Theorizing Scriptures Vincent Wimbush, 2008-01-04 Historically religious scriptures are defined as holy texts that are considered to be beyond the abilities of the layperson to interpret Their content is most frequently analyzed by clerics who do not question the underlying political or social implications of the text but use the writing to convey messages to their congregations about how to live a holy existence In Western society moreover what counts as scripture is generally confined to the Judeo Christian Bible leaving the voices of minorities as well as the holy texts of faiths from Africa and Asia for example unheard In this innovative collection of essays that aims to turn the traditional bible study definition of scriptures on its head Vincent L Wimbush leads an in depth look at the social cultural and racial meanings invested in these texts Contributors hail from a wide array of academic fields and geographic locations and include such noted academics as Susan Harding Elisabeth Sh ssler Fiorenza and William L Andrews Purposefully transgressing disciplinary boundaries this

ambitious book opens the door to different interpretations and critical orientations and in doing so allows an ultimately humanist definition of scriptures to emerge *Reading the Sacred Scriptures* Fiachra Long, Siobhán Dowling Long, 2017-07-14 *Reading the Sacred Scriptures From Oral Tradition to Written Documents and their Reception* examines how the scriptures came to be written and how their authority has been constructed and reinforced over time Highlighting the measures taken to safeguard the stability of oral accounts this book demonstrates the care of religious communities to maintain with reverence their assembled parchments and scrolls Written by leading experts in their fields this collection chronicles the development of the scriptures from oral tradition to written documents and their reception It features notable essays on the scriptures of Hinduism Judaism Buddhism Zoroastrianism Confucianism Daoism Christianity Islam Sikhism Shinto and Baha i This book will fascinate anyone interested in the belief systems of the featured religions It offers an ideal starting point from which undergraduate and postgraduate religious studies students teachers and lecturers can explore religious traditions from their historical beginnings *If All the World Were Paper* Tyler W. Williams, 2024-10-01 How do writing and literacy reshape the ways a language and its literature are imagined *If All the World Were Paper* explores this question in the context of Hindi the most widely spoken language in Southern Asia and the fourth most widely spoken language in the world today Emerging onto the literary scene of India in the mid fourteenth century the vernacular of Hindi quickly acquired a place alongside classical languages like Sanskrit and Persian as a medium of literature and scholarship The material and social processes through which it came to be written down and the particular form that it took as illustrated storybooks loose leaf textbooks personal notebooks and holy scriptures played a critical role in establishing Hindi as a language capable of transmitting poetry erudition and even revelation *If All the World Were Paper* combines close readings of literary and scholastic works with an examination of hundreds of handwritten books from precolonial India to tell the story of Hindi literature s development and reveal the relationships among ideologies of writing material practices and literary genres Tyler W Williams forcefully argues for a new approach to the literary archive demonstrating how the ways books were inscribed organized and used can tell us as much about their meaning and significance as the texts within them This book sets out a novel program for engaging with the archive of Hindi and of South Asian languages more broadly at a moment when much of that archive faces existential threats *The Making of India* Abdullah Yusuf Ali, 1925 *The Bhagats of the Guru Granth Sahib* Pashaura Singh, 2002-12-27 This book offers an analysis of key issues concerning the phenomenon of scriptural adaptation It offers a new understanding of religious pluralism stressing the need to enter into dialogue with an open attitude by honoring the individual commitments and maintaining differences in mutual respect and dignity

Literary Cultures in Early Modern North India Imre Bangha, Danuta Stasik, 2024-06-11 *Literary Cultures in Early Modern North India* Current Research grows out of over a 40 year tradition of the triennial International Conferences on Early Modern Literatures in North India ICEMLNI initiated to share Bhakti in current research This volume brings together a

selection of contributions from some of the leading scholars as well as emerging researchers in the field originally presented at the 13th ICEMLNI University of Warsaw 18-22 July 2018. Considering innovative methodologies and tools, the volume presents the current state of research on early modern sources and offers new inputs into our understanding of this period in the cultural history of India. This collection of essays is in the tradition of Bhakti in current research volumes produced from 1980 onward but reflecting our current understanding of early modern textualities. The book operates on the premises that the centuries preceding the colonial conquest of India, which in scholarship influenced by orientalist concepts has often been referred to as medieval, however, these languages already participated in modernity through increased circulation of ideas, new forms of knowledge, new concepts of the individual, of the community and of religion. The essays cover multiple languages: Indian vernaculars, Sanskrit, Apabhramsha, Persian, different media, texts, performances, paintings, music, and traditions: Hindu, Jain, Muslim, Sant, Sikh, analyzing them as individual phenomena that function in a wider network of connections at textual, intertextual, and knowledge system levels.

The Sikh View on Happiness Kamala Elizabeth Nayar, Jaswinder Singh Sandhu, 2020-04-16. Sukhmani, The Pearl of Happiness, is a popular Sikh text by Guru Arjan which inculcates the Sikh religious ethos and philosophical perspective on wellbeing and happiness. The book features a new translation of this celebrated Sikh text and provides the first in-depth analysis of it. *The Sikh View on Happiness* begins with an overview of the nature of suffering and the attainment of happiness in Indian religions. This provides the foundation for the examination of the historical, social, and religious context of the Sukhmani and its contribution to the development of the Sikh tradition. In addition to exploring the spiritual teachings of the Sukhmani, Nayar and Sandhu draw upon the Sikh understanding of the mind, illness, and wellbeing to both introduce key Sikh psychological concepts and illustrate the practical application of traditional healing practices in the contemporary context. In doing so, they highlight the overlap of the teachings in the Sukhmani with concepts and themes found in Western psychotherapy, such as mindfulness, meaningful living, and resilience.

Interrogating Marginalities across Disciplinary Boundaries Anna Bochkovskaya, Sanjukta Das Gupta, Amit Prakash, 2024-12-18. This volume adopts an interdisciplinary approach to rethink the multiple dimensions of marginality: political, societal, economic, cultural, legal, and spatial. It explores their new representations in colonial and post-colonial India. Departing from extant analyses of experiences of marginalization in diverse social groups, it proposes to problematize the conceptualization of marginality, focusing on its evolution through space and time. A relational position, marginality, it is argued, presupposes a confrontation with centrality or the mainstream within a common discourse of knowledge and power. The volume emphasizes that the process of marginalization is not a marginal phenomenon and draws attention to the historical processes which determine, establish, and perpetuate the margins. The book reflects on varied aspects of evolving marginalities: structural, cultural, and psychological, in South Asia, in diverse temporal, spatial, or societal contexts. It examines the discourses, institutional mechanisms, and economic processes within which marginalities are located. This work will be an

important read for scholars and researchers of history anthropology subaltern studies exclusion studies South Asian history post colonial studies political studies Indian history cultural studies and history in general **The Death of Sacred Texts**

Kristina Myrvold, 2016-03-09 The Death of Sacred Texts draws attention to a much neglected topic in the study of sacred texts the religious and ritual attitudes towards texts which have become old and damaged and can no longer be used for reading practices or in religious worship This book approaches religious texts and scriptures by focusing on their physical properties and the dynamic interactions of devices and habits that lie beneath and within a given text In the last decades a growing body of research studies has directed attention to the multiple uses and ways people encounter written texts and how they make them alive even as social actors in different times and cultures Considering religious people seem to have all the motives for giving their sacred texts a respectful symbolic treatment scholars have paid surprisingly little attention to the ritual procedures of disposing and renovating old texts This book fills this gap providing empirical data and theoretical analyses of historical and contemporary religious attitudes towards and practices of text disposals within seven world religions Judaism Islam Christianity Hinduism Buddhism Jainism and Sikhism Exploring the cultural and historical variations of rituals for religious scriptures and texts such as burials cremations and immersion into rivers and the underlying beliefs within the religious traditions this book investigates how these religious practices and stances respond to modernization and globalization processes when new technologies have made it possible to mass produce and publish religious texts on the Internet

Music in Colonial Punjab Radha Kapuria, 2023-04-15 This book offers the first social history of music in undivided Punjab 1800 1947 beginning at the Lahore court of Maharaja Ranjit Singh and concluding at the Patiala royal darbar It unearths new evidence for the centrality of female performers and classical music in a region primarily viewed as a folk music centre featuring a range of musicians and dancers from mirasis bards and kalawants elite musicians to kanjris subaltern female performers and tawaifs courtesans A central theme is the rise of new musical publics shaped by the anglicized Punjabi middle classes and British colonialists response to Punjab s performing communities The book reveals a diverse connoisseurship for music with insights from history ethnomusicology and geography on an activity that still unites a region now divided between India and Pakistan

Culture and Circulation , 2014-03-13 Culture and Circulation reflects an innovative approach to early modern Indian literature The authors foreground the complex hybridity of literary genres and social milieus capturing elements that have eluded traditional literary history In this book jointly edited by Thomas de Bruijn and Allison Busch Hindi authors rub shoulders with their Persian counterparts in the courts of Mughal India the fame of Mirabai a poetess from Rajasthan travels to Punjab the sayings of Kabir are found to be as difficult to pin down as the holy men who transmitted them Drawing on new archives in several Indian languages Culture and Circulation presents fresh ideas that will be of interest to scholars of Indian literature religious studies and early modern history Contributors include Stefano Pell Thibaut d Hubert Corinne Lef vre John Stratton Hawley Gurinder Singh Mann Thomas de Bruijn Catharina

Posthumous Editing of a Great Master's Work: Special Focus on the Writings of A C Bhaktivedanta Swami Prabhupada examines how a leading figure's hallowed written and published works which remain so important to the religious community should be editorially treated following the leader's departure from this world. The volume addresses the theological, ethical, social, and legal implications of posthumous editing and even improving a great master's works. This book focuses on the extensive posthumous editing of the works of A C Bhaktivedanta Swami Prabhupada, the original world teacher of Krishna bhakti of the twentieth century. After Swami Prabhupada departed from this world, some of his disciples, without the expressed approval of the author, attempted to improve on his authorized published work, which resulted in the publication of a continuing series of inauthentic altered editions. This extreme editing of Swami Prabhupada's works precipitated the scholarly research and inquiry into the posthumous editing of a great master's work that forms the basis of this book.
