the Age of Revolution to the Great Depression Gregory D Smithers historicizes the dissemination and application of scientific and social scientific ideas within the process of nation building in two countries with large Indigenous populations and shows how intellectual constructs of race and sexuality were mobilized to subdue Aboriginal peoples Building on the comparative settler colonial and imperial histories that appeared after the book s original publication this completely revised edition includes two new chapters In this singular contribution to the study of transnational and comparative settler colonialism Smithers expands on recent scholarship to illuminate both the subject of the scientific study of race and sexuality and the national and interrelated histories of the United States and Australia

Slave Breeding Gregory D. Smithers,2012-11-01 This book is an exploration of the idea of selective and forced slave breeding in the U S based on the collective memory and folktales of the descendants of enslaved people For over two centuries the topic of slave breeding has occupied a controversial place in the master narrative of American history From nineteenth century abolitionists to twentieth century filmmakers and artists Americans have debated whether slave owners deliberately and coercively manipulated the sexual practices and marital

status of enslaved African Americans to reproduce new generations of slaves for profit In this bold and provocative book a historian investigates how African Americans have narrated remembered and represented slave breeding practices He argues that while social and economic historians have downplayed the significance of slave breeding African Americans have never been able to forget the trauma of violence and sexual coercion associated with the plantation South By placing African American histories and memories of slave breeding within the larger context of America s history of racial and gender discrimination the author reveals how sexual exploitation was both experienced and remembered by African Americans to inform how Black Americans understand the political social and cultural nature of life in the United States This fascinating provocative work sheds much needed light on African American cultural memories the perceptions of fragile Black families and the long history of racially motivated violence against men women and children of color *North Carolina Slave Narratives* Federal Writers Project,1938-01-01 From 1936 to 1938 the Works Projects Administration WPA commissioned writers to collect the life histories of former slaves This work was compiled under the Franklin Roosevelt administration during the New Deal and economic relief and recovery program Each entry represents an oral history of a former slave or a descendant of a former slave and his or her personal account of life during slavery and emancipation These interviews were published as type written records that were difficult to read This new edition has been enlarged and enhanced for greater legibility No library collection in North Carolina would be complete without a copy of *North Carolina Slave Narratives*

The “Colored Hero” of Harpers Ferry Steven Lubet,2015-08-27 This is the first and only biography of one of John Brown s African American comrades John Anthony Copeland [True Stories of Black South Carolina](#) Damon L. Fordham,2008-03-07 From the Upstate to the Lowcountry African Americans have had a gigantic impact on the Palmetto State Unfortunately their stories are often overshadowed Collected here for the first time this selection of essays by historian Damon L Fordham brings these stories to light Rediscover the tales of Samuel Smalls the James Island beggar who inspired DuBose Heywards Porgy and Denmark Vesey the architect of the great would be slave rebellion of 1822 Learn about the blacks who lived and worked at what is now Mepkin Abbey the Spartanburg woman who took part in a sit in at the age of eleven and Dr Martin Luther King Jr s visit to Charleston in 1967 These articles are well researched and provide an enlightening glimpse at the overlooked contributors to South Carolinas past **Science, Sexuality, and Race in the United States and Australia, 1780s-1890s** Gregory D. Smithers,2013-02-01 This book combines transnational history with the comparative analysis of racial formation and reproductive sexuality in the settler colonial spaces of the United States and British Australia Specifically the book places whiteness and the changing definition of what it meant to be white in nineteenth century America and Australia at the center of our historical understanding of racial and sexual identities In both the United States and Australia whiteness was defined in opposition to the imagined cultural and biological inferiority of the Indian Negro and Aboriginal savage Moreover Euro Americans and Euro Australians shared a common belief that whiteness

was synonymous with the extension of settler colonial civilization. Despite this, two very different understandings of whiteness emerged in the nineteenth century. The book therefore asks why these different racial understandings of whiteness and the quest to create culturally and racially homogeneous settler civilizations developed in the United States and Australia.

Slave Narratives: Interviews with Former Slaves: Arkansas Narratives, Part 2 Work Projects

Administration, 2012-12-17 After the Revolutionary War, millions of African descendent men and women remained slaves despite being freed by the English. Nearly 100 years later they were freed but remained living in fear for their lives in the Southern States. This book details first hand accounts of what it was like to live under the hand of oppression and slavery. The language is harsh and direct but shows what life truly was like by the stories and pictures of individuals who lived during this era. This book is for any history major or any individual who wants to find America's dark past. It is filled with stories and language that may be disturbing to some but shows the true life under slavery in America. This book has been left unedited as originally written in 1938. 39
