*Act Your Age!* Kenneth Harris, 2021-05-06 *Act Your Age* A command in these or similar words was heard by most of us soon after we learned to walk and often heard repeated as we trekked our way through childhood As adulthood arrived perhaps you like the author have occasionally heard again that early exhortation ringing softly in your ears Now don't forget to act your age The author presents stories from his life as a suburban Oklahoma boy time study engineer financial analyst safety engineer police officer father of four grandfather of fourteen and pastor that provide an intimate candid lively and imaginative chronology from his youth up to the present day of his retirement in the panhandle of northern Idaho Emotions run the gamut from the deep sadness and vacuum of tragic loss to the joyful and raucous laughter found only in families Occasionally rational explanation eludes all efforts and he is forced to fall back on divine intervention Many were the opportunities that seemed to say Act Your Age In some he did In some he didn't You be the judge *Rachel Yoder Story*

**May the Spirit Be Unbroken** Maxine Louise Michel De Felice, 2012-10-04 This story is about the resilience of the human spirit following three generations of activist families and the author as child and adult in the context of radical change movements of the twentieth century The constant chant from the author's mother When all the children in the world are happy only then do you have a right to be was character defining as were her many traumatic

experiences growing up during the McCarthy era witch hunts of the 1940s and 1950s History of her grandparents participation in an educational commune alternative living styles and researched labor union history provides an exciting backdrop Almost Fifty Years' Experience as a Pediatrician Paul N. Tschetter, MD, 2024-11-06 Slightly shy of a half century allows time for many events and experiences both professional and personal Dr Tschetter's personal health issues are chronicled as are personal family life events including the premature birth of a grandchild cancer and even death The dramatic changes in medicine are briefly outlined Knowledge concepts and procedures that were never dreamed of now shatter the imagination Sequencing of the human genome created therapies that stagger the mind Therapies once felt to be beneficial are found to be of no benefit and even harmful During forty nine years of medical practice there were many tears and joys Some of the interesting cases are shared with the reader including a discussion of their details and significance Death is not unknown in pediatric medicine Unfortunately children are not immune to dying nor are their parents In the early 1900s life expectancy was approximately forty five years Currently people are living into their late seventies A decrease in childhood mortality is a major factor This dramatic change is attributed in large part to vaccines I hope this book gives readers some insight into the lives of the women and men who have answered the call to serve in the medical profession Being a pediatrician was a highlight of my life and I hope you will appreciate we are not super human We simply have a desire to care for our children and fellow humans **Sealed with a Thread** Jeshma Chand, 2019-07-08 The female protagonists in the stories search for that one moment of realisation in life the moment when life falls apart Sometimes it is a way into something else sometimes it is a way out sometimes it's a path in between However more often than not they don't know that they are in search of that moment How is that passing moment going to change the way they look at life Where and how will it occur Are they ready for it **Hearings** United States. Congress Senate, 1967 Orphan in the Storm Julie Z. Roth, 2015-02-09 This is my own story of how I overcame unbelievable poverty and neglect I was told by my dad that I wasn't even worth educating yet I managed to escape the torment of shame and guilt to become a top wage earner in the Information Age and excelled beyond my own expectations in college It's the story of Dad's death at only forty one leaving Mom with five children two months pregnant with number six a half built house with no indoor plumbing no water supply a stick shift Chevy that she couldn't drive a 2 000 life insurance policy and nothing in the bank It's the story of how our Heavenly Father came to our rescue with one miracle after another to keep us safe and together when we by all appearances were destined to doom It's my personal testimony of the many supernatural experiences that have no other explanation than simply miracles Lost and Found Geneen Roth, 2011-03-22 The 1 New York Times bestselling author of *Women Food and God* maps a path to meeting one of our greatest challenges how we deal with money When Geneen Roth and her husband lost their life savings in the Bernard Madoff debacle Roth joined the millions of Americans dealing with financial turbulence uncertainty and abrupt reversals in their expectations The resulting shock was the catalyst for her to explore how women's

habits and behaviors around money as with food can lead to exactly the situations they most want to avoid Roth identified her own unconscious choices binge shopping followed by periods of budgetary self deprivation treating herself in ways that ultimately failed to sustain and using money as a substitute for love among others As she examined the deep sources of these habits she faced the hard truth about where her self protective financial decisions had led With irreverent humor and hard won wisdom she offers provocative and radical strategies for transforming how we feel and behave about the resources that should and can sustain and support our lives

struggles of his family as they strove to achieve the American dream and how he and his siblings went on to earn master degrees and doctorates from prestigious universities all because his parents took a leap of faith and held on to the courage of building a new life Some of stories Vinh shares are The family s perilous journey through pirate attacks on a lawless sea The grueling life of being in a refugee camp in Malaysia before their rescue by World Vision Their miraculous rescue and a new home in the unlikely town of Fort Smith Arkansas Vinh s struggles against poverty discrimination and a bewildering language barrier His graduation from Harvard Medical School Where the Wind Leads is Vinh s tribute to the courage and sacrifice of his parents a testimony to his family s faith and a reminder to people everywhere that the American dream while still possible carries with it a greater responsibility
