Social Workers' Desk Reference
2015-04-20 People all over the world are confronted by issues such as poverty a lack of access to quality education unaffordable and or inadequate housing and a lack of needed health and mental services on a daily basis Due to these issues there is a need for social workers who have access to relevant and timely scholarly materials in order to meet the needs of those facing these issues The social psychological and biological factors resulting from these issues determine the level of a person s mental health at any given point in time and it is necessary for social workers to continue to evolve and develop to the new faces and challenges of the times in order to adequately understand the effects of these issues In the first and second editions of the Social Workers Desk Reference the changes that were occurring in social work practice education and research were highlighted and focused upon This third edition continues in the same tradition and continues to respond to the changes occurring in society and how they are impacting the education research and practice of social work as a whole With 159 chapters collaboratively written by luminaries in the profession this third edition serves as a comprehensive guide

to social work practice by providing the most recent conceptual knowledge and empirical evidence to aid in the understanding of the rapidly changing field of social work Each chapter is short and contains practical information in addition to websites and updated references Social work practitioners educators students and other allied professionals can utilize the Social Workers Desk Reference to gain interdisciplinary and interprofessional education practice and research

Encyclopedia of Social Work ,1965 Practice-Based Research in Social Work Sarah-Jane Dodd,Irwin

Epstein,2012-03-12 This unique textbook explores practice based research PBR using numerous practice examples to actively encourage and engage students and practitioners to embrace research as a meaningful support for their practice Whilst evidence based practice gives practitioners access to information about universal best practices it does not prioritize practitioner generated knowledge or promote new research based interventions relevant to their own practice circumstances as PBR does This book discusses the evolution of PBR as a distinct social work research approach describes its principles and methods and presents a range of exemplars illustrating the application of PBR within different practice methods in different practice settings The chapters cover Identifying the research question in a PBR model Designing a study and identifying a methodology Sampling Literature reviews Gathering data Ethics Analyzing data and interpreting results Putting research into practice Viewing the practitioner as central to the research process and research as a necessary component of practice this invaluable book emphasizes the seamless integration of practice and research It is about research in social work practice rather than research on social work practice Each chapter includes an overview an introduction and a key concepts summary Practice Based Research in Social Work is a very accessible text suitable for social work students particularly MSW students and practitioners

Faith-Based Social Services Stephanie C. Boddie,Ram A. Cnaan,2012-11-12 Read the latest studies on the effectiveness of religious based services and the problems revealed in the assessment The Charitable Choice provision and the Bush Administration s National Faith Based Initiative have broadened the scope of social services delivered through faith based organizations There are expectations that these faith based social service providers will be more effective but how should that effectiveness be measured Faith Based Social Services Measures Assessments and Effectiveness explains the nature and quality of religion based social service delivery while serving as a point of reference for future research and work This unique source tackles the important complex issue of measuring the effectiveness of faith based social services in comparison to secular services while providing analysis of the latest available studies Faith Based Social Services Measures Assessments and Effectiveness provides a conceptual analysis of FBOs faith based organizations that reflects the need to gather detailed studies to assess social service effectiveness while reviewing the crucial issues challenging public policy The latest empirical research is detailed including the problems found when comparing secular and faith based social service providers their organizational structures and the types of services offered Analysis is included of the data from a three state evaluation of welfare to work programs a study of four types of faith based services found in four cities and an assessment of

a church based program for teenage drop outs Topics in Faith Based Social Services Measures Assessments and Effectiveness include discussion on how social science research shunned faith based services and how this neglect affected effectiveness problems inherent in efficacy assessment making funding priorities decisions the causes of outcome differences a model of evaluation based on randomized controlled clinical trials using measurement practices currently used by the nonprofit sector comparative case studies in transitional housing parent education and residential substance abuse treatment programs latest analysis of research involving faith based organizations and the provided services efficacy much more Faith Based Social Services Measures Assessments and Effectiveness is illuminating reading perfect for social work professionals students educators sociologists religious leaders and seminary educators

Fostering Accountability Mark F. Testa, John Poertner, 2010-02-08 By refocusing the emphasis on developing policies based on agency data instead of purely reactive approaches that grasp at solutions and often fall short Fostering Accountability guides administrators in monitoring outcomes using evidence to select interventions to enhance results and applying management strategies to evaluate and improve these efforts
