Arturo Cuomo

Rereading Russian Poetry Russian Literature And Thought Series Hb:

Rereading Russian Poetry Stephanie Sandler, 1999-01-01 Russia's poets hold a special place in Russian culture perhaps revealing more about their country than poets within any other nation In this unique and wide ranging collection of writings on poets and poetic trends in Russia contributors from the United States Britain and Russia examine the place of poetry in Russian culture Through a variety of critical approaches these scholars translators and poets consider a broad cross section of Russian poets from Pushkin to Brodsky Shvarts and Kibirov *Forthcoming Books* Rose Arny, 1999-04 *The Sphere*, 1905 **"The" Athenaeum**, 1894 **Athenaeum and Literary Chronicle**, 1893 *Athenaeum and Literary Chronicle* James Silk Buckingham, John Sterling, Frederick Denison Maurice, Henry Stebbing, Charles Wentworth Dilke, Thomas Kibble Hervey, William Hepworth Dixon, Norman Maccoll, Vernon Horace Rendall, John Middleton Murry, 1893 **The Publishers' Circular and Booksellers' Record**, 1918 *Russian Poetry* Christopher Cole, 2019-10 There are few better ways to discover the identity of a nation or people than by reading their poetry From historical events to moral values to the political landscape and often visions of the actual landscape poetry at its best reveals the soul of a people And Russia has offered us some of the very best Although literary giants such as Fyodor Dostoevsky and Leo Tolstoy sometimes seem to have taken the lion's share of acclaim among Russian authors there are others we cannot afford to overlook and you'll have the privilege of encountering some of them in this collection Each of these poets tells a piece of Russia's story From Alexander Pushkin arguably the greatest poet Russia has ever produced who began to push back against autocracy in his poetry despite being born into aristocratic privilege to Mikhail Lermontov who is often credited with writing the first Russian psychological novel think the precedent to novels like *Anna Karenina* each poet in this book has played a significant role in shaping Russian thought and culture even as they sought to mirror and articulate it in their art And yet while these authors sought to capture thoughts and sentiments from a particular location nationality and moment in history they have simultaneously captured what it means to be human Maikov's *The Mother* reveals universal truths about motherhood even as the lullaby she sings may be unfamiliar to us Pushkin's *To My Wife* resonates with everyone who has enjoyed the sweetness of a familiar lover even though we've never met the characters in his poem My hope is that you'll approach this book both as a piece of the Russian story and as a piece of the human story Whether you're seeking to learn something about Russian culture or something about yourself you'll find this collection offers a glance into every arena of life love politics loneliness suffering and faith and that the messages within these poems transcend the time and space in which they were written One additional note must be made indeed it is crucial to address the fact that these works have been translated from the original Russian into English With any translation no matter how skilled something is lost a rhythmic element a subtle play on words However some translations are far superior to others I truly believe this translator has skillfully woven together the original meaning and heart of the text Subtleties such as emotional connotation rhythm and sound have been reproduced whenever possible

allowing us to experience the tone and mood most likely intended by the author This is not an easy feat and I hope you ll take time to appreciate the translator s skill and the creative investment that went into making these works accessible to us Thank you for taking the time to explore some of the most influential poets in Russian literature May you linger over particularly beautiful passages as you encounter a nation through its poetry My sincerest thanks Christopher Col **Reading and**

Collecting Ben Abramson,1936 Life-Destroying Diagrams Eugenie Brinkema,2022-01-14 In Life Destroying Diagrams Eugenie Brinkema brings the insights of her radical formalism to bear on supremely risky terrain the ethical extremes of horror and love Through close readings of works of film literature and philosophy she explores how diagrams grids charts lists abecedaria toroids tempos patterns colors negative space lengths increments and thresholds attest to formal logics of torture and cruelty violence and finitude friendship and eros debt and care Beginning with a wholesale rethinking of the affect of horror orienting it away from entrenched models of feeling toward impersonal schemes and structures Brinkema moves outward to consider the relation between objects and affects humiliation and metaphysics genre and the general bodily destruction and aesthetic generation geometry and scenography hatred and value love and measurement and ultimately the tensions hazards and speculative promise of formalism itself Replete with etymological meditations performative typography and lyrical digressions Life Destroying Diagrams is at once a model of reading without guarantee and a series of generative experiments in the writing of aesthetic theory **TŁS, the Times Literary Supplement** ,1992
