Readings In Russian Civilization Volume 2 Im:

Readings in Russian Civilization Volume II Thomas Riha, 2009-02-15 This new and enlarged version of Readings in Russian Civilization is the result of fairly extensive revisions There are now 72 instead of 64 items 20 of the selections are new The first volume has undergone the least change with 3 new items of which 2 appear in English for the first time In the second volume there are 6 new items all of them appear in English for the first time The third volume has undergone the greatest revision with 11 new items of which 6 are newly translated from the Russian It is the editor's hope that items left out in the new edition will not be sorely missed and that the new selections will turn out to be useful and illuminating The aim throughout has been to cover areas of knowledge and periods which had been neglected in the first edition and to include topics which are important in the study of the Russian past and present The bibliographical headnotes have been enlarged with the result that there are now approximately twice as many entries as in the old edition New citations include not only works which have appeared since 1963 but also older books and articles which have come to the editor's attention From the Editor's Preface a judicious combination of seminal works and more recent commentaries that achieves the editor's purpose of stimulating curiosity and developing a point of view C Bickford O'Brien The Russian Review These three volumes cover quite well the main periods of Russian civilization The choice of the articles and other material is made by a competent and unbiased scholar Ivan A Lopatin Professor of Asian and Slavic Studies University of Southern California

Historiography of Imperial Russia: The Profession and Writing of History in a Multinational State Thomas Sanders, 2015-02-12 This collection of the best new and recent work on historical consciousness and practice in late Imperial Russia assembles the building blocks for a fundamental reconceptualization of Russian history and history writing

Between Tsar and People Edith W. Clowes, Samuel D. Kassow, James L. West, 1991-03-21 This interdisciplinary collection of essays on the social and cultural life of late imperial Russia describes the struggle of new elites to take up a middle position in society between tsar and people During this period autonomous social and cultural institutions pluralistic political life and a dynamic economy all seemed to be emerging Russia was experiencing a sense of social possibility akin to that which Gorbachev wishes to reanimate in the Soviet Union But then as now diversity had as its price the potential for political disorder and social dissolution Analyzing the attempt of educated Russians to forge new identities this book reveals the social cultural and regional fragmentation of the times The contributors are Harley Balzer John E Bowlt Joseph Bradley William C Brumfield Edith W Clowes James M Curtis Ben Eklof Gregory L Freeze Abbott Gleason Samuel D Kassow Mary Louise Loe Louise McReynolds Sidney Monas John O Norman Daniel T Orlovsky Thomas C Owen Alfred Rieber Bernice G Rosenthal Christine Ruane Charles E Timberlake William Wagner and James L West Samuel D Kassow has written a conclusion to the volume

A History Of Russia Volume 2 Walter G. Moss, 2004-10-01 Moss has significantly revised his text and bibliography in this second edition to reflect new research findings and controversies on numerous subjects He has also brought the history

up to date by revising the post Soviet material which now covers events from the end of 1991 up to the present day This new edition retains the features of the successful first edition that have made it a popular choice in universities and colleges throughout the US Canada and around the world **Russia** John M. Thompson, Christopher J. Ward, 2018-04-17 This lucid account of Russian and Soviet history presents major trends and events from ancient Kievan Rus to Vladimir Putin's presidency in the twenty first century Russia does not shy away from controversial topics including the impact of the Mongol conquest the paradoxes of Peter the Great the inevitability of the 1917 Revolution the Stalinist terror and the Gorbachev reform effort Tackling those topics and others the new edition is updated to discuss the Russia Georgia war of 2008 the 2013 2014 Euromaidan protests in Ukraine the war in eastern Ukraine and the Russian annexation of Crimea Distinguished by its brevity and amply supplemented with useful images and suggested readings this essential text provides balanced coverage of all periods of Russian history and incorporates economic social and cultural developments as well as politics and foreign policy *Lectures on the History of the Russian Church (Volumes 1-2)* confessor Evgeny Sumarokov, *Research in Education*, 1969 **Reclaiming Byzantium** Pinar Üre, 2020-02-20 There is a long held feeling in Russia that Moscow is the true heir to the Christian Byzantine Empire In 1894 Imperial Russia opened one of the world's leading centres for Byzantine archaeology in Istanbul the Russian Archaeological Institute its purpose was to stake the claim that Russia was the correct heir to Tsargrad as Istanbul was referred to in Russian circles This then is the history of that institute and the history of Russia's efforts to reclaim its Middle East events since in the Crimea Syria and Georgia are all to some extent wrapped up in this historical framework Ure looks at the founding of the Russian Archaeological Institute its aims and its place in the digging race which characterised the late Imperial phase of modern history Above all she shows how the practise of history has been used as a political tool a form of soft power **The Ways of Russian Theology - Part II** Georges Florovsky, Wealth without work Pleasure without conscience Science without humanity Knowledge without character Politics without principle Commerce without morality Worship without sacrifice <https://vidjambov.blogspot.com/2023/01/book-inventory-vladimir-djambov-talmach.html> How to bring the life and activities of theological students to the Church They should arouse religious and theological independence in them Now let the guardians of the church instead of scolding the academy its professors and students instead of intensely searching for heresies in their writings and misconduct in their behavior indicate ways to introduce this condition But life is not studied in a theological school On the contrary young people already separated from their estates by life are even more clogged from it by seminary pedagogy Naturally it's not life's fighters zealots of truth but dry theorists artificially raised resonators who will leave the school should they be given the message of life heal the brokenhearted release the tormented to freedom Rev Anthony Khrapovitsky True these words were spoken a little later in 1896 but they could have been spoken earlier Here pastoral jealousy is sharply confronted and diverges from official and official unbelief Since the mid 80s this pastoral awakening the renewal of the pastoral ideal has already been very noticeable

This was most evident in the St Petersburg Academy when Yanyshchev was replaced as rector by Arseniy Bryantsev vposl Archbishop of Kharkov The Academy Inspector was transferred from Kazan then still Archimandrite Anthony Vadkovsky 1846 1912 afterwards Metropolitan of St Petersburg He was a man of great cordial sympathy and benevolence Around him there is a circle of zealots of a monastic feat the so called Squad After a twenty year hiatus tonsure again begins in the student community The ascetic ideal at the same time internally merges with the pastoral vocation this was a new feature The Oxford Handbook of Russian Religious Thought Caryl Emerson, George Pattison, Randall A. Poole, 2020-09-04 The Oxford Handbook of Russian Religious Thought is an authoritative new reference and interpretive volume detailing the origins development and influence of one of the richest aspects of Russian cultural and intellectual life its religious ideas After setting the historical background and context the Handbook follows the leading figures and movements in modern Russian religious thought through a period of immense historical upheavals including seventy years of officially atheist communist rule and the growth of an exiled diaspora with e g its journal The Way Therefore the shape of Russian religious thought cannot be separated from long running debates with nihilism and atheism Important thinkers such as Losev and Bakhtin had to guard their words in an environment of religious persecution whilst some views were shaped by prison experiences Before the Soviet period Russian national identity was closely linked with religion linkages which again are being forged in the new Russia Relevant in this connection are complex relationships with Judaism In addition to religious thinkers such as Philaret Chaadaev Khomiakov Kireevsky Soloviev Florensky Bulgakov Berdyaev Shestov Frank Karsavin and Alexander Men the Handbook also looks at the role of religion in aesthetics music poetry art film and the novelists Dostoevsky and Tolstoy Ideas institutions and movements discussed include the Church academies Slavophilism and Westernism theosis the name glorifying imiaslavie controversy the God seekers and God builders Russian religious idealism and liberalism and the Neopatristic school Occultism is considered as is the role of tradition and the influence of Russian religious thought in the West
