Brookes,2013-10-28 This book charts my journey as I travel the globe from my armchair by reading contemporary literature a trek that I started in London England back in May 2009 At this time it occurred to me that whilst a real life trip to every country in the world would be impossible due to lack of time work commitments and the cost I could explore the globe through literature in the company of international authors In doing this I mapped out a travel list of well over 270 destinations to visit every UN recognised state and a few more contentious ones and have been reading a book from each country as part of my literary expedition For particularly large countries such as China and Russia I am reading a book from each major region of that country In Volume 1 of my travels you will find details of the countries that I visited in my first year from England to Russia as well as reviews of the books that I have read and details of the authors and publication dates **Current Literature** Edward Jewitt Wheeler,1898 How to Read World Literature David Damrosch,2017-09-05 The new edition of this highly popular guide How to Read World Literature addresses the unique challenges and joys faced when approaching the literature of other cultures and eras Fully revised to address important developments in World Literature and generously expanded with new material this second edition covers a wide variety of genres from lyric and epic poetry to drama and prose fiction and discusses how each form has been used in different eras and cultures An ideal introduction for those new to the study of World Literature as well as beginners to ancient and foreign literature this book offers a variety of modes of entry to reading these texts The author a leading authority in the field draws on years of teaching experience to provide readers with ways of thinking creatively and systematically about key issues such as reading across time and cultures reading works in translation emerging global perspectives postcolonialism orality and literacy and more Accessible and enlightening offers readers the tools to navigate works as varied as Homer Sophocles Kalidasa Du Fu Dante Murasaki Moliere Kafka Wole Soyinka and Derek Walcott Fully
