My Head My Heart A Little History Of:

Thomas Jefferson Alf Johnson Mapp (Jr.), Alf J. Mapp, Jr., 2009-01-16 Follows Jefferson from his inauguration as President in 1801 to his death at the age of 83 on July 4 1826 It embraces the eight years as Chief Executive in which he doubled the size of the United States by his daring Louisiana Purchase sent Meriwether Lewis and William Clark on one of the world's greatest expeditions of exploration and challenged the formidable Chief Justice John Marshall with a major program of judicial reform It proves the falseness of the stereotype that Jefferson ignored national defense and tried to keep the Navy weak The book shows him late in life with ideas that have relevance today planning a system of public education and founding the University of Virginia and it reveals better than any other biography to date the intimate details of the lonely private battle he fought during his last tortured but ultimately triumphant decade **Mr. Jefferson's Women** Jon

Kukla, 2008-10-14 From the acclaimed author of A Wilderness So Immense comes a pioneering study of Thomas Jefferson's relationships with women both personal and political The author of the Declaration of Independence who wrote the words all men are created equal was surprisingly uncomfortable with woman In eight chapters Kukla examines the evidence for the founding father's youthful misogyny beginning with his awkward courtship of Rebecca Burwell who declined Jefferson's marriage proposal and his unwelcome advances toward the wife of a boyhood friend Subsequent chapters describe his decade long marriage to Martha Wayles Skelton his flirtation with Maria Cosway and the still controversial relationship with Sally Hemings A riveting study of a complex man Mr Jefferson's Women is sure to spark debate **Thomas Jefferson: The**
