witchcraft in the hopes that these gaps in knowledge may be filled and it's the author's intention to make Witchcraft Unchained Exploring the History Traditions of British Craft the book that will do just that By addressing the metaphorical chains that have found their way into our community and restoring what has been lost misunderstood or made inaccessible the reader can become empowered with new thoughts which will allow them to connect with their magic on a deeper and more personal level

Beyond 2012: Catastrophe or Awakening? Geoff Stray, 2009-05-21 An illustrated encyclopedic overview of the prophecies calendars and theories that indicate the year 2012 is a threshold of great change for humanity Looks at the scientific and anthropological evidence for the rare galactic alignment due to occur in December 2012 Sifts through the catastrophic theories to show what we might really expect in 2012 In December of 2012 the Mayan Calendar's Great Cycle will come to an end Opinion remains divided as to whether apocalyptic scenarios of worldwide destruction or utopian visions of a spiritually renewed humanity will prevail after this key date has passed What is certain however is that a rare galactic alignment will occur one so unique that it is found at the core of many wisdom traditions from around the globe Geoff Stray has been collecting the vast amounts of data relating to the 2012 phenomena since 1982 Far from confining his research to the Maya who provide the most prominent predictions indicating this date will herald significant changes for humanity he has studied the prophetic traditions of other cultures including the Tibetan Chinese Jewish Ethiopian and tribal cultures from around the globe to show the kind of convergence of cosmic purposes happening along a number of parallel tracks This book offers an extensive study of many modern theories including Terence McKenna's timewave zero and Maurice Cotterell's sunspot research as well as anomalous phenomena such as near death experiences and crop circles Sifting through all the scientific research and speculation that the year 2012 has inspired Geoff Stray provides an encyclopedic look at what we might really expect on this pivotal date

**The Inner Church is the Hope of the World** Nicholas Laccetti, 2018-08-09 Throughout history Western esoteric movements have provided meaning and power for what the Rosicrucians of the early modern period called the quest for Universal Reformation the utopian restructuring of religion science the arts and human society Yet Western esotericism has been roundly ignored as a source of reflection in mainstream Christian theology including the radical theologies of liberation that might otherwise see in esotericism a kindred spirit to their commitment to radical social change In The Inner Church is the Hope of the World guided by his work in contemporary movements for social change Nicholas Laccetti puts Western esotericism in dialogue with liberation theology treating esotericism as a legitimate source of spiritual and theological insight If as Gustavo Guti rrez writes God is revealed in history then we will also encounter God within the particular history of human religious expression that is Western esotericism And from these theological reflections the Inner Church of the esotericists occultists and mystics is revealed to be the true ekklesia of all who have conformed themselves to God's vision of freedom and liberation and who struggle to enact that vision in human society The Inner Church is truly the hope of the world
