Marriage And Family In The Modern World Readings:

Marriage and Family in the Modern World Ruth Shonle Cavan,1965 **Marriage and Family in the Modern World a Book of Readings** Ruth Shonle Cavan,1971 **Marriage and Family in the Modern World: Readings** Ruth Shonle Cavan,1974 **Marriage and family in the modern world** ,1967 **The Dynamics of Modern Society** William Goode,2017-09-05 Social research efforts are often more concerned with basic social processes or patterns than with the dynamic relationship between social processes and social institutions In this classic collection contributors posit generalizations drawn from contemporary sociology Their analyses go beyond elementary principles they interpret them qualify them or state them more precisely Each of the contributors focuses on the modern American social structure and they are either explicitly comparative or have made observations that clearly are meant to apply to many countries This volume both embodies and draws attention to newer developments in sociology Like most steps forward in an advancing science this orientation does not reject the older knowledge accumulated during earlier generations but incorporates and expands upon it The differences are in emphasis rather than any denial of the main body of accepted theory On the other hand the collection may be said to represent a response to the many criticisms by humanists and sociologists alike of the mainstream of contemporary sociology as it existed at the time of original publication in the late 1960s Inquiries into social changes like sociological studies of historical phenomena may be viewed as modes of a comparative sociology They permit us to test more fully sociological generalizations The emphasis in this volume on historical and comparative studies and on social change parallels the growing attention of sociology to these problems During the 1960s social science turned from a nearly exclusive preoccupation with middle class populations to a concern with social relations in other societies past as well as present In addition to enriching our knowledge this broader view has increased both the precision and generalizing power of sociological principles Marriage and Family Atlee L. Stroup,1966 *Cultural Anthropology* Stephen A. Grunlan,Marvin K. Mayers,2016-11-22 This volume on cultural anthropology presents a Christian perspective for Bible school students of conservative evangelical backgrounds The hope is that a sympathetic approach to the problems of cultural diversity throughout the world will help young people overcome typical North American cultural biases and bring understanding and appreciation for the diversities of behavior and thought that exist in a culturally heterogeneous world Grunlan and Mayers take the position of functional creationism and though they discuss some of the problems implied in traditional interpretations of the age of the world and especially of the creation of the human race they do not attempt to deal with either physical anthropology or the origins of man They do however attempt to deal meaningfully with the problems posed by biblical absolutism and cultural relativism and their practice Concluding chapters with a series of thought provoking questions should prove to be of real help to both the professional and nonprofessional teacher of anthropology **World History** Candice Goucher,Linda Walton,2013-07-24 World History Journeys from Past to Present uses common themes to

present an integrated and comprehensive survey of human history from its origins to the present day By weaving together thematic and regional perspectives in coherent chronological narratives Goucher and Walton transform the overwhelming sweep of the human past into a truly global story that is relevant to the contemporary issues of our time Revised and updated throughout the second edition of this innovative textbook combines clear chronological progression with thematically focused chapters In this volume chapters are divided into three parts as follows PART 1 EMERGENCE Human origins to 500 CE PART 2 ORDER 1 CE 1500 CE PART 3 CONNECTIONS 500 1600 CE The expanded new edition features an impressive full color design with a host of illustrations maps and primary source excerpts integrated throughout Chapter opening timelines supply context for the material ahead while end of chapter questions and annotated additional resources provide students with the tools for independent study Each chapter and part boasts introductory and summary essays that guide the reader in comprehending the relevant theme In addition the companion website offers a range of resources including an interactive historical timeline an indispensable study skills section for students tips for teaching and learning thematically and PowerPoint slides lecture material and discussion questions in a password protected area for instructors This textbook provides a basic introduction for all students of World History incorporating thematic perspectives that encourage critical thinking link to globally relevant contemporary issues and stimulate further study
