**Remembering Ray** William L. Stull, Maureen P. Carroll, 1993      **Raymond Carver's Short Fiction in the History of Black Humor** Jingqiong Zhou, 2006 This first book length study on the black humor in Raymond Carver's work includes valuable interpretations of Carver's aesthetics as well as the psycho social implications of his short fiction The presence of an indeterminate menace in the oppressive situations of black humor in Carver as compared to a European tradition of existentialist writing and his American predecessors including Twain Heller Barth and others is mitigated through humor so it is not dominant As a result a subtle promise emerges in the characters lives      **The Poetry of Raymond Carver** Sandra Lee Kleppe, 2016-02-24 Best known as one of the great short story writers of the twentieth century Raymond Carver also published several volumes of poetry and considered himself as much a poet as a fiction writer Sandra Lee Kleppe combines comparative analysis with an in depth examination of Carver's poems making a case for the quality of Carver's poetic output and showing the central role Carver's pursuit of poetry played in his career as a writer Carver constructed his own organic literary system of autopoetics a concept connected to a paradigm shift in our understanding of the inter relatedness of biological and cultural systems This idea is seen as informing Carver's entire production and a distinguishing feature of Kleppe's book is its contextualization of Carver's poetry within the complex literary and scientific systems that influenced his development as a writer Kleppe addresses the common themes and intertextual links between Carver's poetry and short story careers situates Carver's poetry within the love poem tradition explores the connections between neurology and poetic memories and examines Carver's use of the elegy genre within the context of his terminal illness Tellingly Carver's poetry which has aroused slight interest among literary scholars is frequently taught to medical students This testimony to the interdisciplinary implications of Carver's work suggests the appropriateness of Kleppe's culminating discussion of Carver's work as a bridge between the fields of literature and medicine      **A Study Guide for Raymond Carver's "What We Talk About When We Talk About Love"** Gale, Cengage Learning,      **Remembering Ray** William L. Stull, Maureen Patricia Carroll, 1993      *A Study Guide for Raymond Carver's "The Cobweb"* Gale, Cengage Learning, 2016 A Study Guide for Raymond Carver's *The Cobweb* excerpted from Gale's acclaimed *Poetry for Students* This concise study guide includes plot summary character analysis author biography study questions historical context suggestions for further reading and much more For any literature project trust *Poetry for Students* for all of your research needs      **The Visual Poetics of Raymond Carver** Ayala Amir, 2010-01-01 *The Visual Poetics of Raymond Carver* explores the visual dimensions of literary texts by looking at the rich representations of vision movement and space in Raymond Carver's short fiction Ayala Amir analyzes Carver's stories using insights borrowed from the critical discourse of the visual arts to reflect upon and challenge traditional issues of narrative study      **Raymond Carver** Carol Sklenicka, 2009-11-24 The first biography of America's best known short story writer of the late twentieth century The London Times called Raymond Carver the American Chekhov The beloved

mischievous but more modest short story writer and poet thought of himself as a lucky man whose renunciation of alcohol allowed him to live ten years longer than I or anyone expected In that last decade Carver became the leading figure in a resurgence of the short story Readers embraced his precise sad often funny and poignant tales of ordinary people and their troubles poverty drunkenness embittered marriages difficulties brought on by neglect rather than intent Since Carver died in 1988 at age fifty his legacy has been mythologized by admirers and tainted by controversy over a zealous editor's shaping of his first two story collections Carol Sklenicka penetrates the myths and controversies Her decade long search of archives across the United States and her extensive interviews with Carver's relatives friends and colleagues have enabled her to write the definitive story of the iconic literary figure Laced with the voices of people who knew Carver intimately her biography offers a fresh appreciation of his work and an unbiased vivid portrait of the writer **The Carver Chronotope**

*Masculinity and Place in American Literature since 1950* Vidya Ravi,2019-05-15 American literature has long celebrated the figure of the self made man and the idea of establishing selfhood particularly male selfhood in nature However during the crisis of masculinity that swept across America in the middle of the twentieth century a generation of writers started exploring a different kind of a man This was a figure who was concerned not so much with the loss of the West or the desire to recover a wilderness but with how to live in an ordinary domesticated continent Masculinity and Place in American Literature since 1950 explores the role of place in negotiating reinforcing and subverting articulations of hegemonic

masculinity in the work of four American writers from the latter part of the 20th century John Cheever John Updike Raymond Carver and Richard Ford The book argues that American fiction by white male writers between the 1950s and the present day is compelled by the troubled and troubling relationship between masculinity and place This relationship is deeply embedded in how ideals of masculinity are predicated upon the experience of the physical world and how the symbolic logic of masculinity is continually subverted by alternative conceptions of dwelling and ecological consciousness In-roads of Language Ignasi Navarro Ferrando,Nieves Alberola Crespo,2006 In roads of Language caps an ensemble of many varied interesting and spirited articles of appealing claim specially garnered for students looking for new insights and usefully dedicated to advanced scholars that may battle in recent trends in English studies **The Encyclopedia of**
