Mannequin Man:

Profiles of the Mannequin Eric Feigenbaum, 2024-09-05 They've been referred to as the quintessential silent sales force but they are so much more than fancy clothes hangers. Mannequins breathe life, emotion, and animation into retail environments across the world. They are works of art that tap into the emotions and aspirations of all who engage with them. *Profiles of the Mannequin* tracks the history and evolution of these intriguing figures from the headless models of 1900 right up to today's virtual mannequins. Exploring shifts in representation of gender, race, and body type, this study chronicles the connection between mannequins and movements in art, the humanities, current affairs, and fashion. Beautifully illustrated and engagingly told, fascinating in depth, interviews with creative professionals recount their experiences, philosophies, and stories of the mannequin and its impact on our culture as both a utilitarian object and as an artistic statement. Interviewees include Carol Barnhart, former owner and CEO of Carol Barnhart Inc.; Harry Cunningham, former Senior Vice President of Store Planning, Design, and Visual Merchandising at Saks Fifth Avenue; James Damian, former President of Hingsdale's Mannequins USA; Paul Olszewski, former National Director of Windows and Internal Flagship Marketing at Macy's; Barbara Paris Gifford, Curator of the Museum of Art and Design (MAD) in New York; Ralph Pucci, mannequin designer, gallery owner, and entrepreneur; Rob Smith, the CEO and Founder of the Fluid Project, the first gender-neutral store in the retail industry. , **Hollow Puppets** Ryan Cousins, 2022-10-31 What started out as an investigation into possible murders soon reveals a much darker, older game at play. Suspending everything they have come to believe in and drawing on powers previously unimagined, Jackson and Alex embark on a journey that will leave you breathless in anticipation and horror. Their road is twisted and dark, but they face it together, drawing ever closer, united in terror. In their quest for answers, Jackson will need to master himself and his evolving abilities so that he will be ready for the inevitable climactic showdown with a shadowy, mysterious force. A force of unimaginable age intent upon manipulating them towards its own evil ends by squeezing every bit of horror, heartache, and desperation from both of them. Jackson has limited time to become what he was always meant to be: will it be enough?

Eliseo Subiela in Life and Cinema Nancy J. Membrez, 2022-03-11 Audiences never have a lukewarm opinion of a Subiela film. They either love it passionately or hate it profoundly. That Eliseo Subiela (Buenos Aires 1944-2016) an original and sensitive thinker, survived and indeed thrived in economically challenged Argentina while garnering more accolades abroad than in his own country is a tribute to his grit, intelligence, imagination, and persistence of vision. With an astounding list of prizes and honors, he was a world-class auteur. Even when he was making a TV commercial, his surreal style and poetic sensibility were unmistakable. This book represents the culmination of 20 years of research and personal correspondence with Eliseo Subiela. Through ten scholarly studies and five interviews, it sheds light on his life, aesthetics, obsessions, struggles with madness, and, of course, his films. It addresses his earlier career in advertising, lifelong artistic influences, screenwriting techniques, critical reactions to his films, and what Subiela's example has to offer aspiring filmmakers, especially those in Latin

Rentzou,2022-09-15 How did the avant garde imagine its interconnected world And how does this legacy affect our understanding of the global today The writers and artists of the French avant garde aspired to reach a global audience that would be wholly transformed by their work In this study Effie Rentzou delves deep into their depictions of the interwar world as an international and modern landscape one marked by a varied cosmopolitanism The avant garde s conceptualization of the world paralleled rejected or expanded prevailing notions of the global sphere The historical avant garde which encompassed movements like futurism Dada and surrealism was self consciously international operating across global networks and developed with the whole world as its horizon and its public In the heady period between the end of the Belle poque and the tumult of World War II both individual artists including Guillaume Apollinaire Blaise Cendrars Francis Picabia Louis Aragon Leonora Carrington and Nicolas Calas and collective endeavors such as surrealist magazines and exhibitions grappled with contemporary anxieties about economic growth imperialism and colonialism as well as various universalist cosmopolitan and internationalist visions By probing these works Concepts of the World offers an alternative narrative of globalization one that integrates the avant garde s enthusiasm for as well as resistance to the process Rentzou identifies within the avant garde a powerful political language that expressed the ambivalence of living and creating in an increasingly globalized world a language that profoundly shaped the way the world has been conceptualized and is experienced today
