My Secret Service:

I Am a Secret Service Agent Dan Emmett, Charles Maynard, 2017-06-06 Adapted from Within Arm's Length for a younger audience a rare inside look at the Secret Service from an agent who protected Presidents George H W Bush Bill Clinton and George W Bush Dan Emmett was just eight years old when President John F Kennedy was assassinated From that moment forward he knew he wanted to become a Secret Service agent one of an elite group of highly trained men and women dedicated to preserving the life of the President of the United States at any cost including sacrificing their own lives if necessary Armed with single minded determination and a never quit attitude he did just that Selected over thousands of other highly qualified applicants to become an agent he was eventually chosen to be one of the best of the best and provided protection worldwide for Presidents George Herbert Walker Bush William Jefferson Clinton and George W Bush I Am a Secret Service Agent skillfully describes the duties and challenges of conducting presidential advances dealing with the media driving the President in a bullet proof limousine running alongside him through the streets of Washington and flying with him on Air Force One With fascinating anecdotes Emmett weaves keen insight into the unique culture and history of the Secret Service with the inner workings of the White House I Am A Secret Service Agent is a must read for young adults interested in a career in federal law enforcement

In the President's Secret Service Ronald Kessler, 2010-08-03 After conducting exclusive interviews with more than one hundred current and former Secret Service agents bestselling author and award winning reporter Ronald Kessler reveals their secrets for the first time Never before has a journalist penetrated the wall of secrecy that surrounds the U S Secret Service that elite corps of agents who pledge to take a bullet to protect the president and his family Kessler portrays the dangers that agents face and how they carry out their missions from how they are trained to how they spot and assess potential threats With fly on the wall perspective he captures the drama and tension that characterize agents lives and reveals what they have seen providing startling previously untold stories about the presidents from John F Kennedy and Lyndon Johnson to George W Bush and Barack Obama as well as about their families Cabinet officers and White House aides

The West Wing Peter C. Rollins, John E. O'Connor, 2003-04-01 Eminent scholars Peter C Rollins and John O Connor make an important contribution to the field with an eclectic mix of essays which translate visual language into on screen politics While the series may be criticized as idealistic its clever techniques of camera work lighting editing and mise en scene reflect America's best image of itself and entertains a loyal audience that desperately wants to believe in the nobility of the American dream This collection introduces readers to the sensibilities to appreciate the show's nuances and the necessary knowledge to avoid any misreadings It will be of interest to students of politics popular culture fans and critics alike

The Only Plane in the Sky Garrett M. Graff, 2019-09-10 NEW YORK TIMES BESTSELLER This is history at its most immediate and moving A marvelous and memorable book Jon Meacham Remarkable A priceless civic gift On page after page a reader will encounter words that startle or make him angry or heartbroken The Wall Street

Journal Had me turning each page with my heart in my throat There s been a lot written about 9 11 but nothing like this I urge you to read it Katie Couric The first comprehensive oral history of September 11 2001 a panoramic narrative woven from voices on the front lines of an unprecedented national trauma Over the past eighteen years monumental literature has been published about 9 11 from Lawrence Wright s The Looming Tower to The 9 11 Commission Report But one perspective has been missing up to this point a 360 degree account of the day told through firsthand Now in The Only Plane in the Sky Garrett Graff tells the story of the day as it was lived in the words of those who lived it Drawing on never before published transcripts declassified documents original interviews and oral histories from nearly five hundred government officials first responders witnesses survivors friends and family members he paints the most vivid and human portrait of the September 11 attacks yet Beginning in the predawn hours of airports in the Northeast we meet the ticket agents who unknowingly usher terrorists onto their flights and the flight attendants inside the hijacked planes In New York first responders confront a scene of unimaginable horror at the Twin Towers From a secret bunker under the White House officials watch for incoming planes on radar Aboard unarmed fighter jets in the air pilots make a pact to fly into a hijacked airliner if necessary to bring it down In the skies above Pennsylvania civilians aboard United 93 make the ultimate sacrifice in their place Then as the day moves forward and flights are grounded nationwide Air Force One circles the country alone its passengers isolated and afraid More than simply a collection of eyewitness testimonies The Only Plane in the Sky is the historic narrative of how ordinary people grappled with extraordinary events in real time the father and son caught on different ends of the impact zone the firefighter searching for his wife who works at the World Trade Center the operator of in flight telephone calls who promises to share a passenger s last words with his family the beloved FDNY chaplain who bravely performs last rites for the dying losing his own life when the Towers collapse and the generals at the Pentagon who break down and weep when they are barred from trying to rescue their colleagues At once a powerful tribute to the courage of everyday Americans and an essential addition to the literature of 9 11 The Only Plane in the Sky weaves together the unforgettable personal experiences of the men and women who found themselves caught at the center of an unprecedented human drama The result is a unique profound and searing exploration of humanity on a day that changed the course of history and all of our lives Research on Neurological and Communication Disorders United States. Congress. Senate. Committee on Appropriations. Subcommittee on Departments of Labor, Health and Human Services, Education, and Related Agencies,1998 *The A to Z of British Intelligence* Nigel West,2009-09-02 The A to Z of British Intelligence offers insight into the history and operations of British Intelligence through its more than 1 800 entries covering a vast and varied cast of characters the spies and their handlers the moles and defectors the political leaders the top brass the techniques and jargon and the many different offices and organizations Covered also are the agencies leading individuals and prominent personalities operations including double agent and deception campaigns and events using the most up to date declassified material but written in a style for the

professional and general reader alike This text features 16 black and white photographs an extensive chronology and a comprehensive bibliography Congressional Record United States. Congress,2000 The Nineteenth Century and After,1922 **Historical Dictionary of British Intelligence** Nigel West,2014-02-18 British Intelligence is the oldest most experienced organization of its kind in the world the unseen hand behind so many world events and glamorized by James Bond Despite the change in role from a global power controlling an Empire that covered much of the world to a mere partner in the North Atlantic Treaty Organization NATO and the European Union the country s famed security and intelligence apparatus continues largely intact and recognized as punching above its weight Feared by the Soviets admired and trusted by the Central Intelligence Agency CIA British Intelligence has provided the hidden dimension to the conduct of domestic and foreign policy with the added mystique of Whitehall secrecy a shroud that for years protected the identities of the shadowy figures who recruited the sources broke the codes and caught the spies This second edition of Historical Dictionary of the British Intelligence covers the history through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 1 000 cross referenced entries on specific operations spies and their handlers the moles and defectors top leaders and main organizations This book is an excellent access point for students researchers and anyone wanting to know more about the British Intelligence The Kennedy Assassinations Mel Ayton,2022-07-19 Few events have been the subject of more conspiracy theories than the assassinations of the two Kennedy brothers Indeed a great many people consider that there were other individuals than Lee Harvey Oswald and Sirhan Sirhan involved in both murders Was a shot fired from Dealey Plaza s grassy knoll Why did Jack Ruby shoot Oswald Was it the CIA the Soviets Cuban nationalists or the Mafia that arranged John Kennedy s assassination Was Robert Kennedy shot from in front and behind and who had the most to gain from his death These are just a few of the questions that have been put forward by a myriad of conspiracy theorists and it is those people and their ideas that Mel Ayton has tackled head on Over many years Mel Ayton has examined all the more substantial conspiracy theories and through careful analysis of documents and eyewitness statements he has demolished each one In each case Mel Ayton presented the results of his detailed investigations in periodicals as he worked through the various theories These have now been brought together to provide a comprehensive analysis of all the main theories as to who how and why the two Kennedy brothers met their deaths in such unusual circumstances Though wild ideas will continue to be proposed and efforts will still be made to demonstrate that Oswald could not have fired off three shots with great accuracy in the few seconds available to him as the presidential cavalcade passed beneath the window where he crouched or that there were sinister reasons why three CIA men were allegedly present on the night of Robert Kennedy s assassination the harsh reality is that the Kennedy brothers were each killed by lone gunmen This is an absorbing read brought up to date with the addition of new material as it has been uncovered Maybe just maybe this book will persuade people that the official accounts of both murders although flawed are not cover ups but simply statements of fact **Official**

Historical Dictionary of World War I Intelligence Nigel West, 2013-12-24 Known as the Great War the world's first truly global conflict is remarkable in what might now be termed modern espionage World War I was witness to plenty of firsts Apart from the contribution made by aerial reconnaissance and the interception of wireless telegraphy telephone and cable traffic there was the scientific aspect with new machines of war such as the submarine sea mine torpedo airship barbed wire armored tank and mechanized cavalry in a military environment that included mustard gas static trench warfare the indiscriminate bombardment of civilian population centers and air raids Large scale sabotage and propaganda the manipulation of news and of radio broadcasts and censorship were all features of a new method of engaging in combat and some ingenious techniques were developed to exploit the movement of motor and rail transport and the transmission of wireless signals The hitherto unknown disciplines of train watching bridge watching airborne reconnaissance and radio interception would become established as routine collection methods and their impact on the conflict would prove to be profound The Historical Dictionary of World War I Intelligence relates this history through a chronology an introductory essay an appendix and an extensive bibliography The dictionary section has over 400 hundred cross referenced entries on intelligence organizations the spies and the major cases and events of World War I This book is an excellent access point for students researchers and anyone wanting to know more about the world of intelligence in World War I **Weekly**

Compilation of Presidential Documents, 1994 **In Search of Romania** Dennis Deletant, 2022-04-28 The imposition of Communist ideology was a misfortune for millions in Eastern Europe but never for Dennis Deletant Instead it drew him to Romania The renowned historian's association with the country and its people dates back to 1965 when he first visited Since then Romania has made Dennis appreciate the value of shrewd dissimulation in the face of the state's gross intrusion in the life of the individual This vivid memoir charts his first hand experience of the Communist era coloured by the early 1970s surveillance of his future wife Andrea his contacts with dissidents and his articles and BBC World Service broadcasts which led to his being declared persona non grata in 1988 In Search of Romania also considers how life went on under dictatorship even if it was largely mapped out by the regime How did individual citizens negotiate the challenges placed in their path How important was the political police the Securitate in maintaining compliance How did dissent towards the regime manifest How did all this affect the moral compass of the individual Why did utopia descend into dystopia under Ceau escu And how has his legacy influenced the difficult transition to democracy since the collapse of Communism *Readers' Guide to Periodical Literature*, 1905 Hearings United States. Congress. Senate. Committee on Appropriations, 1942 *The Husband Outwitted by His Wife* Kate Plake, 1868 **The Chautauquan**, 1887 *Historical Dictionary of Intelligence Failures* Glenmore S. Trenear-Harvey, 2014-11-20 An Intelligence failure can be defined where there was intelligence available about a particular event but either it was not collected or was mishandled later in the assessment cycle as opposed

to the failure of an intelligence operation The Historical Dictionary of Intelligence Failures covers the history of intelligence failures through a chronology an introductory essay an extensive bibliography and over 100 cross referenced dictionary entries on the Ardennes Offensive the Six Day War and the Cuban Missile Crisis the Prague Spring the Arab Spring 9 11 This book is an excellent access point for students researchers and anyone wanting to know more about the intelligence industry
