The Church of Antioch and the Eucharistic Traditions (ca. 35-130 CE) Amiel Drimbe, 2020-10-12 The author has chosen 1 to analyse the Eucharistic traditions of earliest Christianity and 2 to trace their use within the church of Antioch focusing on the following key texts 1 Cor 11 23 25 Matt 26 26 29 Did 9 1 10 6 and Ignatius Phil 4 1 Therefore connecting the four Eucharistic texts to the early church of Antioch constitutes the main objective of this study Introduction *Torah for Gentiles?* Daniel Nessim, 2021-03-15 In the matrix of nascent Judaism and Christianity the Didache is a Christian Jewish voice seeking to mediate the Torah to its gentile recipients in a manner appropriate for them Steering diplomatically between the Scylla and Charybdis of the Law observant Jerusalem church and Pauline dogma the Didache is very clear that gentiles do not need to convert to Judaism On the other hand the author argues the Torah and in particular the second Table of the Decalogue is universally applicable to everyone Jew and gentile While gentiles are not required to keep commands specific to Israel the Deuteronomic paradigm of the Way of Life versus the Way of Death is applicable to all Jesus said my yoke is easy The Didache mandates bearing the yoke of the Lord in order to attain perfection The yoke it advocates is not as easy as one might suppose yet both Jews and Christians would recognize its morals as largely the same as those that underpin Judaeo Christian values today Further they reflect the requirements that Christian Jews saw as necessary for participation in the Christian community in a day when that community still looked very much to its Jewish progenitors *1 Corinthians (Baker Exegetical Commentary on the New Testament)* David E. Garland, 2003-11-01 Paul's first letter to the Corinthians is one of the most important epistles in the New Testament David Garland's thoughtful new commentary draws on extensive research and engages the best of contemporary scholarship while providing a readable study that will be accessible to thoughtful

readers as well as students pastors and scholars After considering the context of the letter and the social and cultural setting of Corinth Garland turns to his exegetical work An introduction to each major unit of thought is followed by the author's own translation of the Greek text In the course of his verse by verse commentary he incorporates references to other ancient writings that help explain particular aspects of Paul's meaning or provide information on the social and cultural context He also refers to the work of other commentators and provides extensive notes for further reading and research *A Classified Catalogue of Theological and Religious Books, Comprising a Large Collection of Standard Works, American and Foreign* Smith, English & Co,1871 *Religion and Public Doctrine in Modern England: Volume 2* Maurice Cowling,1980 A further contribution to understanding the role played by Christianity in modern English thought

The Genre and Development of the Didache Nancy Pardee,2012 Revised thesis Ph D University of Chicago 2002 **Matthew and the Mishnah** Akiva Cohen,2016-06-10 Akiva Cohen investigates the general research question how do the authors of religious texts reconstruct their community identity and ethos in the absence of their central cult His particular socio historical focus of this more general question is how do the respective authors of the Gospel according to Matthew and the editors of the Mishnah redefine their group identities following the destruction of the Second Temple Cohen further examines how after the Destruction both the Matthean and the Mishnaic communities found and articulated their renewed community bearings and a new sense of vision through each of their respective author/redactor's foundational texts The context of this study is thus that of an inner Jewish phenomenon two Jewish groups seeking to re-establish their community identity and ethos without the physical temple that had been the cultic center of their cosmos Colossians and Philemon David W. Pao,2016-05-24 Concentrate on the biblical author's message as it unfolds Designed to assist the pastor and Bible teacher in conveying the significance of God's Word the Zondervan Exegetical Commentary on the New Testament series treats the literary context and structure of every passage of the New Testament book in the original Greek With a unique layout designed to help you comprehend the form and flow of each passage the ZECNT unpacks The key message The author's original translation An exegetical outline Verse by verse commentary Theology in application While primarily designed for those with a basic knowledge of biblical Greek all who strive to understand and teach the New Testament will benefit from the depth format and scholarship of these volumes The Didache Aaron Milavec,2003 In this study Aaron Milavec comprehensively examines how the first century pastoral manual known as the Didache enumerated the step by step training of converts for the full active participation in the earliest Jewish Christian communities Milavec shows how the Didache can in turn illuminate our understanding of how these first Christian men and women organized their community life socially religiously and politically in order to safeguard its members from the challenges of the surrounding Roman pagan society of the first century Mediterranean basin He argues not only that the Didache's textual and contextual clues demonstrate the document's organic unity from beginning to end but also that it dates from a period before the gospels were written and had gained
