Miller, Jack Rabin**

Research In Public Administration Reflections On Theory And Practice:

Research in Public Administration Jay D. White, Guy B. Adams, 1994-05-09 Published in association with the American Society for Public Administration the essays in this volume develop a comprehensive view of research in the field of public administration The editors have gathered together a group of outstanding thinkers and the articles have been produced out of a common concern for improving academic research and professional practice *Handbook of Research Methods in Public Administration* Sondra Brandler, Camille P. Roman, 2007-11-14 Describing new techniques and novel applications Handbook of Research Methods in Public Administration Second Edition demonstrates the use of tools designed to meet the increased complexity of problems in government and non profit organizations with ever more rigorous and systematic research It presents detailed information on conceptual Research Methods in Public Administration and Nonprofit Management David E. McNabb, 2017-09-11 Now in a thoroughly revised and refreshed fourth edition Research Methods in Public Administration and Nonprofit Management is beloved by students and professors alike for its exceptional clarity and accessibility and plentiful illustrations This new edition integrates quantitative qualitative and mixed methods approaches as well as specific up to date instruction in the use of statistical software programs such as Excel and SPSS Changes to this edition include A new section featuring two new chapters to explore mixed methods approaches to research including fundamentals research design data collection and analyzing and interpreting findings A new dedicated chapter on Big Data research Updated exhibits and examples throughout the book A new companion website to accompany the book containing PowerPoint slides for each chapter New exhibits tables figures and exercises as well as key terms and discussion questions at the end of each chapter Research Methods in Public Administration and Nonprofit Management 4e is an ideal textbook for use in all research methods courses in undergraduate and graduate public administration public affairs and nonprofit management courses Handbook of Research Methods in Public Administration, Second Edition Gerald J. Miller, 1998-10-15 This comprehensive handbook covers a wide variety of quantitative methods used for research in public administration public policy and nonprofit management including theory building and testing increasing the readers awareness and command of analytical tools critical to the resolution of complex problems Providing bibliographic citations and over 370 tables equations and drawings the book compares the function of quantitative techniques in past and present public administration literature and practices furnishes information for visualizing planning and implementing research projects and explores potential applications of quantitative public administration **Case Research in Public Management** David E McNabb, 2014-12-18 Highly readable and non technical this handbook is designed to help students and non profit managers gain a working knowledge of the principles and practices of conducting qualitative case study research in public organizations This book is a motherload of practical and comprehensive guidance to planning conducting analyzing and reporting case research project findings McNabb begins with a detailed rationale for the use of the case

research approach in public administration non profit organizations and political science Then it provides step by step instructions on how to conduct single case multicase and meta analysis research with guidelines on organizing and writing the case report Case Research in Public Management also includes many examples of case studies in a wide range of important topics in public administration including performance management sustainable government technology management security issues emergency and disaster management social and health services infrastructure public transportation and transforming the work of government

Political Science in South Africa Peter Vale, Pieter Fourie, 2016-01-13 In 2013 and in 2014 respectively the South African Association of Political Studies SAAPS and Politikon the South African Journal of Political Studies celebrate their 40th anniversary Also in April 2014 South Africa celebrates twenty years since the advent of the post Apartheid democracy and the birth of the rainbow nation This book provides a timely account of the birth and evolution of South African politics over the past four decades but also of the study of Political Science and International Relations in this country Fourteen political scientists contribute chapters to this volume situating the study of politics within its global context and recounting the development of politics as a field of study at South African universities The fourteen contributions evaluate the state of the discipline s and suggest conclusions that are surprising and in many instances unsettling not only with regards to what and how politics is taught but also how its study has variously gained and lost pertinence for South Africans understanding of their own polity as well as its place in the world The implications are uncomfortable and pose interesting challenges for South African scholarship pedagogy and national self reflection This book was published as a special issue of Politikon

Handbook of Public Administration, Second Edition W. Bartley Hildreth, Gerald J. Miller, Jack Rabin, 1997-09-19 This bestselling reference examines all major areas in public administration from the enlightening perspectives of history and the five great concepts or theories framing each topic including public budgeting financial management decision making public law and regulation and political economy The American Reference Books Annual calls this stimulating and thought provoking thorough and inclusive a valuable contribution and Canadian Public Administration said it is impressive an extremely useful reference tool the writing and analysis and the scope of the coverage make the volume a good investment for both government and university libraries

Public Administration Norma M. Riccucci, 2010-06-16 Is public administration an art or a science This question of whether the field is driven by values or facts will never be definitively answered due to a lack of consensus among scholars The resulting divide has produced many heated debates however in this pioneering volume Norma Riccucci embraces the diversity of research methods rather than suggesting that there is one best way to conduct research in public administration Public Administration examines the intellectual origins and identity of the discipline of public administration its diverse research traditions and how public administration research is conducted today The book s intended purpose is to engage reasonable minded public administration scholars and professionals in a dialogue on the importance of heterogeneity in

epistemic traditions and to deepen the field's understanding and acceptance of its epistemological scope This important book will provide a necessary overview of the discipline for graduate students and scholars *Handbook of Public Administration* W. Bartley Hildreth, Gerald J. Miller, Jack Rabin, 2018-01-19 Since the publication of the previous edition the best selling Handbook of Public Administration enters its third edition with substantially revised updated and expanded coverage of public administration history theory and practice Edited by preeminent authorities in the field this work is unparalleled in its thorough coverage and comprehensive references This handbook examines the major areas in public administration including public budgeting and financial management human resource management decision making public law and regulation and political economy Providing a strong platform for further research and advancement in the field this book is a necessity for anyone involved in public administration policy and management This edition includes entirely new chapters on information technology and conduct of inquiry In each area of public administration there are two bibliographic treatises written from different perspectives The first examines the developments in the field The second analyzes theories concepts or ideas in the field's literature Handbook of Collaborative Public Management Jack W. Meek, 2021-02-26 This insightful Handbook presents readers with a comprehensive range of original research within the field of collaborative public management CPM a central area of study and practice in public administration It explores the most important questions facing collaboration providing insights into future research directions and new areas of study Handbook of Organization Theory and Management Forrest Clark, A.B. Lorenzoni, 2005-11-01 Few subjects are more influenced by philosophy than the form of governance that guides and administers public affairs yet much of the literature about public administration remains silent about this connection Handbook of Organization Theory and Management The Philosophical Approach Second Edition identifies and discusses many of the most **State Work** Stefano Harney, 2002-07-02 This is a case study of ways that labor is organized by public administration to produce state effects The State of Public Administration Donald C Menzel, Harvey E White, 2015-01-28 The trends and practices of public administration are ever changing and it is essential that they be appraised from time to time Designed as a capstone survey of the field The State of Public Administration focuses on leading edge issues challenges and opportunities that confront PA study and practice in the 21st Century *CONTEMPORARY DEBATES IN PUBLIC ADMINISTRATION* ALKA DHAMEJA, 2003-01-01 Public administration is reeling under complex challenges and pressures in the face of the changing trends in liberalization privatization and globalization As a pertinent area of social sciences it is in search of a new identity in the form of theoretical bases conceptual clarity and contextual applicability The development of the discipline is characterized by failed semi developed and recycled narratives which are unable to provide any well defined epistemological parameters Whatever one finds in the form of conceptual and applied growth in public administration especially pertaining to the Third World appears to be borrowed imitated and implemented out of context The discipline of public administration must therefore reinvent itself in the wake of new developments in the

areas of theory building organizational reforms information technology participatory development corporate ethics humane governance responsive administration non state organizations and administrative capability This book makes an attempt to grapple with some of these contemporary concerns in order to generate a debate on the impact of globalization on public administration A collection of diverse topics that address various facets of public administration the overall thrust is on developing indigenous approaches for meeting the growing demands of the changing scenario The wide range of issues covered in the volume makes for a comprehensive view of the various perceptions within the discipline of public administration The book will be of immense use to students academicians researchers policy makers and practitioners in public administration

Critical Social Theory in Public Administration Richard C Box,2015-03-26 The essential premise of critical social theory is that contemporary society is neither democratic nor free but that modern global capitalism creates a citizenry satiated with consumer goods unaware of alternative ways of living In the public sector critical theory suggests that governing systems are influenced if not controlled by the wealthy and powerful leaving public professionals to decide whether to serve those interests or the interests of a broader public This book provides a framework for the application of critical social theory in public administration Its goal is to encourage awareness among public administration scholars and practitioners of social conditions that tend to shape and constrain scholarship practice teaching and social change At a time when concern for public interest and a civil society have largely been displaced by the goals of economic efficiency and the New Public Management *Critical Social Theory in Public Administration* presents a viable alternative that incorporates the latest views of postmodern thinking with the central elements of critical social theory *Handbook of Critical Perspectives on Nonprofit Organizing and Voluntary Action* Roseanne M. Mirabella,Tracey M. Coule,Angela M. Eikenberry,2024-08-06 This insightful Handbook brings together leading and emerging scholars within the field of nonprofit organization serving as a call to action for academics to interrogate key contemporary issues such as backsliding and authoritarianism It meticulously distinguishes traditional often marginalist perspectives from nuanced counterarguments to balance out the field

Understanding and Managing Public Organizations Hal G. Rainey,2009-08-24 In the third edition of his award winning book Hal G Rainey provides a comprehensive up to date analysis of research on public organizations and management Drawing on a review of the most current research about government organizations and managers and about effective and ineffective practices in government this important resource offers specific suggestions for managing these challenges in today s public organizations Using illustrative real life vignettes and examples the book provides expert analysis of organizational design goals power effectiveness leadership motivation and work attitudes decisionmaking and more

Research Methods for Political Science David E. McNabb,2015-07-17 Thoroughly updated more concise than the previous edition and available for the first time in paperback *Research Methods for Political Science* is designed to help students learn what to research why to research and how to research The text integrates both quantitative

and qualitative approaches to research in one volume and includes the most comprehensive coverage of qualitative methods currently available. It covers such important topics as research design, specifying research problems, designing questionnaires, and writing questions, designing and carrying out qualitative research, and analyzing both quantitative and qualitative research data. Heavily illustrated, classroom tested, and exceptionally readable and engaging, the text also provides specific instructions on the use of available statistical software programs such as Excel and SPSS.

The Public Administration Theory Primer H. George Frederickson, Kevin B. Smith, Christopher Larimer, Michael J. Licari, 2018-04-17 The Public Administration Theory Primer explores how the science and art of public administration is definable, describable, replicable, and cumulative. The authors survey a broad range of theories and analytical approaches from public institutional theory to theories of governance and consider which are the most promising, influential, and important for the field. This book paints a full picture of how these theories contribute to and explain what we know about public administration today. The third edition is fully revised and updated to reflect the latest developments and research in the field, including more coverage of governments and governance, feminist theory, emotional labor theory, and grounded research methodology. Expanded chapter conclusions and a brand new online supplement with sample comprehensive exam questions and summary tables make this an even more valuable resource for all public administration students.

Qualitative Research Approaches for Public Administration Larry S. Luton, 2015-01-28 Thoroughly updated, more concise than the previous edition, and available for the first time in paperback.
