Reading Sacred Scripture Stephen

Westerholm, Martin Westerholm, 2016-02-08 A rich display of the Christian tradition's reading of Scripture. Though well known and oft repeated, the advice to read the Bible like any other book fails to acknowledge that different books call for different kinds of reading. The voice of Scripture summons readers to hear and respond to its words as divine address. Not everyone chooses to read the Bible on those terms, but in *Reading Sacred Scripture*, Stephen and Martin Westerholm, father and son, invite their readers to engage seriously with a dozen major Bible interpreters ranging from the second century to the twentieth who have been attentive to Scripture's voice. After expertly setting forth pertinent background context in two initial chapters, the Westerholms devote a separate chapter to each interpreter, exploring how these key Christian thinkers each understood Scripture and how it should be read. Though differing widely in their approaches to the text and its interpretation, these twelve select interpreters all insisted that the Bible is like no other book and should be read accordingly. The volumes also address major issues within each biblical book, including the range of possible interpretations, and refer readers to the best resources for further discussions. *An Illustration of the Holy Bible, Containing the Sacred Texts of the Old Testament, and the New; Together with the Apocrypha*, 1786
