**Breaking Through** Katalin Karikó, 2024-10-08 A powerful memoir from Katalin Karik winner of the 2023 Nobel Prize in Physiology or Medicine whose decades long research led to the COVID 19 vaccines Katalin Karik s story is an inspiration Bill Gates Riveting a true story of a brilliant biochemist who never gave up or gave in Bonnie Garmus author of Lessons in Chemistry A KIRKUS REVIEWS BEST BOOK OF THE YEAR Katalin Karik has had an unlikely journey The daughter of a butcher in postwar communist Hungary Karik grew up in an adobe home that lacked running water and her family grew their own vegetables She saw the wonders of nature all around her and was determined to become a scientist That determination eventually brought her to the United States where she arrived as a postdoctoral fellow in 1985 with 1 200 sewn into her toddler s teddy bear and a dream to remake medicine Karik worked in obscurity battled cockroaches in a windowless lab and faced outright derision and even deportation threats from her bosses and colleagues She balked as prestigious research institutions increasingly conflated science and money Despite setbacks she never wavered in her belief that an ephemeral and underappreciated molecule called messenger RNA could change the world Karik believed that someday mRNA would transform ordinary cells into tiny factories capable of producing their own medicines on demand She sacrificed nearly everything for this dream but the obstacles she faced only motivated her and eventually she succeeded Karik s three decade long investigation into mRNA would lead to a staggering achievement vaccines that protected millions of people from the most dire consequences of COVID 19 These vaccines are just the beginning of mRNA s potential Today the medical community eagerly awaits more mRNA vaccines for the flu HIV and other emerging infectious diseases Breaking Through isn t just the story of an extraordinary woman It s an indictment of closed minded thinking and a testament to one woman s commitment to laboring intensely in obscurity knowing she might never be recognized in a culture that is driven by prestige power and privilege because she believed her work would save lives *My Life As A Woman* A. Cimo, BSc., 2023-03-24 *My Life As A Woman* By A Cimo BSc About the Book *My Life As A Woman* is a heartwarming memoir of A Cimo s personal experiences The text focuses on her maturity and evolution as a woman It is spiritually uplifting for those who seek for solutions to overcome their daily adversities and it is thought provoking for those who are struggling to challenge their choices to achieve their goals in an ever changing society where we are faced with global economic uncertainties It can further inspire adult readers from all walks of life with practical and educational knowledge on how to solve their daily issues in order to achieve a positive outlook in life **My Life in Science** George K. Radda, *My Life's Journey* Tim Cronin, 2019-07-31 *My Life s Journey* By Tim Cronin *My Life s Journey* chronicles the obstacles Tim Cronin encountered growing up with autism Through all of his trials and tribulations the author faces challenges with optimism and joy that he finds in Metal music and the greatest roller coasters that the United States has to offer The author hopes that the reader will learn to remain positive no matter what life throws at them and to know that you re never alone in life there are always other

people out there that have similar battles to fight      Neurons, Axons, Dendrites, Synapses, and Memory: My Life Jose Morales Dorta, 2019-07-22 This is a detailed clear simple and interesting academic and intellectual trip into neuron axons synapses and their bases in memory formation and learning The author goes after the origin of his first primordial memory in an attempt to find and nurture his own identity and personality Memories can be categorized as working memory short term memory and long term memory In addition we have conscious unconscious toxic automatic and uncategorized memory such as adoptive memory in the immune system puzzling but challenging memory during matching nucleotides and amino acids T cells memory recognize identify and destroy pathogens among billions of cells genes and proteins packaging for self protection and function Long term unconscious memory is just the tip of the iceberg when it comes to cognitive memory Further exploring his initial objective the primordial memory the author encounters the electrical and chemical reactions coming under the domain of genes without ignoring DNA Last but not least is memory of love from birth till death It is encoded in a memory that encompasses my whole body      *In My Life* Opiew O. Cham, 2011-10-13 The idea that I write my memoirs came to me when I had barely begun to live in Kaufman Texas and continued all through the years But I never paid heed to the plan I was living my life intensely what need to write about it Another reason for my reluctance was the conviction I entertained that one should write about one's life only when one had ceased to stand in the very torrent of it When one has reached a good philosophic age I used to tell my friends capable of viewing the tragedies and comedies of life impersonally and detachedly particularly one's own life one is likely to create an autobiography worthwhile Still feeling adolescently young in spite of advancing years I did not consider myself competent to undertake such a task Moreover I always lacked the necessary leisure for concentrated writing I discovered much to my discomfiture that old age far from ripening wisdom and mellowness is too often fraught with senility narrowness and petty rancor I would not risk such a calamity and I began to think seriously about writing my life biography I am a very nostalgic person As long as I can remember I have enjoyed thinking about the past and how it melded into the present especially in reference to my own life and my own family history This life story is about over all my life in Africa and United States of America I had included the stories about my parents relatives what life was like for them and what they were doing when they were alive I like looking at old pictures and other mementos that help bring some of that past back to life or just evoke the spirit of the memories This story is about my childhood life I had in Ethiopia refugee camp and United States of America and my family as seen through my eyes It is my snapshot my memories to share with the world Now I do not know why anyone would be interested in my life but I hope a few people especially family will find it interesting and to help keep it interesting I promise to keep chapters and stories short concise and to the point After all nothing is more boring than someone's tedious diatribe about something so entirely mundane If you get to that point just skip to another story and just try to find something interesting and of value to you If you still can't find anything of value in the reading then I apologize but still thank you for trying As for me I believed I

had more fun writing this than anyone would ever have reading it      **My Life in Christ** Rev. Ed Krueger,2022-05-20 How are you feeling What s it like taking a firm step forward in faith knowledge and application Does it feel comfortable like your favorite shoes Or perhaps you ve been away for awhile and you re still not convinced that this is what you need to know or learn Or maybe this is like a blind date full of anxiety and questions In any event I want to welcome you to this Connecting Study A Life in Christ It is my hope that you will come to see the depth of God s love for you as an individual and for His call for you and us together in community into His world This will happen through learning about the basic teachings of the Christian faith as revealed to us in the Bible and through God s people You certainly have questions Maybe What does it mean to be a Christian Is there a heaven or hell What are they like Does God really have a plan for me What about baptism What s going on in Holy Communion What s happening in worship Some things may trouble you I don t think I like the idea of being born again I know too many weirdoes and radicals who claim that How can you think the Bible is true What s it mean to have a relationship with God Who really is Jesus Why do there seem to be so many hypocrites in the church Does God really care about me The content of this Life in Christ resource seeks to anticipate many of your questions but will not cover them all Undoubtedly the most important question which this study will pose to you is who and what are you in the eyes of God Some answer this in terms of membership or what is expected of them at church The church however is most concerned about your relationship with God All other relationships arise out of that primary relationship Just as human relationships can flourish or wither so can ours with our Lord My goal in writing My Life in Christ is simple that you may enjoy life to the fullest a life in Jesus Christ      Reflections of My Life Martha Manning Godfrey,2023-11-27 A Message to the Reader As I endeavor to share with you through Reflections of My Life I am aware of God s love for all His people It is my wish that as you read the different selections you will begin to develop a desire deep in your soul to trust God as He gives you strength to work and accomplish the things in your life that might seem too different for you at the time Remember God never gives us more than we can handle The Lord hath been mindful of us He will bless us Psalm 115 12 RSV This is the third book published by Christian Faith Publishing following My Angel and Me and Our World a children s book It is my desire that you will consider reading these three books and I pray that you will be aware of God s love for you This book Reflections of My Life can be utilized as a devotional book Scripture is included to each entry which makes the material more meaningful
