Making Constitutional Law Thurgood Marshall And The Supreme Court 1961 1991:

Making Constitutional Law Mark V. Tushnet, 1997 Following on Making Civil Rights Law which covered Thurgood Marshall's career from 1936 1961 this book focuses on Marshall's career on the Supreme Court from 1961 1991 where he was first Afro American Justice The first book on Justice Thurgood Marshall's years on the Supreme Court based on a comprehensive review of the Supreme Court papers of Justices Marshall and William J Brennan this work describes Marshall's special approach to constitutional law in areas ranging from civil rights and the death penalty to abortion and poverty It also describes the Supreme Court's operations during Marshall's tenure the relations among the justices and the particular roles played by Chief Justice Warren Burger Justice Brennan and Justice Antonin Scalia The book locates the Supreme Court's actions from 1967 to 1991 in a broader historical and political context explaining how Marshall's liberalism became increasingly isolated on a Court influenced by nation's drift in a more conservative direction *The Supreme Court and the Development of Law* Christopher E. Smith, 2016-08-25 This book illuminates the decision making processes of the US Supreme court through an examination of several prisoners rights cases In 1964 the Supreme Court declined to hear prisoners claims about religious freedom In 2014 the Supreme Court heard a case that led to the justices unanimous endorsement of a Muslim prisoner's religious right to grow a beard despite objections from prison officials In the fifty year span between those two events the Supreme Court developed the law concerning rights for imprisoned offenders As demonstrated in this book the factors that shape Supreme Court decision making are well illustrated by prisoners rights cases This area of law illuminates competing approaches to constitutional interpretation behind the scenes interactions among the justices and the manipulation of legal precedents External actors also affect the Supreme Court and its decisions when the president appoints new justices and Congress targets the judiciary with legislative enactments Because of the controversial nature of prisoners rights issues these cases serve to illuminate the full array of influences over Supreme Court decision making **The Supreme Court in a Separation of Powers System** Richard Pacelle, 2015-01-09 The U S Supreme Court is not a unitary actor and it does not function in a vacuum It is part of an integrated political system in which its decisions and doctrine must be viewed in a broader context In some areas the Court is the lead policy maker In other areas the Court fills in the gaps of policy created in the legislative and executive branches In either instance the Supreme Court's work is influenced by and in turn influences all three branches of the federal government as well as the interests and opinions of the American people Pacelle analyzes the Court's interaction in the separation of powers system detailing its relationship to the presidency Congress the bureaucracy public opinion interest groups and the vast system of lower courts The niche the Court occupies and the role it plays in American government reflect aspects of both the legal and political models The Court has legal duties and obligations as well as some freedom to exercise its collective political will Too often those studying the Court have examined it in isolation but this book urges scholars and students alike to think more broadly

and situate the highest court as the balance wheel in the American system **From the Grassroots to the Supreme Court** Peter F. Lau, 2004-12-07 Combines legal and historical analysis to address the implications of Brown v Board of Education showing that the resolution of racial segregation in schools transformed the lives of ordinary citizens in broader ways than has previously been assumed *Make Haste Slowly* William Henry Kellar, 1999 *Liberation and the Cosmos* Barbara A. Holmes, 2023-02-28 The rich legacy of black critical thought creative expression and religious reflection come together in these creatively imagined conversations between the elders about the shape and conditions of Black liberation Barbara A Holmes has defined key issues of freedom and identity hypothesizing a meeting of the ancestors assembled on the other side to discuss them Imagine a conversation between Barbara Jordan and Thurgood Marshall on what freedom looks like in relation to law and politics Or between Tupac Shakur Nina Simone and James Baldwin on art culture and liberation Malcolm X and Harriet Tubman discuss freedom and wholeness while Audre Lorde Fannie Lou Hamer and George Washington Carver talk about liberated bodies These imagined dialogues open up rich reflection and insight and offer a unique vantage point for understanding the luminaries of liberation down through the generations An important resource for the contemporary task of Black liberation Encyclopedia of the Sixties Abbe A. Debolt, James S. Baugess, 2011-12-12 Comedian Robin Williams said that if you remember the 60s you weren't there This encyclopedia documents the people places movements and culture of that memorable decade for those who lived it and those who came after Encyclopedia of the Sixties A Decade of Culture and Counterculture surveys the 1960s from January 1960 to December 1969 Nearly 500 entries cover everything from the British television cult classic The Avengers to the Vietnam War and the civil rights movement The two volume work also includes biographies of artists architects authors statesmen military leaders and cinematic stars concentrating on what each individual accomplished during the 1960s with brief postscripts of their lives beyond the period There was much more to the Sixties than flower power and LSD and the entries in this encyclopedia were compiled with an eye to providing a balanced view of the decade Thus unlike works that emphasize only the radical and revolutionary aspects of the period to the exclusion of everything else these volumes include the political and cultural Right taking a more academic than nostalgic approach and helping to fill a gap in the popular understanding of the era **Like a Loaded Weapon** Robert A. Williams, 2005-11-10 Robert A Williams Jr boldly exposes the ongoing legal force of the racist language directed at Indians in American society Fueled by well known negative racial stereotypes of Indian savagery and cultural inferiority this language Williams contends has functioned like a loaded weapon in the Supreme Court's Indian law decisions Beginning with Chief Justice John Marshall's foundational opinions in the early nineteenth century and continuing today in the judgments of the Rehnquist Court Williams shows how undeniably racist language and precedent are still used in Indian law to justify the denial of important rights of property self government and cultural survival to Indians Building on the insights of Malcolm X Thurgood Marshall and Frantz Fanon Williams argues that racist language has been employed by the courts to legalize a uniquely American form

of racial dictatorship over Indian tribes by the U S government Williams concludes with a revolutionary proposal for reimagining the rights of American Indians in international law as well as strategies for compelling the current Supreme Court to confront the racist origins of Indian law and for challenging bigoted ways of talking thinking and writing about American Indians Robert A Williams Jr is professor of law and American Indian studies at the James E Rogers College of Law University of Arizona A member of the Lumbee Indian Tribe he is author of *The American Indian in Western Legal Thought The Discourses of Conquest* and coauthor of *Federal Indian Law*

Oliver Wendell Holmes Jr. and Legal Logic Frederic R. Kellogg,2018-03-16 With Oliver Wendell Holmes Jr and *Legal Logic* Frederic R Kellogg examines the early diaries reading and writings of Justice Oliver Wendell Holmes Jr 1841 1935 to assess his contribution to both legal logic and general logical theory Through discussions with his mentor Chauncey Wright and others Holmes derived his theory from Francis Bacon s empiricism influenced by recent English debates over logic and scientific method and Holmes s critical response to John Stuart Mill s 1843 *A System of Logic* Conventional legal logic tends to focus on the role of judges in deciding cases Holmes recognized input from outside the law the importance of the social dimension of legal and logical induction how opposing views of many minds may converge Drawing on analogies from the natural sciences Holmes came to understand law as an extended process of inquiry into recurring problems Rather than vagueness or contradiction in the meaning or application of rules Holmes focused on the relation of novel or unanticipated facts to an underlying and emergent social problem Where the meaning and extension of

legal terms are disputed by opposing views and practices it is not strictly a legal uncertainty and it is a mistake to expect that judges alone can immediately resolve the larger issue
