**My Lives Between Hitler and Stalin** George Lewens, 1992      **The Lost Life of Eva Braun** Angela Lambert, 2014-09-02 Eva Braun is one of history's most famous nonentities. She has been dismissed as a racist feathered-headed shop girl yet sixty-two years after her death her name is still instantly recognizable. She left her convent school at the age of seventeen and met Hitler a few months later. She became his mistress before she was twenty. How did unsophisticated little Fraulein Braun, twenty-three years his junior, hold the most powerful man in Europe in an exclusive sexual relationship that lasted from 1932 until their joint suicide? Were they really lovers and what were the background influences and psychological tensions of the middle-class Catholic girl from Munich who shared his intimate life? How can her ordinariness and apparent decency be reconciled with an unshakeable loyalty to the monster she loved? She left almost no personal material or documents but her private diary and photograph albums show that her life with Hitler far from being a luxurious sinecure caused her emotional torture. His chauffeur called her the unhappiest woman in Germany. The Führer humiliated her in public while the top Nazis' wives living in his privileged enclave on a Bavarian mountainside despised her. Yet Albert Speer said she has been much maligned. She was very shy, modest, a man's woman, gay, gentle and kind, incredibly undemanding, a restful sort of girl. And her love for Hitler as she proved in the end was beyond question. Eva loved the Führer not for his power nor because thanks to him she lived in luxury. His material gifts were nothing compared with the one thing she really wanted: his child. She remained invisible and unknown, a nonperson. They were never seen in public together and she never saw him alone except in the bedroom yet their long relationship was a sort of marriage. Angela Lambert reveals a woman the world never knew until the last twenty-four hours of her life. In the small hours of April 29, 1945, as Allied troops raced to capture Berlin and the bunker below the Reichskanzlei where the defeated Nazi leaders were hiding, Eva Braun finally achieved her life's ambition by becoming Hitler's wife. Next day they both swallowed cyanide and died instantly. She was young, healthy and thirty-three years old. Based on detailed new research, this is an authoritative biography, only the second life of Eva written in English.

**The Dictators: Hitler's Germany, Stalin's Russia** Richard Overy, 2006-01-17 A book of great importance, it surpasses all others in breadth and depth. Commentary: If the past century will be remembered for its tragic pairing of civilized achievement and organized destruction at the heart of darkness, may be found Hitler, Stalin and the systems of domination they forged. Their lethal regimes murdered millions and fought a massive, deadly war. Yet their dictatorships took shape within formal constitutional structures and drew the support of the German and Russian people. In the first major historical work to analyze the two dictatorships together in depth, Richard Overy gives us an absorbing study of Hitler and Stalin ranging from their private and public selves, their ascents to power and consolidation of absolute rule to their waging of massive war and creation of far-flung empires of camps and prisons. The Nazi extermination camps and the vast Soviet Gulag represent the two dictatorships in their most inhuman form. Overy shows us the human and historical roots

of these evils     *Dangerous Liaisons* Claudia Moscovici, 2011-11-15 What do Scott Peterson Neil Entwistle and timeless literary seducers epitomized by Don Juan and Casanova have in common They are charismatic glib and seductive men who also embody the most dangerous human qualities a breathtaking callousness shallowness of emotion and the incapacity to love In other words these men are psychopaths Unfortunately most psychopaths don't advertise themselves as heartless social predators They come across as charming intelligent romantic and kind Through their believable mask of sanity they lure many of us into their dangerous nets *Dangerous Liaisons* explains clearly what psychopaths are why they act the way they do how they attract us and whom they tend to target Above all this book helps victims find the strength to end their toxic relationships with psychopaths and move on stronger and wiser with the rest of their lives     **Politics and the**

**Intellectual** Irving Howe, 2010 A compilation of Irving Howe's interviews during the last fifteen years of his life this book represents what could be viewed as the sequel to Howe's intellectual autobiography *A Margin of Hope* which took the story of his life only up to the late 1970s Many of these interviews were never published and have existed only as personal tapes in the hands of such scholars and activists as Todd Gitlin and Maurice Isserman Others were originally published in such venues as *The New York Times* *The Jerusalem Post* and the PBS documentary *Arguing the World* Howe never organized his thoughts about the last fifteen years of his life during which he gained renown for *World of Our Fathers* received a MacArthur Fellowship and became widely regarded as the leading left liberal intellectual in the U.S. and arguably the leading literary critic in America following the deaths of Lionel Trilling and Edmund Wilson During this time Howe also struggled to redefine the American Left in an environment that discounted and marginalized it Indeed these interviews may have particular significance today a period of new opportunities for the liberal Left yet one in which it struggles to construct some coherent identity and compelling program The editors worked with the full cooperation of Howe's family His daughter Nina contributed an afterword and provided a number of illustrations and photos that have never before appeared in print Book Jacket     *Astrid Lindgren* Jens Andersen, 2018-01-01 A powerful biography of the internationally renowned writer who created one of the most enduring characters in children's literature     **Child of a Mountainous Land** ,     Foreign

Tinny, *Libertarian Literary Criticism*, Relying on new revelations this book reconstructs Adolf Hitler's semiosis iconography and goals It shows that Hitler launched a form of National Socialism that is concealed by the mainstream media and its social media lackeys They hide how Hitler was inspired by Germany's other infamous political philosopher Karl Marx Germany's two top white male racist socialists stay in vogue even though their policies remain a mystery to the multitudes For example the following facts with credit to the archives of the swastikologist Dr Rex Curry will come as news to the huddled masses 1 NEW SWASTIKA DISCOVERY Hitler's symbol is the reason why Hitler renamed his political party from DAP to NSDAP

National Socialist German Workers Party because he needed the word Socialist in his party's name so that Hitler could use swastikas as S letter shaped logos for SOCIALIST as the party's emblem The party's name had to fit in Hitler's socialist branding campaign that used the swastika and many other similar alphabetical symbols including the SS and SA and NSV and VW etc He was selling socialism by selling flags and related merchandise It resembled the advertising campaign of the American socialist Francis Bellamy 2 The term swastika never appears in the original Mein Kampf There is no evidence that Hitler ever used the word swastika The symbol that Hitler did use was intended to represent S letter shapes for socialist 3 NEW LENIN S SWASTIKA REVELATION Vladimir Lenin's swastika is exposed herein The impact of Lenin's swastikas was reinforced at that time with additional swastikas on ruble money paper currency The swastika became a symbol of socialism under Lenin It's influence upon Adolf Hitler is explained in this book 4 Hitler altered his own signature to reflect his S shapes for socialism logo branding 5 Hitler and Marx were popular in the USA Two famous American socialists the cousins Edward Bellamy and Francis Bellamy were heavily influenced by Marx The American socialists returned the favor Francis Bellamy created the Pledge of Allegiance to the Flag that produced Nazi salutes and Nazi behavior The Bellamy cousins were American national socialists 6 The classic military salute to the brow also contributed to the creation of the Nazi salute with the right arm extended stiffly 7 The Bellamy cousins promoted socialist schools that imposed segregation by law and taught racism as official policy 8 Hitler and his supporters self identified as socialists by the very word in voluminous speeches and writings The term Socialist appears throughout Mein Kampf as a self description by Hitler 9 Hitler never called himself a Nazi There was no Nazi Germany There was no Nazi Party Those terms are slang to hide how Hitler and his comrades self identified SOCIALIST 10 Hitler never called himself a Fascist That term is misused to hide how Hitler and his comrades self identified SOCIALIST 11 The term Nazi isn't in Mein Kampf nor in Triumph of the Will 12 The term Fascist never appears in Mein Kampf as a self description by Hitler 13 Mussolini was a long time socialist leader with a socialist background raised by socialists to be a socialist and he joined socialists known as fascio fasci and fascisti 14 Fascism came from a socialist e g Mussolini Communism came from a socialist e g Marx Fascism and Communism came from socialists 15 German socialists and Soviet socialists partnered for International Socialism in 1939 They launched WWII invading Poland together and continued onward from there killing millions Soviet socialism had signed on for Hitler's Holocaust 16 After Hitler's death Stalin continued the plan he had made with Hitler for Global Socialism Stalin took over the same areas that Hitler had captured He used the same facilities that Hitler had used Hitler's Holocaust never ended Stalin replaced Hitler

**Close Calls** Jeremiah Reedy, 2009-12-29 The title of these memoirs may suggest that I wrote them against my will That would be only half right A part of me wanted to write an account of my life and another part of me opposed doing so In the end I overcame my misgivings and went ahead I realize that writing one's memoirs may sound pretentious since it used to be that only important people such as former presidents and retired diplomats did so This is no longer the case there are now kids of

twenty five who are writing memoirs There are several advantages in recording one s memoirs instead of writing history For one thing readers can always criticize the historian if they find errors of fact The memoirist is however incorrigible in the original Latin sense of the word since no one can say That s not how you remember that event Another advantage is that it doesn t require a lot of research I have written fifteen page scholarly articles that have sixty five footnotes I ve sometimes read whole books just to support one sentence with one footnote For a long time I ve thought how much fun it would be to write something that wouldn t require months of research and it was fun Anyone who relaxes closes his eyes and travels back in time will be astounded to discover how much is stored deep down in the recesses of the mind I made outlines and drafts full of abbreviations and then I dictated to my computer using MacSpeech Dictate It s wonderful to speak and see the words appear on the screen Of course the first draft required extensive editing for many reasons but I enjoyed that too In a sense I only did what grandparents have done since tape recorders were invented but now technology enables us to turn it into a book The bare bones non scintillating style of what I have produced is partially due to the fact that it was dictated I could have spent months or even years polishing what I have written but as the poet Andrew Marvell put it At my back I always hear Time s winged chariot hurrying near I mainly have my grandchildren in mind as an audience but it may be that other relatives and even some friends will find the end product diverting I have no illusions about any widespread interest and I certainly don t expect to sell any copies or earn any royalties If there is a pattern to my life it is that Divine Providence repeatedly saved me from my own foolishness Time and again I wanted something desperately and didn t get it only to find that God had something much better in store for me There were many more close calls than I discuss herein many too frightening to contemplate or record Looking at what I ve accomplished in another way a cynical friend once told me I haven t done as well as my friends expected but I ve done better than my enemies hoped There is much to be thankful for My teacher Elizabeth Jarrett Andrew read a draft of the manuscript and made many valuable suggestions It is a pleasure to thank her publicly for her assistance and inspiration

Trotsky Dmitrii Antonovich Volkogonov,1996 A biography of the Russian revolutionary Leon Trotsky      Stalin's Cold War Caroline Kennedy-Pipe,1995 In the first analysis of the start of the Cold War from a Soviet viewpoint Caroline Kennedy Pipe draws on Russian source material to reach some startling conclusions She challenges the prevailing orthodoxy of Western historians to show how Moscow saw the presence of US troops in Europe in the 1940s and early 1950s as advantageous rather than as a check on Soviet ambitions The author points to a complex web of concerns than fuelled Moscow's actions and explores how the Soviet leadership and Stalin in particular responded to American policy She shows how the Soviet experience of the United States and Europe both before during and after the Second World War led Moscow to a policy that was not simply fuelled by anti Americanism Six chapters cover events from the wartime conferences of 1943 until the death of Stalin A final chapter places the book in the context of the current debate over the causes of the Cold War      Openings & Outings David,2022-06-07 Openings Outings brings together over forty pieces from the long and distinguished career of the writer and commentator David Pryce Jones Taking us from a meeting with Rudolf Hess's widow to the slums of Tangier to the front lines of the Israeli Palestinian conflict with many stops in between Openings Outings presents over fifty years of insight from a writer with endless scope and perspective      **The Cold War** Bridget Kendall,2017-07-06 The Cold War is one of the furthest reaching and longest lasting conflicts in modern history It spanned the globe from Greece to China Hungary to Cuba and lasted for almost half a century It has shaped political relations to this day drawing new physical and ideological boundaries between East and West In this meticulously researched account Bridget Kendall explores the Cold War through the eyes of those who experienced it first hand Alongside in depth analysis that explains the historical and political context the book draws on exclusive interviews with individuals who lived through the conflict's key events offering a variety of perspectives that reveal how the Cold War was experienced by ordinary people From pilots making food drops during the Berlin Blockade and Japanese fishermen affected by H bomb testing to families fleeing the Korean War and children whose parents were victims of McCarthy's Red Scare The Cold War covers the full geographical and historical reach of the conflict The Cold War is essential reading for anyone seeking to understand how the tensions of the last century have shaped the modern world and what it was like to live through them      **Discovering Myself** Richard Lohring,2019-10-14 Is philosophy just the thoughts of a few men who lived long ago Not really Each of us develops our own opinions about life and this is philosophy Most of us don't take the time to write down these thoughts Some people find it interesting to read the Meditations of Marcus Aurelius Antoninus an emperor of ancient Rome This book provides the thoughts of a citizen in twentieth century United States of America      **Soft Power Superpowers** Yasushi Watanabe,David L McConnell,2015-01-28 The term soft power describes a country's ability to get what it wants by attracting rather than coercing others by engaging hearts and minds through cultural and political values and foreign policies that other countries see as legitimate and conducive to their own interests This book analyzes the soft power assets of the United States and Japan and how they

contributed to one of the most successful if unlikely bilateral relationships of the twentieth century Sponsored by the U S Social Science Research Council and the Japan Foundation s Center for Global Partnership the book brings together anthropologists political scientists historians economists diplomats and others to explore the multiple axes of soft power that operate in the U S Japanese relationship and between the United States and Japan and other regions of the world The contributors move beyond an either or concept of hard versus soft power to a more dynamic interpretation and demonstrate the important role of non state actors in wielding soft power They show how public diplomacy on both sides of the Pacific bolstered by less formal influences such as popular cultural icons product brands martial arts baseball and educational exchanges has led to a vibrant U S Japanese relationship since World War II despite formidable challenges Emphasizing the essentially interactive nature of persuasion the book highlights an approach to soft power that has many implications for the world today     Evolution and Religion Michael Ruse,2008-05-13 Ruse a leading expert on Charles Darwin presents a fictional dialogue among characters with sharply contrasting positions regarding the tensions between science and religious belief     Hearings, Reports and Prints of the Senate Committee on the Judiciary United States.
