relapses I am writing about understanding myself getting back on my feet causes of falling ill and complete irreversible recovery curing I am addressing the book to everyone To people who consider this disease to be a whim an invention of girls who want to get attention To insecure women and teenagers to parents and especially to the same girls and adult women as me To women who have fallen into the nightmare of this disease and are either undergoing treatment and it does not bring such effects as they wanted to or to those who do not want to be treated because they feel comfortable with the disease or are ashamed to go to a psychologist psychiatrist Please don't lose hope don't say I can't stop but finally say I can although the road is long hard and painful it is worth going through It is worth being at its end because that is where the desired happiness awaits
