Religious Right Religious Wrong:

Why the Religious Right Is Wrong About Separation of Church and State Robert Boston, 2010-09-30 Award winning journalist Robert Boston lambastes the zealots of the Religious Right for spreading misinformation about the constitutional principle of the separation of church and state Boston reveals how a band of ultraconservative religious groups with a political agenda led primarily by televangelist Pat Robertson is conducting a systematic war against the separation of church and state The tactics of these groups are designed to exploit unfounded fears and turn the American people against the separationist principle They will not rest Boston says until the United States has become a theocracy To expose the Religious Right's blatant distortions of U S history and correct its skewed analysis of legal rulings Boston objectively reviews the evolution of church state relations in the United States and looks at how the separation principle has been applied by the courts He also examines efforts by sectarian groups to win government support for their schools the school prayer issue the history of the free exercise of religion and the controversial role of religion in the public square Published in cooperation with Americans United for the Separation of Church and State *Religious Right, Religious Wrong* Lloyd James Averill, 1989

Why the Christian Right Is Wrong Robin Meyers, 2008-04-04 I join the ranks of those who are angry because I have watched as the faith I love has been taken over by fundamentalists who claim to speak for Jesus but whose actions are anything but Christian Robin Meyers from his Speech Heard Round the World Millions of Americans are outraged at the Bush administration's domestic and foreign policies and even angrier that the nation's religious conservatives have touted these policies as representative of moral values *Why the Christian Right Is Wrong* is a rousing manifesto that will ignite the collective conscience of all whose faith and values have been misrepresented by the Christian Right Praise for *Why the Christian Right Is Wrong* In the pulpit Robin Meyers is the new generation's Harry Emerson Fosdick George Buttrick and Martin Luther King In these pages you will find a stirring message for our times from a man who believes that God's love is universal that the great Jewish prophets are as relevant now as in ancient times and that the Jesus who drove the money changers from the Temple may yet inspire us to embrace justice and compassion as the soul of democracy This is not a book for narrow sectarian minds read it and you will want to change the world Bill Moyers In this book a powerful and authentic religious voice from America's heartland holds up a mirror to the Bush administration and its religious allies The result is a vision of Orwellian proportions in which values are inverted and violence hatred and bigotry are blessed by one known as The Prince of Peace who called us to love our enemies If you treasure this country and tremble over its present direction this book is a must read John Shelby Spong author *The Sins of Scripture Exposing the Bible's Texts of Hate to Reveal the God of Love* This is a timely warning and a clarion call to the church to recover the Gospel of Jesus Christ and to a great nation to resist the encroachment of the Christian Right and of Christian fascism Many of us in other parts of the world are praying fervently that these calls will be heeded Archbishop Desmond Tutu **Religious Right** A.F. Alexander, 2012-04-02 There is

a deceptive movement to take over the government courts education system media outlets and American culture with stealth and it s true How is this possible Find out in the pages of this expose written by an insider who left the Religious Right fold and now shares why they believe they are mandated to have dominion over every aspect of life in the United States It reveals how their vision for America is not a democracy at all Understand the Religious Right network s blueprint for America Meet the Christian Reconstructionists and Dominionists Understand the Seven Mountains Mandate which provides the strategy for a successful takeover See why Quiverfull is the template for a proper traditional family Finally understand the attacks on public schools and teachers Find out who the leaders of the movement really are and their successful tactics This book explains the rewriting of our nation s history Complete with interviews research and bibliography included Presentation is organized and systematic while in plain English Shares how to get involved and make a difference in your community to protect your rights and preserve democracy Beyond Religious Right and Secular Left Rhetoric K. Fry,2014-06-05 This book covers arguments made by various sides of the political religious divide from the past 30 years showing what the actual differences are between these groups By stressing the typically ignored similarities the book better informs partisans and the public to move debate forward *In Defense of the Religious Right* Patrick Hynes,2006-07-04 Political consultant and commentator Patrick Hynes dispels common stereotypes and misapprehensions about the most powerful political constituency in the country while undertaking the most exhaustive effort yet to define what the Religious Right is what its members believe and why they are right *Liberty Means Freedom for All* Steven H. Propp,2012-11 Thomas Anderson has just graduated from CSU Stentoria with his degree in Political Science It s an election year and as a young progressive in California who has been raised by equally progressive parents he is very much concerned with the political issues currently being discussed in the mass media A chance encounter with a fellow graduate named Kelly Kelso however shakes up his settled view of the world He is challenged to examine the rising number of alternatives to the two party system presented by third party movements such as the Libertarian Party and the Green Party and is forced to acknowledge that there is far more to politics than simply Democrat versus Republican and liberal versus conservative Thomas delves energetically into not only the growing Libertarian movement but the free market perspective of the Austrian School of economics as well as the rigid yet compelling view of Ayn Rand s philosophy of Objectivism His explorations grow wider now encompassing the Tea Party movement and the Christi an Right tax resisters and gun rights advocates survivalists and militia members anarchists communists and Democratic Socialists as well as the Occupy Wall Street movement He debates the radical environmental views of animal welfare and animal rights advocates and challenges opponents of corporate globalism as well as deniers of global warming as he struggles to reformulate and articulate his own developing beliefs while coping with a sea of conflicting ideas and opposition But this abstract political theory is brought into sharp encounter with concrete political reality when Thomas hears a news report of an armed conflict with authorities taking place just outside of town involving someone with

whom he has become emotionally involved [A Paleoconservative Anthology](#) Paul Gottfried,2023-02-15 This anthology provides detailed examinations of the major themes and perspectives of the paleoconservatives as political thinkers and activists A long forgotten and persistently disregarded group within the American Right but their ideas show a remarkable staying power Paleoconservatives as this anthology undertakes to show have been among the most original and insightful representatives of the Right over the last thirty years but because of internal quarrels and their conspicuous defiance of the conservative establishment they have become isolated voices Almost everything about the paleoconservatives should be of interest to historians of political movements including the process by which they became a marginalized force on the intellectual right and their periodic attempts to build bridges across the political spectrum **Waves of Rancor** Robert L. Hilliard,Michael C. Keith,2016-07-01 The airwaves in America are being used by armed militias conspiracy theorists survivalists the religious right white supremacists neo Nazis and other radical groups to reach millions with their messages of hate and fear Waves of Rancor examines the origin nature and impact of right wing electronic media including radio television cable the internet and even music CDs *Resources in Education* ,1994 *Piety & Politics* Reverend Barry W. Lynn,2006-10-03 The Reverend Barry Lynn explains why the Religious Right has it all wrong In the wake of the 2004 presidential election the Religious Right insisted that George Bush had been handed a mandate for an ideology based social agenda including the passage of a marriage amendment to ban same sex unions diversion of tax money to religious groups through faith based initiatives the teaching of creationism in public schools and restrictions on abortion Led by an aggressive band of television preachers and extremist radio personalities the Religious Right set its sights on demolishing the wall of separation between church and state The Reverend Barry Lynn is a devout Christian but this propaganda effort disturbs him deeply He argues that politicians need to stop looking to the Bible to justify their actions and should consult another source instead the U S Constitution When the Founding Fathers of our great nation created the Constitution they had seen firsthand the dangers of an injudicious mix of religion and government They knew what it was like to live under the yoke of state imposed faith They drew up a model for the new nation that would allow absolute freedom of religion They knew that religion united with the raw power of government spawns tyranny Yet the Religious Right now seems distrustful of those principles inherent in the Constitution viewing the separation of church and state only as a dangerous anti Christian principle imposed upon our nation In reality the separation between church and state has been an important ally to religion with the state out of the picture hundreds of religions have grown and prospered Religion doesn t need the government s assistance any more than it is practical or appropriate for religious doctrine to be fostered in the government or taught in public schools As an explicitly religious figure speaking out against the Religious Right Lynn has incurred the wrath of such personalities as Pat Buchanan Jerry Falwell and Pat Robertson who once said Lynn was lower than a child molester Lynn has continuously taken on these radicals of the Religious Right calmly and rationally using their own statements and religious fervor to prove that

when they attack the constitutionally mandated separation they are actually attacking freedom of religion In Piety Politics the Reverend Barry Lynn continues the fight educating Americans about what is at stake explaining why it is crucial that we maintain the separation of church and state and galvanizing us to defend the honor of our religious freedom *Christian America?* Christian Smith,2000 This extensive study of American evangelicals explores the beliefs values commitments and goals of the ordinary men and women who make up this often misunderstood religious group *I Don't Have Enough Faith to Be an Atheist* Norman L. Geisler, Frank Turek,2011-05-17 To some the concept of having faith in a higher power or a set of religious beliefs is nonsensical Indeed many view religion in general and Christianity in particular as unfounded and unreasonable Norman Geisler and Frank Turek argue however that Christianity is not only more reasonable than all other belief systems but is indeed more rational than unbelief itself With conviction and clear thinking Geisler and Turek guide readers through some of the traditional tested arguments for the existence of a creator God They move into an examination of the source of morality and the reliability of the New Testament accounts concerning Jesus The final section of the book deals with a detailed investigation of the claims of Christ This volume will be an interesting read for those skeptical about Christianity as well as a helpful resource for Christians seeking to articulate a more sophisticated defense of their faith

The Sacred and the Sovereign John D. Carlson, Erik C. Owens,2003-06-11 Until September 11th 2001 few in the West fully appreciated the significance of religion in international politics The terrible events of that day refocused our attention on how thoroughly religion and politics intermingle sometimes with horrific results But must this intermingling always be so deadly The Sacred and the Sovereign brings together leading voices to consider the roles that religion should and should not play in a post Cold War age distinguished by humanitarian intervention terrorism globalization and challenges to state sovereignty But these challenges to state sovereignty have deep and abiding roots in religion that invite us to revisit just what values we hold sacred Offsetting the commonly shared idea that religion is politics perennial nemesis this volume demonstrates that religious traditions institutions and ideas are essential elements of the political quest for human rights peace order legitimacy and justice The Sacred and the Sovereign brings distinguished scholars of religious studies theology and politics together with ranking members of the military and government to reflect seriously about where and if safe boundaries can be drawn between religion and politics in the international arena *Right Texts, Wrong Meanings* Sam Tsang,2013-02-18 Right Texts Wrong Meanings takes some popular New Testament texts and meanings to illustrate how many Christians have misunderstood the Bible Along the explorative journey readers will learn that meanings are not as obvious as they seem At the same time they will also learn that with the right method the possible meanings are within their grasp **Stumbling Over Our Christian Mistakes** J. Christian Wood,2025-09-15 History is a great teacher about mistakes movements and momentous decisions that either lead to destruction or salvation of a religion Learning it can change the future for Christianity It is time to bring awareness to Christians about the moral failures and mistakes in the name of

Christianity made in history and in the present in the name of faith *Stumbling Over Our Christian Mistakes* is an insightful examination of the actions that have separated our religion from the simple gospel and a spiritual relationship with God Christians can learn from these mistakes advocate for truth justice and equality deepen their relationship with God and lead Christlike lives of love compassion kindness and mercy In J Christan Wood's analytical thought provoking and sometimes unorthodox style she has put words to paper about the waywardness of Christians throughout history and the present day Her mission is to light up the past to help us learn from the mistakes and sins that separate us from God So that Christians current and future can find strength and wisdom to serve God's purposes in our humanity *Media, Culture, and the Religious Right* Linda Kintz, Julia Lesage, 1998 As the religious right has increased in both power and visibility there has been a commensurate growth in the prominence of Christian media The contributors to this book provide a broad overview of the organizations history and media influences of the Christian right *Progressive Evangelicals and the Pursuit of Social Justice* Brantley W. Gasaway, 2014-10-30 In this compelling history of progressive evangelicalism Brantley Gasaway examines a dynamic though often overlooked movement within American Christianity today Gasaway focuses on left leaning groups such as Sojourners and Evangelicals for Social Action that emerged in the early 1970s prior to the rise of the more visible Religious Right He identifies the distinctive public theology a set of biblical interpretations regarding the responsibility of Christians to promote social justice that has animated progressive evangelicals activism and bound together their unusual combination of political positions The book analyzes how prominent leaders including Jim Wallis Ron Sider and Tony Campolo responded to key political and social issues over the past four decades Progressive evangelicals combated racial inequalities endorsed feminism promoted economic justice and denounced American nationalism and militarism At the same time most leaders opposed abortion and refused to affirm homosexual behavior even as they defended gay civil rights Gasaway demonstrates that while progressive evangelicals have been caught in the crossfire of partisan conflicts and public debates over the role of religion in politics they have offered a significant alternative to both the Religious Right and the political left

Dictionary of Mission Karl Muller, Theo Sundermeier, Stephen B. Bevans, Richard H. Bliese, 2006-01-30 Conceived and developed by two of Europe's most eminent missiologists in the country where the scientific and sustained study of mission first took shape the *Dictionary of Mission* represents the finest of the chorus of voices that comprise contemporary missiology The choice of topics and the authors to address them reflects what Christian mission has become a genuinely worldwide and ecumenical phenomenon That there would be entries on regional theological developments is indicative of how the world church is developing A host of other topics here explored show too how the landscape of mission is changing Taken as a whole then the *Dictionary of Mission* is a road map through this exciting and challenging terrain from the Foreword **The Ambivalence of the Sacred** Scott R. Appleby, 2000 This text explains what religious terrorists and religious peacemakers share in common and what causes them to take different paths in fighting injustice
