The Politics of Buddhist Organizations in Taiwan, 1989-2003 André Laliberté, 2013-08-21 Exploring a dimension of Taiwanese politics that has received little attention this book gives a detailed survey of three of the most important Buddhist organizations in Taiwan the Buddhist Association of the Republic of China the Buddha Light Mountain monastic order and the Buddhist Compassion Relief Tzu Chi Association

Black Theology—Essays on Global Perspectives Dwight N. Hopkins, 2017-06-15 Since its start in 1966 black liberation theology in the United States has continually engaged international developments with Africa and the entire world But after Nelson Mandela was released from prison in February 1990 there has been an almost twenty year break in books on black theology and international affairs Black Theology Essays on Global Perspectives bridges that post 1990 gap and makes a vital contact with Africa again This book conceptualizes black theology to take on the global reconfigurations and opportunities brought about by the rapidly shrinking earth of fast paced worldwide contacts In other words in the specificity of the genealogy of black theology we need to reforge ties with Africa This claim is based on tradition And in the generality of the larger worldwide intertwining of technologies and economics we need a new type of black theological leadership for the twenty first century This claim is based on today's international challenges The essays in this book draw on tradition and point forward in the midst of today's worldwide challenges and favorable possibilities given the closeness of all nations and the varieties of cultures

*Religion, Politics and International Relations* Jeff Haynes, 2011-04-07 Bringing together in one collection his most influential essays spanning two decades of research Jeffrey Haynes seeks to explore the complex relationship between religion politics and international relations

*Citizens of the World* Margit Warburg, 2018-08-14 Citizens of the World deals with the Baha'is and their religion While covering the historical development in sufficient detail to serve as a general monograph on Baha'ism emphasis is laid on examining contemporary Baha'ism with the Danish Baha'ist community as a recurrent case The book discusses Baha'ist religious texts rituals economy everyday life demographic development mission strategies leadership and international activism in analyses based on primary material such as interview studies among the Baha'is fieldwork data from the Baha'ist World Centre in Israel and field trips around the world The approach is a combination of history of religions and sociology of religion within a theoretical framework of religion and globalisation Several general topics in the study of new religions are covered The book contributes to the theoretical study of globalisation by proposing a new model for analysing globalisation and transnational religions

**The Oxford Handbook of Religion and Europe** Grace Davie, Lucian Leuștean, 2022 Features contributions from leading scholars providing crucial insight into the role of religious ideas structures and institutions in the making of Europe Introduces the building blocks of Europe's religious and the part that they played in the formation of the continent Explores the relationship between religious communities and ideologies in the twentieth century connections that play out very differently in East and West Europe Examines the role of religion in the construction of the European Union

from the end of the Second World War until the present day Assesses the relationship between the major world religions and the idea of Europe Book jacket The Routledge Handbook of Religion, Politics and Ideology Jeffrey Haynes, 2021-08-14 This comprehensive handbook examines relationships between religion politics and ideology with a focus on several world religions Christianity Islam Buddhism Hinduism and Judaism in a variety of contexts regions and countries Relationships between religion politics and ideology help mould people s attitudes about the way that political systems both domestically and internationally are organised and operate While conceptually separate religion politics and ideology often become intertwined and as a result their relationships evolve over time This volume brings together a number of expert contributors who explore a wide range of topical and controversial issues including gender nationalism communism fascism populism and Islamism Such topics inform the overall aim of the handbook to provide a comprehensive summary of the relationships between religion politics and ideology including basic issues and new approaches This handbook is a major research resource for students researchers and professionals from various disciplinary backgrounds including religious studies political science international relations and sociology **Politics of Religion** Tobias Köllner, Alessandro Testa, 2023-04 The relationship between religion and politics has been explored systematically since the very inception of modern social sciences This volume tackles this classical topic anew Its chapters offer fresh ethnographic empirical evidence up to date analyses as well as an original theoretical discussion on the entanglements between these two spheres In particular focus is drawn on three dimensions that characterise the politics of religion in the very different societal contexts explored in this book those pertaining to religious authority creativity and conflicts all within the globalised interconnected world of the 21st century

Religious Politics in Global and Comparative Perspective William H. Swatos Jr., 1989-09-07 Current social and political theories which tend to dismiss religious resurgence as a deviant occurrence in the broad sweep of history do not provide an adequate framework for the study of the dramatic resurgence of religion as a worldwide political force This book is the first to address the interplay of religion and politics systematically and on a global scale Offering interpretive essays as well as quantitative comparative analyses it develops a comprehensive theoretical framework and presents the most complete comparative account available of the realities of religious politics in the contemporary world The first of the interpretive chapters focuses on the cultural factor as a means of clarifying the role of religion in the modern world system The next two chapters examine the concept of the self in the context of globalization and the absence of solidarity as a unifying force in societal systems The role of ultimate values in politics and the reasons for the emergence of militant religious movements in nation states is also considered A worldwide study of religious change between 1900 and 1980 gives a clear picture of contemporary global religious movements and formulates a tentative set of explanations of change based on data analysis The statistical links between religious beliefs and political views and between religion and democracy are explored The editor s concluding chapter looks at the implications of the authors findings for general theory in the sociology of religion The editor

stresses the need for reconceptualizing basic theoretical constructs particularly the concept of religion itself An important contribution to our understanding of the religious and political forces that are shaping the modern world this work will be of interest to academics researchers and students of world religions sociology and political science      **International**

**Handbook of Inter-religious Education** Kath Engebretson, Marian de Souza, Gloria Durka, Liam Gearon, 2010-08-17 This Handbook is based on the conviction of its editors and contributing authors that understanding and acceptance of as well as collaboration between religions has essential educational value The development of this Handbook rests on the further assumption that interreligious education has an important role in elucidating the global demand for human rights justice and peace Interreligious education reveals that the creeds and holy books of the world's religions teach about spiritual systems that reject violence and the individualistic pursuit of economic and political gain and call their followers to compassion for every human being It also seeks to lead students to an awareness that the followers of religions across the world need to be and to grow in dialogical relationships of respect and understanding An essential aim of interreligious education is the promotion of understanding and engagement between people of different religions and therefore it has great potential to contribute to the common good of the global community Interreligious education has grown from the interfaith movement whose beginning is usually identified with the World Parliament of Religions held in Chicago in 1893 This was the first time in history that leaders of the eastern and western religions had come together for dialogue and to consider working together for global unity      *Religion and Worldviews in Education* Liam Gearon, Arniika Kuusisto, Saila Poulter, Auli Toom, Martin

Ubani, 2023-07-21 This timely book offers a critically important contribution to debates around the meeting place of religious and secular worldviews in education Edited by five leading figures in the field and drawing on expert international scholarship and research the book provides cutting edge analysis that bridges the religious and secular in global educational contexts Considering the role of the United Nations UNESCO OECD and PISA in varied international contexts the book draws on critical analysis of primary empirical research and secondary critique to offer a coherent blend of theoretically complex yet practical analysis of policy implementation Throughout this accessible and logically structured volume the authors assert that the meeting place of religious and secular worldviews is one of the most important and pressing issues for religion in education As a field defining work of research into education religion and worldviews the book will be essential reading for scholars researchers and postgraduate students in the fields of religious education religious studies philosophy of education and international education      **Bibliographic Index** ,1997      Rethinking Religion and World Affairs Timothy Samuel

Shah, Alfred Stepan, Monica Duffy Toft, 2012-02-29 In recent years the role of religion in the study and conduct of international affairs has become increasingly important The essays in this volume seek to question and remedy the problematic neglect of religion in extant scholarship grappling with puzzles issues and questions concerning religion and world affairs in six major areas Contributors critically revisit the secularization thesis which proclaimed the steady erosion of

religion's public presence as an effect of modernization explore the relationship between religion, democracy and the juridico-political discourse of human rights assess the role of religion in fomenting, ameliorating and redressing violent conflict and consider the value of religious beliefs, actors and institutions to the delivery of humanitarian aid and the fostering of socio-economic development. Finally, the volume addresses the representation of religion in the expanding global media landscape, the unique place of religion in American foreign policy and the dilemmas it presents. Drawing on the work of leading scholars as well as policy makers and analysts, *Rethinking Religion and World Affairs* is the first comprehensive and authoritative guide to the interconnections of religion and global politics.

*The Ashgate Research Companion to Modern Theory, Modern Power, World Politics* Nevzat Soguk, Scott G Nelson, 2016-04-28. Deliberately eschewing disciplinary and temporal boundaries, this volume makes a major contribution to the de-traditionalization of political thinking within the discourses of international relations. Collecting the works of twenty-five theorists, this Ashgate Research Companion engages some of the most pressing aspects of political thinking in world politics today. The authors explore theoretical constitutions, critiques and affirmations of uniquely modern forms of power, past and present. Among the themes and dynamics examined are textual appropriation and representation, materiality and capital formation, geopolitical dimensions of ecological crises, connections between representations of violence and securitization, subjectivity and genderization, counter-globalization, politics, constructivism, biopolitics, post-colonial politics and theory, as well as the political prospects of emerging civic and cosmopolitan orders in a time of national, religious and secular polarization. Radically different in their approaches, the authors critically assess the discourses of IR as interpretive frames that are indebted to the historical formation of concepts and to particular negotiations of power that inform the main methodological practices usually granted primacy in the field. Students as well as seasoned scholars seeking to challenge accepted theoretical frameworks will find in these chapters fresh insights into contemporary world political problems and new resources for their critical interrogation.

*The Routledge Companion to the Study of Religion* John Hinnells, 2009-09-10. The Routledge Companion to the Study of Religion is a major resource for courses in Religious Studies. It begins by explaining the most important methodological approaches to religion, including psychology, philosophy, anthropology and comparative study, before moving on to explore a wide variety of critical issues such as gender, science, fundamentalism, ritual and new religious movements. Written by renowned international specialists, this new edition includes eight new chapters including post-structuralism, religion and economics, religion and the environment, religion and popular culture and sacred space. It surveys the history of religious studies and the key disciplinary approaches, explains why the study of religion is relevant in today's world, highlights contemporary issues such as globalization, diaspora and politics, includes annotated reading lists, a glossary and summaries of key points to assist student learning.

*Encyclopedia of Religion and Society* William H. Swatos, 1998. As the new millennium approaches, the sacred and profane interface, conflict and intermingle in novel ways. The Encyclopedia of Religion and Society provides a guide map for these developments. From

succinct brief notes to essay length entries it covers world religions religious perspectives on political and social issues and religious leaders and scholars present and past in the United States and the world This comprehensive volume is an essential reference for studies in the anthropology psychology politics and sociology of religion Topics include abortion adolescence African American religious experience anthropology of religion Buddhism commitment conversion definition of religion ecology movement Emile Durkheim ethnicity fundamentalism Hinduism Islam Judaism new religious movements organization parish Talcott Parsons racism research methods Roman Catholicism sexism Unification Church Max Weber and many others

**Routledge Handbook of Democratization** Jeffrey Haynes, 2012-03-15 This exciting new handbook provides a global overview of the process of democratization offering chapter by chapter discussion at both the country and regional levels and examining the interaction between the domestic and external factors that affect the progression of countries from authoritarian to democratic rule Bringing together 29 key experts in the field the work is designed to contrast the processes and outcomes of democratic reform in a wide range of different societies evaluating the influence of factors such as religion economic development and financial resources It is structured thematically into four broad sections Section I provides a regional tour d horizon of the current state of democratisation and democracy in eight regions around the world Section II examines key structures processes and outcomes of democratisation and democracy Section III focuses on the relationship between democratisation and international relations through examination of a range of issues and actors including the third and fourth waves of democracy political conditionality the United Nations the European Union the African Union and the Organisation of African States Section IV Examines the interaction between democratisation and development with a focus on poverty and inequality security human rights gender war and conflict resolution A comprehensive survey of democratization across the world this work will be essential reading for scholars and policy makers alike

*Gendering Religion and Politics* H. Herzog, A. Braude, 2009-07-20 The aim of this book is to suggest an interdisciplinary perspective on the complex relations of gender religion and politics in light of paradigmatic shifts in theories of modernity and the growing body of studies on gender and religion

*Hermeneutics, Politics, and the History of Religions* Christian Wedemeyer, Wendy Doniger, 2010-03-08 This volume comprises papers presented at a conference marking the 50th anniversary of Joachim Wach s death and the centennial of Mircea Eliade s birth Its purpose is to reconsider both the problematic separate legacies of these two major twentieth century historians of religions and the bearing of these two legacies upon each other Shortly after Wach s death in 1955 Eliade succeeded him as the premiere historian of religions at the University of Chicago As a result the two have been associated with each other in many people s minds as the successive leaders of the so called Chicago School in the history of religions In fact as this volume makes clear there never was a monolithic Chicago School Although Wach reportedly referred to Eliade as the most astute historian of religions of the day the two never met and their approaches to the study of religions differed significantly Several dominant issues run through the essays collected here the relationship

between the two men's writings and their lives and in Eliade's case the relationship between his political commitments and his writings in fiction history of religions and autobiography Both men's contributions to the field continue to provoke controversy and debate and this volume sheds new light on these controversies and what they reveal about these two scholars' legacies

*Global Eastern Orthodoxy* Giuseppe Giordan, Siniša Zrinščak, 2020-02-19 This volume highlights three intertwined aspects of the global context of Orthodox Christianity religion politics and human rights The chapters in Part I address the challenges of modern human rights discourse to Orthodox Christianity and examine conditions for active presence of Orthodox churches in the public sphere of plural societies It suggests theoretical and empirical considerations about the relationship between politics and Orthodoxy by exploring topics such as globalization participatory democracy and the linkage of religious and political discourses in Russia Greece Belarus Romania and Cyprus Part II looks at the issues of diaspora and identity in global Orthodoxy presenting cases from Switzerland America Italy and Germany In doing so the book ties in with the growing interest resulting from the novelty of socio political economic and cultural changes which have forced religious groups and organizations to revise and redesign their own institutional structures practices and agendas

**Fieldnotes in the Critical Study of Religion** Richard Newton, Vaia Touna, 2023-05-18 This book introduces students to the so called classics of the field from the 19th and 20th centuries whilst challenging readers to apply a critical lens Instead of representing scholars and their works as virtually timeless each contributor provides sufficient background on the classic work in question so that readers not only understand its novelty and place in its own time but are able to arrive at a critical understanding of whether its approach to studying religion continues to be useful to them today Scholars discussed include Muller Durkheim Freud and Eliade *Fieldnotes in the Critical Study of Religion: Revisiting Classical Theorists* therefore offers a novel way into writing both a history and ethnography of the discipline helping readers to see how it has changed and inviting them to consider what if anything endures and thereby unites these diverse authors into a common field
