*Building a Market* Richard Harris, 2012-08-27 Each year North Americans spend as much money fixing up their homes as they do buying new ones This obsession with improving our dwellings has given rise to a multibillion dollar industry that includes countless books consumer magazines a cable television network and thousands of home improvement stores Building a Market charts the rise of the home improvement industry in the United States and Canada from the end of World War I into the late 1950s Drawing on the insights of business social and urban historians and making use of a wide range of documentary sources Richard Harris shows how the middle class preference for home ownership first emerged in the 1920s and how manufacturers retailers and the federal government combined to establish the massive home improvement market

and a pervasive culture of Do It Yourself Deeply insightful Building a Market is the carefully crafted history of the emergence and evolution of a home improvement revolution that changed not just American culture but the American landscape as well
