence or peace Religion and Conflict Attribution seeks to clarify the causes of religious conflict as perceived by Christian Muslim and Hindu college students in Tamil Nadu India These students in varying degrees attribute conflict to force driven causes namely to coercive power as a means of achieving the economic political or socio cultural goals of religious groups The study reveals how force driven religious conflict is influenced by prescriptive beliefs like religious practice and mystical experience and descriptive beliefs such as the interpretation of religious plurality and religiocentrism It also elaborates on the practical consequences of the salient findings for the educational process

Beyond Free Market Fayyaz Baqir,Sanni

Yaya,2021-05-18 This book explores the causes and consequences of market failure in bridging societal differences to create a shared economy It questions the current world order and evaluates socio economic gains in reference to the social origins of the economic agents With a need to counterbalance economic growth with social equality and environmental sustainability the book proposes innovative approaches to address key questions on the contemporary global economy such as Is the Global socio economic order supportive of the pursuit of rational and enlightened self interest Is it a unipolar power centre and neoliberal economic policy regime Can the system reinvent itself etc One approach encourages going back to the golden past

and making things great again insisting that history has ended and the failures of old global institutions be blamed on the Clash of Civilizations Another approach advocates giving up the intellectual comfort zone of elegant but irrelevant neo liberal explanations of global challenges and asking new questions that take academic debate to the public square The book examines the internal challenges and contradictions that cause disintegration and proposes alternative ideas and practices in moving the global community beyond the free market regime The book will appeal to students and academics of development studies political economy political science sociology as well as policymakers and public opinion makers interested in creating a new egalitarian global society
