Re-thinking Travel Writing Ben Stubbs, Lee Mylne, 2024-03-30 This book stems from the question that we as co authors grappled with for the past 3 plus years while in our own periods of stasis during the pandemic What place does the travel writing genre hold in a post COVID world With the massive interruptions to travel and travel writing across 2020 2023 as the pandemic forced us indoors and into isolation it also raised many other pertinent questions about the practice of and future of travel writing Part of the prompt for this book comes from the post pandemic assumption that in an ecologically fraught less mobile and more uncertain world there may not be a place for travel writing as we know it to exist in any meaningful way We examine the problems and solutions apparent for travel writing as it engages with a period of re thinking prompted by the pandemic though necessary for a plethora of other reasons as well As academics and travel writing practitioners with decades of experience in the field we offer a unique perspective on this topic as we have the in the field experience of professional travel writers and we have the academic grounding to better understand the history theoretical concerns and contradictions of the genre to provide a more in depth perspective to our travel writing colleagues This grounding allows us to access a unique and valuable perspective for Re thinking Travel Writing The Journey of a Genre for academics aspiring travel writers and contemporary colleagues in the field

Gunaratne, 2012 The author describes and dramatizes the most memorable places visited often with accompanied family members since leaving the country of his birth in 1966 Author notes After my retirement in 2007 I found the time to compile this travelogue using the notes in my diaries and updating the material through online research with particular help from the constantly revised Wikipedia entries In this process I learned to make each travel essay an evergreen that would not perish soon after its publication as in the case of newspaper travel pieces Travel has shaped my personality Global travel to get to know culturally diverse people was one of my childhood ambitions Moreover travel is an essential aspect of a journalists life Therefore my travels constitute a very important part of my autobiography I included detail in the hope that the reader would keep this volume for long term reference My explorations of U S national parks and my camping expeditions should be of particular interest to family oriented travelers
