Nanda's Neelkanth Chandra Prakash Kala,2015-03-11 Being blessed to wander in some of the most fascinating hills and valleys of nature I have been endeavoring for long to put these stories together I offer here the elements that appeal most to me during my wanderings in the jungles meadows villages and towns especially in the abode of gods and goddesses the Himalaya I pick up one of the tales as a title of the book *Nanda s Neelkanth* Neelkanth is one of the several names of the Lord Shiva the Hindu god Many snow clad peaks of the Himalaya are named after the gods and goddesses and Neelkanth is one of the most magnificent peaks It attracts every human soul not only to its brilliant hues and majestic snowy peak but Neelkanth as the Mahadev also remains the source of spirituality for billions Likewise His consort Nanda who is adorned with innumerable names including the Gaura has been venerated in the form of beautiful mountains of the Himalaya The quiet and unquiet woods the elusive and elegant wildlife the people and their culture and their struggle for living are the other elements in this bouquet of experiences Abductions and Aliens Chris A. Rutkowski,1999-09-01 We can t escape them

aliens are everywhere They sell us soft drinks and star in their own sitcoms But to the many people who believe they have been abducted aboard strange crafts aliens are a very serious reality Stories of these encounters taken from investigators files have been vividly depicted in television specials and motion pictures Despite their predominance as a cultural phenomenon experts offer drastically conflicting opinions aliens are harmless creatures whose aim is to better understand humans aliens are angel like entities here to enhance our spiritual awareness aliens are conspiring with the government in a plot to enslave humans and aliens are genetically breeding with humans to create a new race of hybrids But what is really going on Are aliens abducting thousands of unsuspecting people each year Are they then inserted with tracking devices and monitored Based on his own investigative files and almost twenty five years of research science writer Chris Rutkowski asks hard questions looking critically yet compassionately at the stories of abductees He is an astronomer educator and published commentator within the area of study known as ufology Rutowski presents case histories of many abductees showing both their diversity and similarities and examines how our understanding is shaped by media by science and by society itself **A**
