Looking For Trouble An Autobiography from The Sas To The Gulf:

Looking for Trouble Sir Peter De la Billière, 1994-01-01 *Looking for Trouble* Sir Peter De la Billière, 1994 The SAS in World War II Gavin Mortimer, 2015-06-20 The SAS are among the best trained and most effective Special Forces units in existence This book is the incredible story of their origins told in their own words During the summer of 1941 a young Scots Guard officer called David Stirling persuaded MEHQ to give its backing to a small band of 60 men christened L Detachment With a wealth of stunning photographs many from the SAS Regimental Archives the book captures the danger and excitement of the initial SAS raids against Axis airfields during the Desert War the battles in Italy and those following the D Day landings as well as the dramatic final push into Germany itself and the discovery of such Nazi horrors as Belsen An exhaustive account of an elite organization s formative years The SAS in World War II is the fruit of Gavin Mortimer s expertise and his unprecedented access to the SAS Regimental Archives Incorporating interviews with the surviving veterans it is the definitive account of the regiment s glorious achievements in the years from 1941 to 1945 *Propaganda, the Press and Conflict* David R. Willcox, 2005-09-19 An incisive analysis of the use of the press for propaganda purposes during conflicts using the first Gulf War and the intervention in Kosovo as case studies As the contemporary analysis of propaganda during conflict has tended to focus considerably upon visual and instant media coverage this book redresses the imbalance and contributes to the growing discourse on the role of the press in modern warfare Through an innovative comparative analysis of press treatment of the two conflicts it reveals the existence of five consistent propaganda themes portrayal of the leader figure portrayal of the enemy military threat threat to international stability and technological warfare As these themes construct a fluid model for the analysis and understanding of propaganda content in the press during conflicts involving British forces they also provide the background against which the author can discuss general issues regarding propaganda Amongst the issues which have become increasingly relevant to both recent academic debate and popular culture the author tackles the role of the journalist in war coverage the place of the press in a news market dominated by instant visual media and the effectiveness of propaganda in specific cultural and political context This book will appeal to advanced students and researchers in war studies media studies propaganda and psychology Defend the Realm Christopher Andrew, 2009-11-03 For over 100 years the agents of MI5 have defended Britain against enemy subversion Their work has remained shrouded in secrecy until now This first ever authorized account reveals the British Security Service as never before its inner workings its clandestine operations its failures and its triumphs SAS Heroes Pete Scholey, 2011-12-20 SAS Heroes contains former SAS member Pete Scholey s memories of 20 soldiers who were genuine heroes although many were never recognised as such during their lives or even in death It is a book of stories about soldiers who fought for their country with no desire to be famous feted or rewarded many of whom died in action A few received medals and all earned the respect and admiration of their fellow soldiers their names and faces etched into the true history of the SAS Some of the stories of Pete s heroes have

never been told before and certainly none of the tales of combat and life in the regiment have been told in such a touching real and compelling manner

The SBS in World War II Gavin Mortimer, 2013-09-20 The Special Boat Squadron was Britain's most exclusive Special Forces unit during World War II. Highly trained, totally secretive and utterly ruthless, the SBS was established as an entity in its own right in early 1943, having previously operated under the auspices of the SAS during the war in North Africa. Unlike its sister unit, which numbered more than 1,000 men, the SBS never comprised more than 100. Led by men such as the famed Victoria Cross recipient Anders Lassen, the SBS went from island to island in the Mediterranean, landing in the dead of night in small fishing boats and launching savage hit and run raids on the Germans. By the end of the war, they had served in Italy, the Balkans, and mainland Greece, and following the cessation of hostilities, their deeds were airbrushed out of history by an establishment that had never warmed to their piratical exploits. Through unrivalled access to the SBS archives and interviews with the surviving members of the unit, Gavin Mortimer has pieced together the dramatic exploits of this elite fighting force, fully illustrated with images of their daring actions, finally granting the unit the recognition they so richly deserved.

Oman's Insurgencies John Peterson, 2014-05-22 Oman today is a rapidly modernizing and peaceful country on the fringes of a region in turmoil. It does, however, have a long history of internal strife. In the twentieth century, this strife took the form of two internal conflicts. The Northern Oman or al-Jabal al-Akhdar War of the 1950s was a struggle between the forces of the old tribally based Imamate and the newer Sultanate in the northern part of the country. In the Dhufar War of the 1960s-70s, an anti-Sultanate and later Marxist front sought secession in the south. J. E. Peterson takes a detailed look at these two wars in the context of insurgency and counter-insurgency warfare. He surveys Oman's transition from a strictly traditional regime controlling only parts of the country to a modern inclusive state, particularly in terms of security concerns. Peterson analyses the development of the Sultanate's successful responses to security challenges, especially in the creation and evolution of modern armed forces.

Nasser at War L. James, 2006-10-02 From his 1956 Suez triumph to the 1967 defeat, President Nasser of Egypt dominated the Arab revolution. Drawing on new Arabic material, this history casts a fresh light on Nasser's era and legacy of conflict and provides an essential background to developments in the contemporary Arab world.

Falklands/Malvinas 1982 María Inés Tato, Peter Stanley, Luis Esteban Dalla Fontana, Rob McLaughlin, 2023-03-07 After four decades from the 1982 war between Britain and Argentina over possession of the Falklands/Malvinas islands in the South Atlantic Ocean, this book allows for a new and rounded reading of the causes, course, and consequences of the war. It provides a comprehensive overview of the Falkland/Malvinas War by integrating the military history of the conflict into the diplomatic, political, social, and cultural aspects of the war. Including a substantial body of advocacy, chronicle, narrative, and analysis, the volume draws upon an extensive range of published sources in English and Spanish, primary sources from both sides, and unpublished testimonies. The book, written by Argentine and Australian historians and scholars, discusses themes such as the background to the war, the offensive campaign for the islands,

and the English and Argentine experiences and memories of the war from the perspective of the islanders Being part of the Wars and Battles of the World series this book will be an essential read for scholars and researchers of military history British history Latin American history defence and strategic studies geopolitics and modern history
