My Life Tape:

One-of-us J. Elliott Goldwyn, 2005-09 War is hell and never has it been more hellish than in this moving collection of poetry by Viet Nam War veteran Jim Soular Few today can deny that the war was a horrific tragedy resulting in the deaths of 60 000 Americans and millions of Vietnamese Laotians and Cambodians The first section In Country assaults the reader with all the charm of a meat grinder as the poet serves up image after violent image of the indiscriminate carnage of war and the gruesomeness of death in the triple canopy jungles of Viet Nam The second section Back in the World returns us to the States but not necessarily to sanity as Soular wades through the psychological aftereffects of the war for both the veterans and their families With vivid and carefully chosen imagery this section portrays the mind numbing consequences of exposure to war its accompanying PTSD and the tremendous guilt sorrow and despair that many veterans and their families live with to this day These poems are a raw new look at war vignettes of horror guilt and sorrow in what many consider America s longest and most brutal conflict as well as its most divisive since the Civil War

True Identity Imani N. Dodley - Olear, 2018-02-12 My memoir is a story of redemption freedom from fears my ego and one of love and forgiveness It is more than a story of falling in love with my now husband although that was the classroom But it is a story of questioning how we all can experience and know joy without any particular thing going on

but rather finding it within *If You Think You Can!* TJ Hoisington, 2011-12-15 Even with enormous potential most people set out unequipped to achieve their goals and dreams Just as there are laws that govern nature there are also laws that govern performance and achievement Unfortunately people are either unaware of them and therefore do not align themselves accordingly or they simply are not applying them consistently As a result many people seek to achieve goals but find that the results they desire constantly elude them The reality is that you have greatness within Your potential is enormous However in order to unleash your potential and achieve your goals you must understand and apply the governing laws that turn dreams into reality There are proven laws of success that starts with the way you think This book provides simple strategies and tactics for achieving success Over the last few hundred years of recorded history the common denominators that lead to personal achievement have consistently surfaced By changing your thinking about yourself and by applying the 13 laws within this book you can begin making your goals a reality Within the pages of this book are powerful stories and examples of success and failure that will inspire all who read them TJ shows you what habits must be formed and what steps must be taken to achieve any goal you set Simple and concise *If You Think You Can* is a source that will help you achieve whatever you want in life *My Life's Journey* Janet Kataaha Museveni, 2011 Janet Kataaha Museveni is the First
