My Parrot My Friend An Owners Guide To Parrot Behavior:

My Parrot, My Friend Bonnie Munro Doane, Thomas Qualkinbush, 2008-04-21 My Parrot My Friend is a straightforward book that addresses a growing need for parrot owners and their birds When difficulties develop in the home or a clash in avian and human natures makes for unhappy birds and angry owners many times the sad consequence is painful termination of what could have been a long term joyful relationship Happily there is an effective remedy and it lies in a program of behavior modification That program is fully detailed in this well written wonderfully detailed text In addition the text helps readers to find the right bird so problems can be sidestepped altogether and it explains which birds not to consider and why My Parrot My Friend shows how parrots grow and develop and how behavioral problems can start The book explains behavioral modification how it works and how to apply it in specific situations Case studies and an examination of pertinent issues add considerable interest to the text These and other special features make this one of the most indispensable reference books you will ever use My Parrot My Friend is the first book to approach the subject in such depth for the lay reader It will make a significant difference in how pet owners view and relate to their birds and will point the way to happy endings where once there were none

The Quaker Parrot Pamela Leis Higdon, 2008-04-21 This is our seventh set of Happy Healthy Pet titles Like the others they are books pet owners can turn to for the essential information they need to raise a healthy pet All books contain information on feeding housing grooming health care what to expect from the pet basic training As our series expands and focuses on different kinds of pets the emphasis remains on making the pet a companion In addition owners of more unusual pets will particularly appreciate the expert advice in these books because professional care for their animals may be difficult to come by As always the instruction is from experts people who know their pet intimately but also remember what it was like to have one for the first time Happy Healthy Pet guides are rich with professional quality color photos and are designed to be enjoyable and easy to learn from

Mental Health and Well-Being in Animals Franklin D. McMillan, 2008-06-02 The past few decades have seen a virtual explosion of scientific research in the area of cognition emotions suffering and mental states in animals Studies in the field laboratory and clinical medical practice have amassed an overwhelming body of evidence demonstrating that mental well being is of paramount importance in all aspects of animal care There is no longer any reasonable doubt among researchers that mental health is of equal importance as physical health and animal well being Recent research convincingly shows that physical health is strongly influenced by mental states thereby making it clear that effective health care requires attention to the emotional well being as well as physical Yet for its vast importance mental health in veterinary medicine has to date not been compiled and structured into an organized field or body of knowledge This information so critical to the formal establishment of the field of mental health and well being in animals remains scattered throughout a wide array of scientific journals This book represents the first authoritative reference text bringing together the most up to date information in the variety of subjects comprising the field of mental

health and well being in animals Bringing together a host of distinguished experts internationally noted in the fields of animal emotion research animal behavior cognitive science and neuroscience the book represents the first authoritative reference compiling the diverse information on the animal mind and combining the revolutionary advances in the cognitive sciences with the knowledge in veterinary medicine and clinical animal behavior This book takes a descriptive and proscriptive approach to mental health mixing the scientific research with practical information with clinical applications for veterinary health professionals to use in practice

The Lovebird Pamela Leis Higdon, 2007-08-27 This is our seventh set of Happy Healthy Pet titles Like the others they are books pet owners can turn to for the essential information they need to raise a healthy happy pet All books contain information on feeding grooming housing health care what to expect from the pet basic training As our series expands and focuses on different kinds of pets the emphasis remains on making the pet a companion Owners of more unusual pets will particularly appreciate the expert advice in these books because professional care for exotic animals can be hard to come by As always the instruction on the books is from experts people who know their pets intimately but always remember what it was like to have one the first time Happy Healthy Pet guides are rich with professional quality color photos and are designed to be enjoyable and easy to learn from
