Public Vision, Private Lives Mark Sydney Cladis, 2007 Mark S Cladis pinpoints the origins of contemporary notions of the public and private and their relationship to religion in the work of Jean Jacques Rousseau His thesis cuts across many fields and issues philosophy of religion women s studies democratic theory modern European history American culture social justice privacy laws and notions of solitude and community and wholly reconsiders the political cultural and legal nature of modernity in relation to religion Turning to Rousseau s *Garden* its inhabitants the *Solitaires* and the question of restoration and redemption that preoccupied much of Rousseau s thought Cladis examines how Rousseau addressed the tension between the joys and moral obligations of social engagement and the desire for solitude He was caught between two possibilities active involvement in the creation of an enlightened and humane society or extrication from social entanglements in favor of cultivating a spiritual interior life Yet Rousseau did not view this conflict as a desperate division Rather for him it was a moral struggle to be endured by those who had fallen from the Garden For this edition Cladis has added a substantive introduction that discusses the role of religion in contemporary democratic societies particularly in American public life Cladis proposes four models of thinking about religion in public and champions what he calls spiritual democracy a dynamic culturally specific and progressive democracy Cladis argues that spiritual democracy refers not only to a society s legal codes and principles but also to its democratic culture and symbols and its daily practices and institutions It encompasses the nation s character diverse identities and a distinctivel exchange between the nation s public vision and citizens complex private lives

*The Enclosed Garden and the Medieval Religious Imaginary* Liz Herbert McAvoy, 2021 During the Middle Ages the arresting motif of the walled garden especially in its manifestation as a sacred or love inflected hortus conclusus was a common literary device Usually associated with the Virgin Mary or the Lady of popular romance it appeared in myriad literary and iconographic forms largely for its aesthetic decorative and symbolic qualities This study focuses on the more complex metaphysical functions and meanings attached to it between 1100 and 1400 and in particular those associated with the gardens of Eden and the Song of Songs Drawing on contemporary theories of gender gardens landscape and space it traces specifically the resurfacing and reworking of the idea and image of the enclosed garden within the writings of medieval holy women and other female coded texts In so doing it presents the enclosed garden as generator of a powerfully gendered hermeneutic imprint within the medieval religious imaginary indeed as an alternative language used to articulate those highly complex female coded approaches to God that came to dominate late medieval religiosity The book also responds to the eco turn in our own troubled times that attempts to return the non human to the centre of public and private discourse The texts under scrutiny therefore invite responses as both literary and garden spaces where form often reflects content and where their authors are also diligent gardeners the apocryphal Lives of Adam and Eve for example the horticulturally inflected Hortus Deliciarum of Herrad of Hohenburg and the green philosophies of Hildegard of Bingen s Scivias the visionary writings of Gertrude the Great and Mechthild of Hackeborn collaborating within their Helfta nunnery the Middle English poem Pearl and multiple reworkings of the deeply problematic and increasingly sexualized garden enclosing the biblical figure of Susanna

**Ayodhya Revisited** Kunal Kishore, 2016-01-01 This work of monumental research is a treatise on Ayodhya with utmost authenticity and absolute accuracy Based on original sources and scientific investigation it propounds a new thesis which demolishes many popular perceptions It exonerates the intrepid warrior Babur from the charge of demolishing a temple on the birthplace of Rama and constructing the mosque which has been a source of contention and dissension for long It further shows how inscriptions in the mosque were factitious and Mir Baqi of inscriptions is a fictitious person different from Baqi Tashkindi Shegawal of the Baburnama The book produces incontrovertible evidence which indubitably proves that there existed a Rama temple on the Ramajanamabhumih The exact birthplace of Rama was earmarked by a rectangular Bedi measuring 18.9 in length and 15 in width and was located in the inner portion of the disputed shrine The demolition of the temple and the construction of the mosque did not take place in 1528 A.D. but in c. 1660 A.D. when Fedai Khan was the Governor of Aurangzeb at Ayodhya It is a historical fact that until the British takeover of Awadh administration in 1858 both the Hindus and Muslims used to perform puja and offer Namaz respectively inside it All Mughal Emperors from Babur to Shah Jahan were magnanimous and liberal rulers and the Bairagis of Ayodhya enjoyed patronage of the first four Nawabs of Awadh However during the long rule of Aurangzeb the country was engulfed in the fire of fanaticism It has been shown in this book how an absolutely unfounded rumour in 1855 A.D. that the Hanumangarhi temple was constructed on the site of a mosque created cleavage between the two communities and the resultant festering wounds have not healed despite best efforts by saner elements of both the communities The book exposes many eminent historians hypocrisy and their lack of objectivity in writing history and it may be said that their presentation of contrived history on Ayodhya has caused irreparable damage to the cause of harmonizing communal relations in the country In contrast this text earnestly tries to take away the toxin from the polluted body of Indian politics For the first time a number of unexplored documents have been incorporated in this book as evidence and it may be proclaimed with

pride that this book contains much more information on Ayodhya than available hitherto Justice G B Patnaik a former Chief Justice of India after going through the manuscript has endorsed the author's thesis in his Foreword It is hoped that the book will put a quietus to the long standing dispute
