Rebellious Nuns The Troubled History Of A Mexican Convent 1752 1863:

Rebellious Nuns Margaret Chowning, 2005-11-10 Nuns are hardly associated in the popular mind with rebellion and turmoil. In fact, convents have often been the scenes of conflict, but what went on behind the walls of convents was meant by the church to be mysterious. Great care was taken to prevent the scandal of factionalism in the nunneries from becoming widely known. This has made it very difficult to reconstruct the battles fought, the issues debated, and the relationships tested in such convents. Margaret Chowning has discovered a treasure trove of documents that allow an intimate look at two crises that wracked the convent of La Purísima Concepción in San Miguel el Grande, New Spain, Mexico. At the heart of both rebellions were attempts by some nuns to impose a regimen of strict observance of their vows on the others and the resistance mounted by those who had a different view of the convent and their own role in it. Would the community adopt as austere a lifestyle as they could endure, doing manual labor, suffering hunger and physical discomfort, deprived of the society of family and friends? Or would these women be allowed to lead comfortable and private lives when not at prayer? Accusations and counteraccusations flew. First one side and then the other seemed to have the upper hand. For a time, a mysterious and dramatic illness broke out among the rebellious nuns, capturing the limelight. Were they faking? Were they unconsciously influenced by their ringleader, the charismatic and manipulative young women who first experienced the mal? **Rebellious Nuns** covers the history of the convent from its founding in 1752 to the forced eviction of the nuns in 1863. While the period of rebellion is at the center of the narrative, Chowning also gives an account of the factors that led up to the crises and the rebellion's continuing repercussions on the convent in the decades to follow. Drawing on an abundance of sources, including numerous letters written by the bishop and local vicar, as well as nuns of both factions, Chowning is able to give us not just the voices but the personalities of the nuns and other actors. In this way, she makes it possible for us to empathize with all of them and to appreciate the complicated dynamics of having committed your life not only to God but to your community.

Rebellious Nuns Margaret Chowning, 2006 **Rebellious Nuns** Margaret Chowning, 2006 Nuns are hardly associated with rebellion and turmoil. However, convents have often been the scenes of conflict, and the author has discovered documents that allow an intimate look at two crises that destroyed a convent in Mexico. Chowning highlights the complicated dynamics of having committed your life to God and community. *Domesticating Empire* Karen Stolley, 2021-04-30 Why has the work of writers in eighteenth-century Latin America been forgotten? During the eighteenth century, enlightened thinkers in Spanish territories in the Americas engaged in lively exchanges with their counterparts in Europe and Anglo America about a wide range of topics of mutual interest, responding in the context of increasing racial and economic diversification. Yet, despite recent efforts to broaden our understanding of the global Enlightenment, the Ibero American eighteenth century has often been overlooked. Through the work of five authors—José de Oviedo y Baños, Juan Ignacio Molina, Félix de Azara, Catalina de Jesús Herrera, and José Martín Félix de Arrate—*Domesticating Empire* explores the Ibero American Enlightenment as a project

Preaching Power Charles A. Witschorik,2013-10-21 This book uses a gender perspective to examine sermons and other officially endorsed discourses of the Catholic Church in eighteenth and nineteenth century Mexico City Analyzing the different ways that over time gendered images metaphors and hagiographical examples were used in sermons and other documents the book examines how the church negotiated challenges to its cultural and ideological hegemony Beginning with sermons from the early eighteenth century the author follows the evolution of church discourses as preachers reveled in Baroque analogies embraced ideals of the Enlightenment targeted women s alleged moral vices at times of political crisis and ultimately turned to notions of women as the devout sex in order to combat incipient liberalism Put another way liberals after independence were not the only ones to assert a kind of republican motherhood preachers countered with a vision of Catholic motherhood that had great resonance in Mexico even into the twentieth century

Indigenous Writings from the Convent Mónica Díaz, 2017-12-01 Sometime in the 1740s Sor Mar a Magdalena an indigenous noblewoman living in one of only three convents in New Spain that allowed Indians to profess as nuns sent a letter to Father Juan de Altamirano to ask for his help in getting church prelates to exclude Creole and Spanish women from convents intended for indigenous nuns only Drawing on this and other such letters as well as biographies sermons and other texts Mónica Díaz argues that the survival of indigenous ethnic identity was effectively served by this class of noble indigenous nuns While colonial sources that refer to indigenous women are not scant documents in which women emerge as agents who actively participate in shaping their own identity are rare Looking at this minority agency or subaltern voice in various religious discourses exposes some central themes It shows that an indigenous identity recast in Catholic terms was able to be effectively recorded and that the religious participation of these women at a time when indigenous parishes were increasingly secularized lent cohesion to that identity Indigenous Writings from the Convent examines ways in which indigenous women participated in one of the most prominent institutions in colonial times the Catholic Church and what they made of their experience with convent life This book will appeal to scholars of literary criticism women's studies and colonial history and to anyone interested in the ways that class race and gender intersected in the colonial world
