Republican Theory In Political Thought Virtuous Or Virtual

N. Armstrong, I. Mackenzie

Republican Theory In Political Thought Virtuous Or Virtual:

Republican Theory in Political Thought Bill Brugger, 1999-06-19 This book provides a thematic examination of republican theory from the Renaissance through the Enlightenment and the experiences of the early American republic to contemporary debates. It maps out a republican ideal type according to four themes: popular sovereignty, a view of history which is sensitive to systemic corruption, an insistence on civic virtue, and following Philip Pettit, a conception of liberty as non-domination. Where possible, it contrasts the treatment of those themes with that of liberals and other streams of thought.

Republicanism in Theory and Practice Iseult Honohan, Jeremy Jennings, 2006 This book aims to contribute to current debates on republicanism by examining the relationship between republican theory and practice in a variety of contexts.

Republicanism and the Future of Democracy Yiftah Elazar, Geneviève Rousselière, 2019-04-25 Democracies are in crisis. Can republican theory contribute to reforming our political norms and institutions? The neo-republican turn has seen scholars using the classical republican tradition in reconstructing and developing a vision of public life as an alternative to liberalism. This volume offers new perspectives from leading scholars on how republicanism can help transform democratic theory and respond to some of its most pressing challenges. Drawing on this recent revival of republican political thought, its chapters reflect on such issues as the republican definition of freedom as non-domination and its relation to democracy and populism; the ideal of the common good; domination in the workplace and in the family; republicanism in a globalized world; and radical republican politics. It will appeal to researchers and students in political theory, political philosophy, and the history of ideas, and anyone interested in gaining greater insight into the prospects and challenges of republican democracy in today's world.

Democracy and Security in the 21st Century Valentin Naumescu, 2014-04-11 At a time when even the foundations and pre-eminence of the Western order are called into question by both the weaknesses of the transatlantic partnership and the spectacular rise of the Asia-Pacific region, suggesting a switch to a post-Atlantic order, the contributors to this volume provide specific answers to present-day interrogations pertaining to various processes of transformation. This book offers multidisciplinary perspectives on political, economic, social, technological, and cultural dimensions of change and proposes various possible responses to current global and regional challenges. Republicanism in Northeast Asia Jun-Hyeok

Kwak, Leigh Jenco, 2014-11-13 As rapid economic development brings increasing uncertainty in East Asia, interest in a new version of republicanism termed 'neo-Roman republicanism' is growing across the region. Conceptualized as liberty as non-domination, this new form of republicanism has inspired not only Western but also East Asian political theorists. However, neo-Roman republican ideas in Northeast Asian countries continue to face serious conceptual and political challenges, which scholarly literature on both republicanism and on East Asian politics has largely failed to confront. This book addresses these challenges by surveying the latest theoretical contributions to the studies of republicanism in Western countries and the latest interpretations of how republicanism, including both communitarian republicanism and neo-Roman republicanism, has

been appropriated in countries in East Asia In particular it deals with the key question of whether liberty as non domination can work in non Western contexts where the fundamental tenets of liberal democracy such as moral individualism and value pluralism do not predominate Across three sections the chapters first provide a conceptual overview of republicanism as a global political theory they then consider how republicanism has historically been received resisted and translated into East Asia and Finally they examine how historically informed possibilities fit with the emergent needs of contemporary Northeast Asian societies Overall the contributors show that republicanism is an always ongoing project whose terms must be interpreted and translated into the various communities they inform Normative considerations about whether or how republicanism applies in East Asia cannot be divorced from historical and empirical approaches which consider the various ways in which republican ideals reflect the realities of life there Dealing with the issue of republicanism from a new comparative perspective this book will have broad appeal to students and scholars of Asian studies comparative political theory political philosophy sociology and history

Republican Legal Theory M. Sellers, 2003-09-07 Republican legal theory developed out of the jurisprudential and constitutional legacy of the Roman *res publica* as interpreted over two millennia in Europe and North America In this book the most comprehensive study of republican legal ideas to date Professor Sellers traces the development of republican legal theory Explaining the importance of popular sovereignty the rule of law the separation of powers and other essential republican legal characteristics he argues that these republican institutions have introduced a new era of justice into politics

International Bibliography of Political Science Compiled by the British Library of Political and Economic Science, 2000-02 IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge on the social sciences

Agnes Heller Simon Tormey, 2001 This thorough examination of Agnes Heller's political thought covers a range of subjects from Marxian anthropology through aesthetics the philosophy of history ethical socialism postmodernism and the political forms of the modern state Simon Tormey treats Heller's work historically and thematically placing it in a postmodern 21st century context

The Political Discourse of the Polish-Lithuanian Commonwealth Anna Grześkowiak-Krwawicz, 2020-10-05 This book makes a contribution to ongoing European research into the political discourse of the early modern era analyzing the political discourse of the Polish Lithuanian Commonwealth 1569 1795 The sources comprise the broadly understood political literature from the end of the sixteenth century until the end of the eighteenth century The author has selected and analysed concepts and ideas that are particularly important for the noble political discourse with the aim of understanding what these concepts meant for the participants in public debate who used them how they explained and described the world how they allowed for the formulation of political postulates and ideals whether their meaning changed over time and if so then to what extent and under what influences The author's research focuses not only on the understanding of the concepts that functioned in the period under study but also on their use as instruments in the

political struggle The book is addressed to readers from the academic milieu students and researchers but is likewise accessible to less prepared readers interested in the history of political language and concepts as well as the history of political thought

Ideology and Politics John Schwarzmantel, 2008-02-13 Successfully challenges the notion that we live in a post ideological age John Schwarzmantel searchingly questions the thesis that only single issues and identities matter providing a reliable compass to help students navigate through a world that has witnessed the death of Communism and the rise of neo liberal hegemony Jules Townshend Professor of Political Theory Manchester Metropolitan University This book challenges the idea of post ideological consensus and offers a fresh perspective on the current state of political ideologies With traditional political ideologies such as liberalism socialism nationalism and conservatism perceived to be in crisis it assesses Their continued relevance in the context of globalisation and of scepticism towards ideological thinking The challenges posed by new ideologies such as ecologism and feminism The implications of new social movements and ideas of community and multiculturalism for the traditional Left Right political framework Ideology and Politics presents an accessible account of a new era of ideological politics where the dominant neo liberalism has spawned a diverse global range of ideologies of opposition It situates these radical frameworks of change and protest in relation to more traditional anti ideologies and seeks to re establish the relevance of ideologies for political action in the contemporary world This text will be core reading for students of politics at advanced undergraduate and postgraduate level

Hayek's Market

Republicanism Sean Irving, 2019-11-27 Friedrich Hayek was the 20th century's most significant free market theorist Over the course of his long career he developed an analysis of the danger that state power can pose to individual liberty In rejecting much of the liberal tradition's concern for social justice and democratic participation Hayek would help clear away many intellectual obstacles to the emergence of neoliberalism in the last quarter of the 20th century At the core of this book is a new interpretation of Hayek one that regards him as an exponent of a neo Roman conception of liberty and interprets his work as a form of market republicanism It examines the contemporary context in which Hayek wrote and places his writing in the long republican intellectual tradition Hayek's Market Republicanism will be of interest to advanced students and researchers across the history of economic thought the history of political thought political economy and political philosophy

The System Made Me Do it Rasma Karklins, 2016-07-01 Strike up a conversation with a citizen from the post communist region and invariably the talk will turn to the topic of corruption the misuse of public power for private gain People are sure that corruption is widespread whether from their own experiences or stories they have heard from others They feel frustrated that there seems to be nothing they can do about it that they are helpless and that they are being played for fools And many are cynical they feel that they too have to play the game because the system compels them to do so But what system exactly What are the structures and mechanisms of corruption in post communist societies The System Made Me Do It is the first comprehensive study of the origin nature and consequences of corruption in post communist societies While

international actors decry corruption as a major impediment to democracy building and economic development the problem is not well understood This book fills that gap and suggests innovative and practical institutional strategies for containing corruption It achieves a rare and perfect balance of disciplined analysis practicality and passion The Nature of Political Theory Andrew Vincent,2004 Andrew Vincent here offers a comprehensive synoptic and comparative analysis of the major conceptions of political theory throughout the twentieth century It challenges established views of contemporary political theory and provides critical perspectives on the future of the subject *Domination and Global Political Justice* Barbara Buckinx,Jonathan Trejo-Mathys,Timothy Waligore,2015-02-11 Domination consists in subjection to the will of others and manifests itself both as a personal relation and a structural phenomenon serving as the context for relations of power Domination has again become a central political concern through the revival of the republican tradition of political thought not to be confused with the US political party However normative debates about domination have mostly remained limited to the context of domestic politics Also the republican debate has not taken into account alternative ways of conceptualizing domination Critical theorists liberals feminists critical race theorists and postcolonial writers have discussed domination in different ways focusing on such problems as imperialism racism and the subjection of indigenous peoples This volume extends debates about domination to the global level and considers how other streams in political theory and nearby disciplines enrich expand upon and critique the republican tradition s contributions to the debate This volume brings together for the first time mostly original pieces on domination and global political justice by some of this generation s most prominent scholars including Philip Pettit James Bohman Rainer Forst Amy Allen John McCormick Thomas McCarthy Charles Mills Duncan Ivison John Maynor Terry Macdonald Stefan Gosepath and Hauke Brunkhorst *Standardization, Ideology and Linguistics* N. Armstrong,I. Mackenzie,2012-12-14 The authors explore some of the ways in which standardization ideology and linguistics are interrelated Through a number of case studies they show how concepts such as grammaticality and structural change covertly rely on a false conceptualization of language one that derives ultimately from standardization

Conceptual Engineering and Conceptual Ethics Alexis Burgess,Herman Cappelen,David Plunkett,2020 Conceptual engineering is a newly flourishing branch of philosophy which investigates problems with our concepts and considers how they might be ameliorated truth for instance is susceptible to paradox and it s not clear what race stands for This is the first collective exploration of possibilities and problems of conceptual engineering Intellectual Origins of the Republic: Ahmet Ağaoğlu and the Genealogy of Liberalism in Turkey Hilmi Ozan Özavcı,2015-07-28 Few studies tracing the history of liberalism have taken into account that its reception in non Western or westernising countries in the form of the denial or acceptance of its core values and institutions is an important aspect of the liberal tradition In *Intellectual Origins of the Republic* Ahmet A ao lu and the Genealogy of Liberalism in Turkey zavc investigates the histories of liberalism and nationalism in the late Russian and Ottoman Empires and early Republican Turkey through the prism of the life ideas and

times of the revolutionary writer Ahmet A ao lu This is the first in depth study in the English language that places under scrutiny the Turkish idea of liberty and its endless yet destructive flirt with nationalism **Globalisation and Citizenship**

Wayne Hudson,Steven Slaughter,2007-04-11 This wide ranging volume explores the impact of globalization upon citizenship with a special focus on the transnational challenges that globalization poses While there is much debate over the concept globalization implies at least two distinct phenomena First it suggests that political economic and social activities are becoming increasingly inter regional or intercontinental in scope Secondly it suggests that there has been an intensification of levels of interaction and interconnectedness between states and societies Citizenship as one of the foundational concepts of the modern liberal democratic states provides the normative framework within which globalization debates may be understood and evaluated It also examines how different concepts theories and practices of citizenship are evolving in response to globalization Central questions explored in this text are How does globalization challenge traditional conceptions of citizenship in specific respects How is globalization creating new citizenships or new civil society spaces How is transnational citizenship developing and what problems are associated with it in specific areas Discussing the theoretical and practical prospects for new forms of liberal republican and cosmopolitan citizenship Globalisation and Citizenship will appeal to students and scholars in the fields of international relations globalization sociology and political science **The**

Australian Study of Politics R. Rhodes,2009-11-11 The Australian Study of Politics provides the first comprehensive reference book on the history of the study of politics in Australia whether described as political studies or political science It focuses on Australia and on developments since WWII also exploring the historical roots of each major subfield

Autonomy and the Challenges to Liberalism John Christman,Joel Anderson,2005-02-07 In recent years the concepts of individual autonomy and political liberalism have been the subjects of intense debate but these discussions have occurred largely within separate academic disciplines Autonomy and the Challenges to Liberalism contains essays devoted to foundational questions regarding both the notion of the autonomous self and the nature and justification of liberalism Written by leading figures in moral legal and political theory the volume covers inter alia the following topics the nature of the self and its relation to autonomy the social dimensions of autonomy and the political dynamics of respect and recognition and the concept of autonomy underlying the principles of liberalism

Republican Theory In Political Thought Virtuous Or Virtual Introduction

In the digital age, access to information has become easier than ever before. The ability to download Republican Theory In Political Thought Virtuous Or Virtual has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Republican Theory In Political Thought Virtuous Or Virtual has opened up a world of possibilities. Downloading Republican Theory In Political Thought Virtuous Or Virtual provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Republican Theory In Political Thought Virtuous Or Virtual has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Republican Theory In Political Thought Virtuous Or Virtual. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Republican Theory In Political Thought Virtuous Or Virtual. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Republican Theory In Political Thought Virtuous Or Virtual, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves,

individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Republican Theory In Political Thought Virtuous Or Virtual has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Republican Theory In Political Thought Virtuous Or Virtual Books
