Major Problems In The History Of The Vietnam War:

Major Problems in the History of the Vietnam War Robert J. McMahon, 1990 Designed to encourage critical thinking about history the Major Problems in American History series introduces students to both primary sources and analytical essays on important topics in U S history Major Problems in the History of the Vietnam War incorporates a spate of new research and a number of recently declassified documents concerning the Vietnam War **Politically Incorrect Guide to the Vietnam War** Phillip Jennings, 2010-02-02 The Vietnam War was a tragic and dismal failure at least that is what the mainstream media and history books would have you believe Yet Phillip Jennings sets the record straight in The Politically Incorrect Guide to the Vietnam War In this latest P I G Jennings shatters culturally accepted myths and busts politically incorrect lies that liberal pundits and leftist professors have been telling you for years The Vietnam War was the most important and successful campaign to defeat Communism Without the sacrifices made and the courage displayed by our military the world might be a different place The Politically Incorrect Guide to the Vietnam War reveals the truth about the battles players and policies of one of the most controversial wars in U S history Mcmahon Major Problems In The History of The Vietnam War 3rd Ed + Griffith Major Problems In American History Since 1945 3rd Ed , 2007 Mcmahon Major Problems in the History of the Vietnam War Third Edition plus Griffith Major Problems in American History Since Nineteen Fortyfivethird Edition Houghton Mifflin College Division, 2007-08-01 **The Road to War** Marvin Kalb, 2013-05-10 The Road to War examines how presidential commitments can lead to the use of American military force and to war Marvin Kalb notes that since World War II presidents have relied more on commitments public and private than they have on declarations of war even though the U S Constitution declares rather unambiguously that Congress has the responsibility to declare war Major Problems in the History of American Technology Merritt Roe Smith, Gregory K. Clancey, 1998 What is technology New worlds of technique Native Americans and Europeans ca 1600 1770 Debate over manufactures in the Early Republic 1785 1820 Inside factory systems 1820 1885 Second Nature steam space and an new world order 1840 1900 Telephony 1872 1914 Inventing efficiency scientific management ca 1900 1939 Ford automobility and mass production 1908 1941 Toys were us invention and technological acculturation in hobbyist worlds 1900 1940 Pest war the shifting use and meaning of insecticides 1940 1990 Military Industrial University complex 1945 1990 Countdown to cyberspace 1974 1990 **Major Problems in the History of World War II** Mark A. Stoler, Melanie S. Gustafson, 2003 This text presents a carefully selected group of readings that allow students to evaluate primary sources test the interpretations of distinguished historians and draw their own conclusions The volume covers World War II from the homefront and the battlefield examining both the military and social impact of the war **Understanding and Teaching the Vietnam War** John Day Tully, Matthew Masur, Brad Austin, 2013-10-07 Part One Reflections on Teaching the Vietnam War Part Two Methods and Sources Part Three Understanding and Teaching Specific Content **Rethinking the American Anti-War Movement** Simon Hall, 2012-04-23

Between 1965 and 1973 hundreds of thousands of ordinary Americans participated in one of the most remarkable and significant people's movements in American history. Through marches, rallies, draft resistance, teach-ins, civil disobedience, and non-violent demonstrations at both the national and local levels, Americans vehemently protested the country's involvement in the Vietnam War. **Rethinking the American Anti War Movement** provides a short, accessible overview of this important social and political movement, highlighting key events and key figures, the movement's strengths and weaknesses, how it intersected with other social and political movements of the time, and its lasting effect on the country. The book is perfect for anyone wanting to obtain an introduction to the Anti War movement of the twentieth century. **America in the World** Frank

Costigliola, Michael J. Hogan, 2013-12-23 This volume includes historiographical surveys of American foreign relations since 1941 by some of the country's leading historians. Some of the essays offer sweeping overviews of the major trends in the field of foreign international relations history. Others survey the literature on US relations with particular regions of the world or on the foreign policies of presidential administrations. The result is a comprehensive assessment of the historical literature on US foreign policy that highlights recent developments in the field. **Building Ho's Army** Xiaobing Li, 2019-09-10 Built upon a solid foundation of sources, memoirs, and interviews, this study sheds new light on China's efforts in the Vietnam War. Utilizing secondary works in Chinese, Vietnamese, and Western languages, and the author's own familiarity as a former member of the Chinese People's Liberation Army, this examination expands the knowledge of China's relations with the North Vietnamese Army (NVA) during the 1950s and 1960s. As a communist state bordering Vietnam, China actively facilitated the transformation of Ho Chi Minh's army from a small, loosely organized, poorly equipped guerrilla force in the 1940s into a formidable, well-trained professional army capable of defeating first the French (1946-1954) and then the Americans (1963-1973). Even after the signing of the Geneva Peace Agreement, China continued to aggressively support Vietnam. Between 1955 and 1963, Chinese military aid totaled 106 million, and these massive contributions enabled Ho Chi Minh to build up a strong conventional force. After 1964, China increased its aid and provided approximately 20 billion more in military and economic aid to Vietnam. Western strategists and historians have long speculated about the extent of China's involvement in Vietnam, but it was not until recently that newly available archival materials revealed the true extent of China's influence, its level of military assistance, training, strategic advising, and monetary means during the war. This illuminating study answers questions about China's intention, objective strategy, and operations of its involvement in the Vietnam Wars. **Explaining the**
