Repression And Accommodation In Post Revolutionary States:

Repression and Accommodation in Post-Revolutionary States M. Krain, 2000-07-06 We know very little about political dynamics in states that have just experienced an internal war despite the increasing need to deal with such states in the post Cold War world Matthew Krain examines what prompts leaders in post revolutionary states to employ repression or accommodation Through statistical analysis and case studies of Iran Cuba Nicaragua and Bolivia he also examines the effects of these choices on how the domestic opposition reacts what type of political system develops in the new state and whether or not the leaders who institute these policies survive in power in the long run Krain concludes with a series of policy recommendations

Repression and Accommodation in Post-revolutionary States Matthew Krain, 1998 [Research Handbook on Conflict Prevention](#) Timo Kivimäki, 2024-06-05 The Research Handbook on Conflict Prevention is a cohesive and comparative analysis of the ways in which organised violence is combatted Renowned experts dissect the complex problem of conflict prevention by investigating its three main aspects agency methods and timing

Labor Against the Regime Nadine Abdalla, 2025-02-17 How do worker movements emerge and evolve under authoritarian regimes What enables labor activists to overcome constraints and win concessions and what leads to demobilization Nadine Abdalla provides an inside look at two of Egypt's most significant worker protest movements in the years preceding the 2011 Arab uprisings Through a fine grained analysis of the labor movement at the Misr Spinning and Weaving Company in Al Mahalla Al Kubra and the State Employees Movement of the Real Estate Tax Collectors Labor Against the Regime reveals the pivotal role played by activist leaders in shaping a movement's trajectory Drawing on extensive fieldwork interviews and primary sources Abdalla traces how these movements overcame daunting odds to first take shape achieve socio economic demands and ultimately challenge the Mubarak regime's corporatist control over labor relations The book explores how activist leaders personal backgrounds careers and embeddedness within movements conditioned their choices ultimately steering protests down different pathways of contestation and institutionalization As one of the first book length studies to comparatively analyze Egypt's labor activism before and after the Arab Spring Labor Against the Regime provides vital insights into the changing relationship between workers social movements and the pre uprising political order

In the Shadow of Mistrust Mahmood Monshipouri, 2022-05-27 Since the 1979 Iranian Revolution the normalisation of relations between Iran and America has appeared unrealistic if not inconceivable given that the Iranian state has vigorously pursued an anti American ideology This account of US Iranian relations examines the efficacy of external pressure such as sanctions as well as domestic grassroots reform movements within the Islamic Republic The Obama presidency marked a rare high point in the Washington Tehran relationship as negotiations between the two countries and other powers produced an unprecedented nuclear deal the Joint Comprehensive Plan of Action However the Trump administration's unilateral withdrawal from the JCPOA and re imposition of new sanctions in pursuit of maximum pressure had devastating economic consequences undermining the Iranian middle class which has consistently been the voice of political moderation and supported Iran's integration into the global economy Crucially sanctions have also driven Iran further into the arms of China while rendering it an even more recalcitrant and aggressive adversary Monshipouri's central conviction is that negotiations are pivotal to dismantling the mistrust that has long characterised US Iranian relations and to seeking détente between Iran and its Arab neighbours a critical priority since gradual US withdrawal from the region is all but certain

Political Movements and Violence in Central America Charles D. Brockett, 2005-03-14 This book offers an indepth analysis of the confrontation between popular movements and repressive regimes in Central America for the three decades beginning in 1960 particularly in El Salvador and Guatemala It examines both urban and rural groups as well as both nonviolent social movements and revolutionary movements It studies the impact of state violence on contentious political movements as well as defends the political process model for studying such movements

Not by Bread Alone Robert Nalbandov, 2016-01-01 Since its independence in 1991 Russia has struggled with the growing pains of defining its role in international politics After Vladimir Putin ascended to power in 2000 the country undertook grandiose foreign policy projects in an attempt to delineate its place among the world's superpowers With this in mind Robert Nalbandov examines the milestones of Russia's international relations since the turn of the twenty first century He focuses on the specific goals

engagement practices and tools used by Putin's administration to promote Russia's vital national and strategic interests in specific geographic locations. His findings illuminate Putin's foreign policy objective of reinstituting Russian global strategic dominance. Nalbandov argues that identity-based politics have dominated Putin's tenure and that Russia's east-west split is reflected in Asian-European politics. Nalbandov's analysis shows that unchecked domestic power and an almost exclusive application of hard power and determined ambition for unabridged global influence and a defined place as a world superpower are the keys to Putin's Russia. Counterterror Offensives for the Ghost War World Richard J.

Chasdi, 2010-07-06 In Counterterror Offensives for the Ghost War World The Rudiments of Counterterrorism Policy Richard J. Chasdi has written a groundbreaking quantitative analysis that provides new insight into which types of counterterror practices work best and which types perform poorly in particular operational environments and circumstances. For Chasdi, effectiveness is defined as the capacity of counterterror practices to work with stealth, namely without eliciting high amounts of related follow-up terrorist assaults. He moves beyond individual country analyses to tackle an analysis of counterterror practice effectiveness based on the type of political system of the country carrying out counterterror offensives and the power level of that country within the international political system. Chasdi furthermore provides essential qualitative descriptions of national security institutions, stakeholders, and processes to frame his quantitative results in ways that tie those findings to historical and contemporary political developments. **Routledge Handbook of Civil Wars** Edward

Newman, Karl DeRouen, Jr., 2014-02-18 This comprehensive new Handbook explores the significance and nature of armed intrastate conflict and civil war in the modern world. Civil wars and intrastate conflict represent the principal form of organised violence since the end of World War II and certainly in the contemporary era. These conflicts have a huge impact and drive major political change within the societies in which they occur as well as on an international scale. The global importance of recent intrastate and regional conflicts in Afghanistan, Pakistan, Iraq, Somalia, Nepal, Côte d'Ivoire, Syria, and Libya, amongst others, has served to refocus academic and policy interest upon civil war. Drawing together contributions from key thinkers in the field who discuss the sources, causes, duration, nature, and recurrence of civil wars as well as their political meaning and international impact, the Handbook is organised into five key parts: Part I Understanding and Explaining Civil Wars: Theoretical and Methodological Debates; Part II The Causes of Civil Wars; Part III The Nature and Impact of Civil Wars; Part IV International Dimensions; Part V Termination and Resolution of Civil Wars. Covering a wide range of topics including micro-level issues as well as broader debates, Routledge Handbook of Civil Wars will set a benchmark for future research in the field. This volume will be of much interest to students of civil wars and intrastate conflict, ethnic conflict, political violence, peace and conflict studies, security studies, and IR in general. Political Friendship Michael Weaver, 2024-02-02 Between periods of revolution, state repression, and war across Central and Western Europe from the 1840s through the 1860s, German liberals practiced politics beyond the more well-defined realms of voluntary associations, state legislatures, and burgeoning

political parties Political Friendship approaches 19th century German history s trajectory to unification through the lens of academics journalists and artists who formed close personal relationships with one another and with powerful state leaders Michael Weaver argues that German liberals thought with their friends by demonstrating the previously neglected aspects of political friendship were central to German political culture

Why Peace Fails Charles T. Call,2012-04-03 Why does peace fail More precisely why do some countries that show every sign of having successfully emerged from civil war fall once again into armed conflict What explains why peace sticks after some wars but not others In this illuminating study Charles T Call examines the factors behind fifteen cases of civil war recurrence in Africa Asia the Caucasus and Latin America He argues that widely touted explanations of civil war such as poverty conflict over natural resources and weak states are far less important than political exclusion Call s study shows that inclusion of former opponents in postwar governance plays a decisive role in sustained peace Why Peace Fails ultimately suggests that the international community should resist the temptation to prematurely withdraw resources and peacekeepers after a transition from war Instead international actors must remain fully engaged with postwar elected governments ensuring that they make room for former enemies

The Top Books of the Year Repression And Accommodation In Post Revolutionary States The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the captivating narratives that have enthralled audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Repression And Accommodation In Post Revolutionary States : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and gripping novel that will keep you wondering until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
