**Luther's Works: Index** Martin Luther,1955      **Works. Index** Martin Luther,1986      Luther's Works Martin Luther,1986      *Luther's Works* Martin Luther,1986      **Standard Edition of Luther's Works** Martin Luther,1903

*Martin Luther* Bernhard Lohse,1986 Attention is given to major writings relative importance genre and historical context Guides reader through significant issues in Luther s theology and discusses contributions      **Luther's Works** Martin Luther,1986      **Theological quarterly** ,1909      Biblical Counsel ,1993      Philosophical Justice and Reformation Righteousness Risto Saarinen,2025-04-01 The churches of the Reformation highlight the righteousness of faith Iustitia Dei as the core of their theology Martin Luther formulated this doctrine as an alternative to the Aristotelian virtue of justice This volume shows however that many different versions of philosophical justice circulated in Luther s days Some of them already affirm the relational features that characterize later Reformation theology As Protestant scholarship has not attended to the philosophical commentaries on Aristotle and the formative impact of Anselm and John Duns Scotus in philosophy and theology the medieval background of imputative and forensic righteousness is much broader than earlier studies assume This volume argues that a new historical paradigm of Iustitia Dei can be outlined by investigating the complex interaction between Anselmian and Aristotelian thought available in late medieval and Renaissance commentaries The philosophical trajectory of justice underwent a profound transformation before the sixteenth century While Thomas Aquinas considers that the just is the object of justice later scholastic commentators affirm an increasingly subjective and voluntary constitution of justice In Franciscan thinking this development leads to a view in which the interplay between the lord and the subjects defines the realm of justice On the one hand this interplay is connected to biblical views and the teaching of Anselm On the other it permeates the early modern considerations of justice Therefore the new paradigm outlined in this study influences both Reformation theology and the broader intellectual history of justice in Western thought      *The Expository Times* James Hastings,Ann Wilson Hastings,Edward Hastings,1905      **Printing, Propaganda, and Martin Luther** Mark U. Edwards, Jr., A study of Protestant and Catholic pamphlets published in Strasbourg during the early years of the Reformation looks at Martin Luther s use of the recently invented printing press and his dominance of the new medium      **Works of Martin Luther** Martin Luther,1915      For All the Saints Robert Kolb,2020-06-03 Martyrs have long played a vital role in Christian life thought theology and piety Robert Kolb an acknowledged authority on the history of the Lutheran Reformation in Germany offers a thorough and illuminating analysis of the way German Lutherans changed the perceptions of martyrdom and sainthood Protestant reformers professed that providential power over daily human life was reserved for God alone and that mediation with God is provided by Jesus Christ alone Martyrs and saints could no longer be worshiped or act as intercessors But this did not mean their absence from the faith and piety of sixteenth century Protestants Instead holy people were regarded as those who confessed the word and in that confession demonstrated and advertised the power of God This

book arose in response to some vexing questions Why is the first of a long and distinguished line of Protestant martyrologists Ludwig Rabus the least noted Why would he a German Lutheran have composed a book of martyrs Kolb suggests that the answers are complex they involve differences in historical and political situations and in specific dogmatic emphases of each reformation Kolb s diligent research led him well beyond Rabus s martyrbook His work encompasses material from the writings and biographies of Luther and Melanchthon Wittenberg chronicles and calendars and hymns and songs The analysis of this material makes a significant contribution to the understanding of the Lutheran Reformation and of the changing roles of saints and martyrs in the history of Christianity
